Mission, Vision and Core Values

Mission

As a distinctive, comprehensive university of The Lutheran Church–Missouri Synod, centered in the Gospel of Jesus Christ and based in the liberal arts, Concordia University Chicago equips men and women to serve and lead with integrity, creativity, competence and compassion in a diverse, interconnected and increasingly urbanized church and world.

Vision

Rooted in its Christian heritage of engaging knowledge and faith, Concordia University Chicago aspires to be the Destination University for all seeking to develop their full individual potential through a distinctive, innovative and dynamic environment of exploration, creativity and discovery for leading lives of servant-minded leadership.

Core Values

We at Concordia University Chicago embrace these Core Values as essential to living together in a vibrant and influential Christian academic community and as productive citizens of the Church and world.

- **Christian Faith**
The Christian faith is an integral part of our community.
- **The Individual**
As a member of God's creation each person is unique and is blessed with inherent worth.
- **Excellence**
We strive for excellence in who we are and what we do.
- **Integrity**
Our community demonstrates the accord between our beliefs and practices.
- **Service**
Recognizing and addressing the needs of others is a response to God's love for us and a reflection of God's love for them.

General Information

Concordia University Chicago was founded in Addison, IL, in 1864. In 1913, the campus was relocated to its current, beautiful 40-acre site in River Forest, IL.

The College of Education

The original mission of Concordia-Chicago was to prepare educators for Lutheran elementary schools across the country. Today that strong tradition continues and has been expanded to include preparation for public school teachers. Accreditation by the Council for the Accreditation of Education Programs and approval of all education programs from the state of Illinois highlight and recognize the excellence of the undergraduate and graduate programs of education for those who desire to teach at the preschool, elementary, middle or secondary level. Concordia-Chicago's approved education programs provide Illinois state licensure by entitlement. The College also houses the Director of Christian Education Program, a course of study offered by Concordia-Chicago since the mid-1960s.

The College of Business

Our College of Business provides students with an innovative and truly world-class learning experience. Courses are taught by experienced business leaders and learned scholars, who assist their students throughout a rigorous but highly supported degree track, which allows them the option of a general or specialized business degree. By utilizing the latest technology, stressing the importance of integrity and engaging students with real-world business scenarios, our faculty and staff have established an exciting, well-rounded learning environment that prepares students for success in today's business world.

The College of Arts and Sciences

Concordia-Chicago strives to provide a solid, broad-based education rooted in the liberal arts and sciences that can open the door to important understandings for students pursuing professional programs in accounting, computer science, communication, exercise science and a host of other fields, as well as those desiring majors in pre-professional programs that will lead to further study in graduate or professional school. A total of 54 majors are included in the College of Arts and Sciences.

College of Innovation and Professional Programs

The College of Innovation and Professional Programs (CIPP) was founded in 2016 to serve students with new innovative opportunities to meet their learning interests and needs. In the fast-paced world of work and life demands, opportunities to access knowledge are invaluable to those who seek to advance their careers or pursue a lifelong dream of continuing their education. The Accelerated Degree Program (ADP) for Adults offers online numerous undergraduate management and kinesiology degrees. The College also offers advanced degrees at the master's and doctoral level.

The Campus Community

Located in the pleasant, tree-lined village of River Forest, Concordia-Chicago is just minutes from Chicago's Loop. This proximity to a world-class city provides a variety of opportunities for additional career, cultural, academic and social growth. Concordia-Chicago strives to provide a creative environment where horizons expand and where personal, social and spiritual growth can become reality. The availability of both urban Chicago areas and the surrounding suburbs increases students' awareness and ability to respond as responsible citizens in our world.

The mission of Concordia University Chicago is ultimately achieved in the lives of students. With a student body representing more than 30 different states and many foreign countries, CUC students come with an array of experiences and perspectives. In each college quality faculty and staff work to challenge a student body of approximately 1,200 undergraduate students and more than 3,700 graduate students. The low student-teacher ratio allows for smaller class sizes, creating a genuine, caring atmosphere where strong student-faculty relationships, facilitating learning and leadership development are built.

Campus residence halls house approximately 600 students who come to our campus from large cities as well as small towns and farming communities across the world, while nearly half of our students commute from their homes in the surrounding community.

The Campus Facilities

Concordia-Chicago's 40-acre campus holds 22 buildings, architecturally blending old and newer facilities.

The Walter and Maxine Christopher Center for Learning and Leadership is a state-of-the-art teaching facility that houses CUC's Early Childhood Education Center, the College of Education and the College of Graduate Studies. The first floor, designed to accommodate the specific needs of young children, serves as a daycare and preschool/kindergarten for the children of CUC students, faculty and staff as well as children of our community. More than a daycare or a school, this facility serves as a teaching laboratory for future teachers learning their craft at Concordia-Chicago. The second and third floors house faculty offices, conference rooms, testing rooms, methods classrooms, an educational resource library and a state-of-the-art lecture hall.

The Krentz Center, dedicated in the early 1990s, houses Bergmann Theatre, an intimate space used for workshops, theater labs and student-directed work, a television studio, radio station, photography laboratory, lecture hall and various classrooms.

Koehneke Community Center is the location of the cafeteria, Cougar Den, bookstore, post office, meeting rooms, student recreation areas and student government offices.

The Chapel of Our Lord/Clara and Spencer Werner Auditorium was designed as CUC's center for worship services and theatrical performances. This space continues to be occupied by worship activities, theater groups, rehearsal space and as a quiet location for meditation and prayer. Attached to the chapel is Kretzmann Hall, the home of the music, art and theology departments. This building also houses art, music and theology classrooms, the Elizabeth Ferguson Art Gallery, music practice rooms, rehearsal rooms and a music technology laboratory.

Other academic buildings include **Eifrig Hall**, used primarily for the natural and physical sciences, and **Addison Hall**, which encompasses the administrative offices of the University as well as classrooms upstairs.

The **Klinck Memorial Library** provides print and electronic resources to support the University curriculum. The collection is complemented by many academic, special and public libraries in the Chicagoland area.

Klinck Memorial Library is home to more than 160,000 books and audiovisual materials; 237 print periodical subscriptions, 480,000 ERIC microfiche documents and 50 electronic databases

with remote access. A special collection of musical scores, long-playing vinyl albums and CDs is also available for use by library patrons. There are 38 public computers, and wireless internet access is provided. A group study and rare book room, as well as the audiovisual listening and viewing center, are part of the library.

The Klinck Memorial Library is a member of the Metropolitan Library System, LIBRAS and CARLI. LIBRAS membership consists of 17 private college and university libraries located in the Chicago metropolitan area focusing on promoting cooperation, continuing education and networking among its members. CARLI member libraries share resources, including the I-Share online catalog, among 71 academic and research libraries. In addition, Concordia University Chicago is a member of the University Center of Lake County, which provides bachelor completion, graduate and advanced professional development programs to those who work and reside in Lake County.

Geiseman Gymnasium houses two gymnasiums, classrooms, athletic offices, the Fitness Center with cardiovascular and functional training equipment, two newly renovated weight rooms and a human performance laboratory. Outdoor athletic and recreational areas include a new all-weather track and football/soccer field, tennis courts and a field house/concession stand adjacent to softball and baseball fields.

The residence halls are **Concordia, Gross, Kohn, Lindemann, Brohm, Krauss** and **David Jonathan, Trusheim** and **Mary-Martha** halls.

Undergraduate Admission

Concordia University Chicago is a Lutheran, Christian university with academic programs based in the liberal arts. The University considers candidates for admission who demonstrate the ability to successfully complete a program of study. Candidates must exhibit attitudes, values and character that will positively contribute to the University's mission and environment.

All students enrolling at Concordia University Chicago are required to sign the honor code pledge:

"As a student of Concordia University Chicago and a member of the larger society, I pledge to uphold an academic honor code that supports serving and leading with strong personal integrity. Specifically this includes not cheating or using inappropriate or dishonest means to complete anything I do for a grade, program, or graduation requirement. This also includes giving unauthorized assistance to, or participating in inappropriate collaboration with others. I understand that this is a privilege and it is my responsibility to uphold actively this honor system. Furthermore, this pledge signifies that I will treat others with utmost respect within the classroom and on campus as I expect others to treat me."

High school seniors are encouraged to apply during the first semester of their senior year. However, students also may apply during the second semester. Freshmen are admitted only for the fall and spring semesters.

Transfer students should apply as early as possible, and may be admitted prior to the beginning of any semester. Transfer students applying for the adult degree completion program may apply at any time throughout the year and may be admitted prior to the beginning of the group cohort start date. Detailed information regarding admission requirements for the accelerated degree completion program are included in the College of Innovation and Professional Programs section of this catalog.

Concordia-Chicago reviews applications on a rolling basis. An offer of admission that is made to an applicant before the completion of the final term carries with it the understanding that the candidate will successfully complete that term of study. The University reserves the right to withdraw the offer of admission if the final report on the candidate is unsatisfactory.

All entering students who wish to enroll in a mathematics course at Concordia University Chicago are required to take the mathematics placement exam before they will be permitted to enroll in a mathematics or physics course. Typically this includes all incoming freshmen without Advanced Placement Calculus credit and transfer students who have not yet completed the mathematics requirements for their program. The placement exam is offered during the Jump Start Orientation Program and during the Weeks of Welcome prior to the start of classes.

Enrollment Deposit

An enrollment deposit of \$100, non-refundable after May 1, is required of all new degree-seeking undergraduate students and is applied in full to the tuition upon completion of course registration.

Admission requirements are outlined on the following pages; however, the Undergraduate Admission Committee reserves the right to request additional information or documentation to evaluate applicants for admission, e.g. supplemental references, personal interview, additional testing, etc.

Freshman Applicants

To be considered for admission as a new freshman, students must present the following:

- A completed application for admission
- An official high school transcript showing a high school grade-point average of at least 2.00 (4.00 scale) for 15 units (one unit=one year) of credit in a college preparatory curriculum at an accredited high school including:
 - English, 4 units
 - Mathematics, 3 units, including one unit algebra and one unit of geometry or equivalent (equaling 3 units)
 - Science, 2 units, including at least one lab science course from biology, chemistry, physics or equivalent
 - Social Science, 2 units
- An ACT composite of at least 20 or SAT (combined critical reading plus math) score of at least 1020. Concordia-Chicago's ACT code is 1004; the SAT code is 1140.
- A final, official high school transcript, complete with graduation date, must be submitted prior to enrollment in order to meet University, federal and state requirements.
- Final, official transcripts for any additional college work (if applicable) must be submitted prior to enrollment.
- First-time freshmen who have been out of high school for at least three years must present the following: final official high school transcript with graduation date, or written documentation of successful completion of the GED, HiSet, or TASC.

Transfer Applicants

Transfer applicants who have completed 15 or more semester hours must submit the following to be considered for admission:

- A completed application for admission
- Official transcripts of all college coursework from every post-secondary institution attended (this includes non-regionally accredited institutions), regardless of credits earned.
- A minimum cumulative college grade-point average of 2.00 (4.00 scale) for all prior college coursework and evidence of good academic standing at the last higher education institution attended.
- An official high school transcript if the college from which credit was earned does not have full regional accreditation

In addition to the requirements above, transfer applicants who have completed fewer than 15 semester hours (22.5 quarter hours) of college coursework must submit the following to be considered for admission:

- Official ACT or SAT score
- Official final high school transcript, complete with graduation date or written documentation of successful completion of the GED, HiSet, or TASC.

Transfer students who leave a college under any circumstance other than good standing may be required to submit a written statement explaining their prior academic difficulty and why they expect to be academically successful at Concordia University Chicago. In addition, CUC reserves the right to arrange an interview with a designated University staff member to discuss the above matters. Furthermore, the student may be asked to permit Concordia-Chicago personnel to talk with the Office of the Dean of Students at their former institution(s).

Illinois Articulation Initiative

Concordia University Chicago is a participant in the Illinois Articulation Initiative (IAI), a statewide agreement that allows transfer of the completed Illinois General Education Core Curriculum between participating institutions. Completion of the transferable General Education Core Curriculum at any participating college or university in Illinois assures transferring students that lower-division general education requirements for an associate's or bachelor's degree have been satisfied, excluding graduation and mission-related requirements. This agreement is in effect for students entering an associate or baccalaureate degree-granting institution as a first-time freshman in summer 1998 and thereafter. You can learn more about IAI at www.itransfer.org.

The University reserves the right to determine the number and type of transfer credits accepted toward the student's degree. The last two years of college work should be at the upper division level (general junior and senior-level courses). No more than 67 semester hours (100 quarter hours) of lower-division transfer credit from a junior/community college and/or senior college/university will be counted toward graduation, unless the student is participating in a recognized articulation agreement that allows for additional credit to be transferred. Please note that any AP or CLEP credit counts toward the 67 semester-hour limit.

One-half of all the credit hours in each major must be completed in residence. At least 32 semester hours of study at Concordia-Chicago are required to meet residency requirements, preferably the last year before graduation. A CUC student's cumulative grade-point average is calculated solely on courses taken at Concordia-Chicago. Transfer work is received as credit but not factored into the student's cumulative GPA.

Home School Applicants

Recognizing that not all students are educated in the same way, Concordia University Chicago welcomes applicants who have been educated through home schooling. To be considered for admission, home-schooled students must present the following:

- A completed application for admission
- An official transcript of all work completed
- A course syllabus and/or bibliography of materials studied for each course
- An official ACT composite score of at least 20 or an SAT (combined critical reading plus math) score of at least 1020 (Concordia-Chicago's ACT code is 1004; the SAT code is 1140)
- A statement of purpose from the director regarding the home school
- A certificate of completion or diploma from the home school
- Official transcripts of any college coursework from every college/university attended regardless of credits earned

Home-schooled students will be expected to have completed at least the same academic course pattern required of traditionally educated students: 4 units of English, 3 units of mathematics including one unit each of algebra and geometry or equivalent (totaling 3 units), 2 units of science, 2 units of social science and 4 additional college preparatory courses. Two years of the same foreign language are recommended. (Students choosing a liberal arts program who have not completed this requirement are required to take six semester hours of language at the college level).

Conditional Admission or Fresh Start

Conditional Admission: Students who do not meet the admission requirements may be considered for admission to the Fall Semester only at the discretion of the Assistant Vice President of Enrollment, in collaboration with the Committee for Admission and Academic Progress. The terms of admission will be stipulated individually for each student and outlined in the admission notification letter. All conditionally admitted students must comply with the stated requirements and will be limited to an enrollment of 12-14 credit hours in the first semester. Further, conditionally admitted students will be reviewed at the end of their first semester by the Committee for Admission and Academic Progress to monitor their academic progress. More information regarding conditional admission criteria may be obtained from the Office of Undergraduate Admission.

Fresh Start Status may be awarded to students with previous college credit who have not been in attendance at any college or university for a minimum of three years, and due to his/her prior academic record, would not meet regular admission standards. Such an applicant must submit the following to the Office of Undergraduate Admission:

- A written statement of explanation for the prior academic difficulty and why the student expects to be successful in collegiate study at Concordia University Chicago
- A completed application for admission
- An official high school transcript complete with date of graduation, or written documentation of successful completion of the GED, HiSet, or TASC.
- Official transcripts of all college coursework, regardless of credit hours earned
- A written recommendation from a professor, counselor or other professional (not a friend or relative) qualified to comment on the applicant's academic background and character
- A written recommendation from the applicant's current employer

Fresh Start students will be limited to a maximum course load of 12-14 semester hours per semester. Upon completion of at least 12 semester hours at CUC with a GPA of 2.25 or higher, the restriction on course load will be lifted.

College coursework of transfer students admitted under the Fresh Start status will be evaluated according to the transfer student policies. Former Concordia University Chicago students who are readmitted under the Fresh Start status will receive credit for earlier coursework completed at Concordia-Chicago. These courses will not be calculated in the student's cumulative GPA; an evaluation will also be done to determine which credits may apply toward the degree. Fresh Start students may apply for financial assistance.

International Student Applicants

All applicants are required to meet the regular admission standards listed. In addition, the following are required of all international applicants:

- Proof of English Proficiency: 72 (internet-based) on the Test of English as a Foreign Language (TOEFL), 6.0 on the International English Language Testing System (IELTS), 6.0 on Password Skills, Michigan test score of at least 85, or successful completion of Level 112 at an ELS Language School (ELS) or certificate of Completion of Program from an English Language Institute (ELI), along with a recommendation of the program director, or King George International College (KGIC) English for Post-Secondary Education (EPE) final proficiency test scores of 75% with a passing class score of 80 will also be accepted for language proficiency.

- If the applicant has graduated from or will graduate from a U.S. high school prior to enrollment, then an official ACT or SAT score report that meets our Freshman applicant admission standards must be submitted and no additional proof of English Proficiency is necessary.
- An international applicant who has completed at least 15 graded semester hours of college-level credit from a regionally accredited U.S. college or university may be exempt from the Proof of English Proficiency standards listed above provided the student transfers directly to Concordia-Chicago from that institution without taking an academic term off (other than a summer session) between the last semester of attendance at that institution and enrolling at Concordia University Chicago.
- Certified English translations of all transcripts originally prepared in any other language. (The student will be responsible for having the English translations evaluated by a professional transcript evaluator as determined by the University if the institution is not accredited by a U.S. regional accrediting body).
- Proof of graduation from a secondary school.
- A certified document guaranteeing adequate financial support for at least the student's first year of study and, barring any unforeseen circumstances, adequate funding from the same or an equally dependable source for subsequent years.
- For students transferring from a school in the United States—a transfer verification form.
- A physical exam, adequate medical insurance and proof of immunization are required prior to enrollment

The undergraduate admission office must receive all documents at least two months prior to the expected term of enrollment. I-20 forms will be issued only after acceptance is granted and will remain in effect only for those who continue to make satisfactory progress as full-time students in an accepted program. The program length may vary for each student.

Received Document Policy

The undergraduate admission office does not release received documents such as transcripts, ACT/SAT scores, *etc.*, that have become the property of Concordia University Chicago. Since Concordia-Chicago is not the official, legal custodian of record for any documents that did not originate at the institution, the office does not have the appropriate authority to release them. Therefore, please contact the originating institution or organization that produced the original records in order to obtain such documents.

Guest Student Applicants

Guest students fall under five categories:

1. Students in good standing from another college or university who wish to take coursework at Concordia University Chicago and transfer such work back to their primary institution
2. Students interested in taking courses to meet course deficiencies for teacher certification as prescribed by the state
3. Employees of Concordia University Chicago who desire a non-degree seeking track
4. High school students enrolled in college-level courses
5. Students enrolled in the 55+ Program
6. Students pursuing a non-degree seeking track who wish to take courses for the purpose of personal enrichment and/or for employment promotion opportunities

Under Category 1, the student must submit to the Registrar's Office proof of enrollment as a student in good standing from the primary institution via an official transcript OR a letter of

verification from the Registrar's Office in order to be considered for admission. All prerequisite courses must be met or the approval by chair is needed.

Under Category 2, the student must submit a copy of the deficiency statement issued by the state of Illinois to the Registrar's Office to be considered for admission.

Under Category 3, the employee must complete the Guest Student Application and verify high school graduation or successful completion of the GED. Employees seeking degree or certification programs must apply through the appropriate admission office.

Under Category 4, the high school student must be of senior status and have written approval from the high school's counselor and/or principal.

Under Category 5, the student must be at least 55+ years old. Those admitted under the status of guest student can find information on course availability at the Registrar's Office. Guest students may take up to 18 hours per semester. No financial assistance is available for guest students because they are not degree-seeking students.

Under Category 6, the student can find information on course availability at the Registrar's Office and must provide official transcripts from all previous higher education institutions attended. No financial assistance is available for guest students because they are not seeking a degree. Degree-seeking students will be given preference for courses with limited enrollment. All prerequisites must be met or the approval of the chair is needed.

Second Bachelor's Degree Applicants

To be considered for admission for a second bachelor's degree, the student must submit the following to the Office of Undergraduate Admission:

- A completed application for admission
- Official transcripts of all college coursework from each college/university attended, regardless of credit hours earned, including designation regarding the type of degree and date conferred

A student holding a baccalaureate degree from an accredited institution may be permitted to receive a second bachelor's degree from Concordia-Chicago provided:

1. All specific requirements for Concordia University Chicago's degree are met
2. That the coursework required for the second degree includes at least 32 hours beyond the first degree
3. That residency requirements be met as follows: CUC graduates—16 of the additional minimum 32 hours must be in residence and six hours must be taken within five years prior to completing graduation requirements for the second degree. Graduates of other colleges—the final 32 hours must be taken in residency and six hours must be taken within five years prior to completing graduation requirements for the second degree
4. Only courses acceptable toward the degree sought may be counted to meet minimum residency requirements.

All fees for a second undergraduate degree will be assessed at the undergraduate level.

All students planning a second degree must have the program approved by the Dean of the respective college (College of Education, College of Business or College of Arts and Sciences) per the course of study being followed.

The only type of financial assistance available for these students is educational loans, dependent upon eligibility. However, students pursuing church professional programs may be eligible for a church professional grant or LCMS district grant.

Admission to Professional Programs

Admission to Concordia University Chicago does not imply admission to all its specified programs such as teacher education, Director of Christian Education, Nursing or Deaconess. Academic programs and colleges have specific requirements, set by the state of Illinois or the University, which must be met at different semester levels. Please refer to the specific program guidelines outlined in detail under the program section of this catalog for clarification of your program's requirements.

Honor Code

The Faculty Senate at Concordia University Chicago moved to adopt an honor code at this institution, to provide a uniform and functioning procedure for dealing with cheating, plagiarism and other types of academic dishonesty.

Faculty turned to the mission statement for guidance and to explain why an honor code made sense for this University. It would be more than setting rules and expecting everyone to follow them; rather, in developing the whole person, each individual and the people as a whole reflect upon and care about their own personal moral and ethical behavior, something fundamental to the workings of an honor code.

Indeed, the development of the entire student as an ethical and moral citizen of the world includes the notion of academic integrity and personal responsibility. An honor code articulates concretely the level of honor and integrity expected of all scholars. It instills such personal guidelines in every member of the community. It supports the development of a Christian community in which people come together for a variety of reasons, but ultimately share responsibility for their fates.

Occasionally individuals violate this trust and integrity. Any act of academic dishonesty is a serious offense in a university community. It takes unfair advantage of other students who work within the expectations of the Honor Code and of their instructors, who trust their work. Any violation of the Honor Code is therefore taken seriously as a breach of honor with the entire community and not a private matter between student and instructor.

In short, Concordia University Chicago implemented an honor code starting fall semester 2006 to emphasize further the importance of moral and ethical decision making in every aspect of a person's life. Every student must sign the honor pledge in order to register for classes. The Honor Code pledge, categories of unauthorized aid, judicial protocol, violation consequences and appeal procedure are [available online](#).

Undergraduate Fees

Concordia University Chicago accepts all fees with the understanding that the student, by being assessed such fees, agrees to abide by all the regulations of the University, whether printed in this catalog or not, and by any appropriate decisions of the administration or faculty regarding the student's status in the University. Although CUC exercises reasonable precaution, it can assume no responsibility for accidents to students that may occur incident to, by attendance at, or through participation in classroom or laboratory work, intramural activities or other University programs and activities. Also, the University does not accept responsibility for any personal property lost, stolen, damaged or misplaced.

During the period of this catalog issue, the University will make every effort to maintain the fees listed. However, rising costs may necessitate an interim increase in fees.

Students shall pay all assessments by the published deadlines for payment, approximately 30 days before the beginning of each semester. Students wishing to register after the published deadline date for a given semester will be required to make payments before registration is permitted. Only federal or state financial aid for the term that is confirmed by the Office of Financial Aid may be excluded from these requirements. Sources of funds not eligible for deferred tuition payments include income through student employment and tuition reimbursement by an employer or other sources.

Returned Checks

A fee of \$36 will be assessed to the student's tuition account for any check returned unpaid. If a second check is returned unpaid, an additional \$50 for the second returned item and \$75 for the third returned item. After the third returned item, the university will not accept any further personal checks on the account. Payment for any returned check must be made by certified funds (cash, cashier's check or money order). A fee of \$36 will be assessed to the student's tuition account for any online check payment that is returned unpaid.

Please note: When using the online payment method through our third-party servicer, Higher One, the payment information submitted, such as your bank account or credit card information and the student H-number, must be accurate. If there is an error in the information that is submitted, the payment may be returned unpaid by your financial institution. There is a fee of \$36 that is posted to the student's account, as Higher One charges the University for returned payments. This is a non-negotiable fee and the student will be responsible. The University does not hold any liability to any incorrect information submitted by another party.

Method of Payment

Payments may be made in person, over the telephone, online or through a monthly tuition payment plan. Payments made in person may be made via cash, money order, personal check or credit card (at no additional charge). Payments made over the telephone must be made via credit card. All such credit card payments taken over the telephone shall be subject to a 2.75 percent convenience fee to be added to the total amount of the payment (cards accepted are VISA®, MasterCard®, American Express® and Discover®).

Payments mailed directly to the University must be in the form of cash, personal check or money order. Payments made online must be in the form of either a bank account (ACH) transaction or credit card. Online payments shall be made online at CUChicago.edu/creditcardpayments. Online credit card payments are subject to a 2.75 percent convenience fee. Online payments made via ACH shall not incur any additional charges.

Students also may sign up for a monthly tuition payment plan through Higher One, a third-party provider. To sign up for this service or for more information, please go to higherone.com. This URL will take you directly to the TuitionPay website. All fees, whether paid by a person or an organization, shall be paid in United States dollars. VISA®, MasterCard®, American Express® and Discover® will be accepted for any payments, whether in person, over the telephone, online or through the monthly tuition payment plan.

Students with Outstanding Balances

Students with outstanding balances will be placed on “hold” status and will be prohibited from registering for courses until that “hold” status is released. Students with “hold” status due to outstanding balances also will not be allowed to participate in commencement ceremonies and are not entitled to receive a diploma, transcripts, credentials or other possible University-provided verifications until the balance is paid in full with guaranteed funds and verified by the Director of Student Business Services. Any account with an outstanding balance will incur a 1.5 percent or minimum of \$25 service charge each month on the account until paid in full.

Email is the University’s primary source of communication. A statement of account will be emailed to the student’s CUC email address each month after the start of the semester if the tuition account has a verified outstanding balance.

Collection Policy

If an outstanding balance remains on the student account after a term has ended, the student is no longer an enrolled student. At this point, the student is considered to be a collection account. Any efforts to collect the unpaid balance to Concordia University Chicago that are made by a third-party source are the student’s responsibility. Such costs include, but are not limited to, fees from the outside collection agencies, attorney fees, court costs, service charges, etc. The student is to also understand that these are additional costs at a maximum of 39% of the debt to the tuition and fees due to the University. This policy is governed by the laws of Illinois.

Please note: To appeal charges for tuition or a grade, the student has one semester to write a letter of appeal to the Dean of Students. If the appeal is not made within that time period, your appeal will not be reviewed.

New Student and Registration Fees

Tuition Deposit: \$100

The tuition deposit is required of all new degree-seeking students within 60 days of their admittance to the University. The deposit is not refundable after May 1 for new students entering for the fall semester and after December 15 for new students entering for the spring semester. This deposit is not required of returning students.

Late Registration Fee for Returning Students: \$180

This non-refundable fee is assessed of all returning students registering after June 1.

Registration & Records Fee:

\$38 per semester / \$76 annually

All students are assessed this fee to support the maintenance and processing of student records, transcript requests and verification of enrollment requests.

Tuition and Course Fees

All undergraduate students enrolled in 12-18 credit hours each semester shall be charged a flat rate of tuition in the amount of \$15,328 per semester or \$30,656 annually. Undergraduate students enrolled in less than 12 credit hours per semester will be charged \$924 per credit hour taken. Undergraduate students enrolled in more than 18 credit hours per semester will be charged an additional \$462 per credit hour taken—this charge is in addition to the flat rate charge.

Students enrolled in the Adult Degree Completion Program shall be charged at the rate of \$490 per credit hour.

Additional charges may be assessed for all students enrolled in courses requiring field trips. Such field trips must be indicated in the course descriptions. Students enrolled in certain courses also may be assessed additional laboratory fees.

Each student is mailed a hard copy of their semester bill to their permanent home address that is on file in our system. To provide ample time to financially prepare for the semester, bills are mailed out 90 days prior to the semester and again at 60 days prior to the semester and are due 30 days prior to the start of the semester. Payments must be made with the University's Student Business Services Office by the published deadlines for payments. Failure to meet published deadlines will result in non-registration for that term/session by the University.

Credit by Exam Fee

Students wishing to take course credit by examination will be billed \$150 for each exam taken and \$150 to post each grade to the student's transcript.

Credit for Prior Learning

Students wishing to use credit acquired through prior learning experiences will be obligated to pay a \$250 fee per topic.

Course Audits

Registration for course audits should occur at or before final registration. Students may change from credit to audit, or audit to credit, up to and including the 20th day of classes in a semester by contacting the Office of the Registrar. Exams and papers assigned to students taking the course for credit do not apply to audit students; all other expectations are the same. A grade of audit (AU) will be assigned at the completion of the course. Fees for audited courses are as follows:

- Courses taken as audit are inclusive of current tuition structure; fees are the same for credit or audit.
- Students taking courses for audit that have lab fees associated with that course will be responsible for those lab fee charges.
- Students taking more than one applied music course for credit or audit in a given semester will pay an applied music fee for each course taken.
- Graduate students are not allowed to take regular undergraduate courses as audit, with the exception of music courses.

Applied Music Tuition

Applied music lessons include piano, organ, harpsichord, voice, band instruments, orchestral instruments, composition and/or improvisation. The University does not necessarily provide the use of an instrument for such lessons; however, a limited number of instruments are available. The applied music tuition is charged to any student taking music lessons (MUSA courses) for either credit or no credit. Students may register for half-hour lessons (MUSA-2000) for either 0.5

credit or 0 credit. Music majors and advanced non-majors, by permission of the department chair, are placed by audition in MUSA-3000, which is 1.0 credit for an hour lesson. Lessons in composition are available only for credit.

Students pay the tuition rate for the amount of credit earned plus an applied music fee. Students are responsible to make contact with their applied music teacher within the first week of the semester. Students are expected to attend all lessons and show adequate progress to continue in applied music.

Applied Music Fee

The applied music fee is charged to any student taking lessons as above. The applied music fee is \$270 regardless of the amount of credit.

Course Add/Drop Policy

Courses can be added to a student schedule any time during the first five days of the semester. Time limits for the addition of courses are reduced proportionately in any semester where the structure of the class is changed such as summer session or eight-week classes. Online courses cannot be added to the student schedule once the course begins.

A credit balance may be created if your financial aid exceeds your tuition charges. If a credit balance is reflected on the student's tuition account, a refund may be requested.

In order to receive a refund, students must fill out a *Student Refund Form* from the Business Services Office, or may obtain the form by logging on to CUConnect; click on the "Resource" tab and in the "Forms Repository," type "Student Refund Form," which will appear as a Word document. Complete this form in its entirety and you must sign it for it to be processed. The deadline for refunds to be processed is on Friday to receive it by the following Friday, as long as the funds are available. Forms received over the weekend or the following week will not be processed until the following Friday. In order to receive your refund, you must submit your refund amount and the funds must actually be posted to your account creating a credit balance, which you can view on CUConnect. Any credit balance may be given in person by the Business Services Office, not over the phone or through an email. Also, no other office may provide your credit balance amount to you for your protection and FERPA regulations of the University. It is the student's responsibility to provide accurate information on the refund form. The University will not be held responsible for any inaccuracy on the refund form submitted. This includes the amount to be refunded, bank account information if direct deposited, and signature, as the refund will not be processed for that week.

Our department will contact you if a signature is missing or if the amount is incorrect; however this will delay your refund disbursement as it is at no fault of the University. If your form is not submitted according to the policy and procedure above, there will not be any exceptions to expedite the refund. If the student account has a credit balance due to a parent plus loan, the parent must complete the refund form or we must have authorization from the parent to release the refund to the student.

Submitting of Refund Form:

- Provide your refund form in person to the Business Service Office located in Addison Hall Room 156.
- Fax your form to 708-488-4293. The date of the fax will be the date of receipt used for processing.

- Mail your refund form to Concordia University Chicago, 7400 Augusta Street, River Forest, IL 60305-1499 Attn: Business Services. The date of the postmark will be the date of receipt used for processing.
- Email your refund form from your Concordia-Chicago email to refunds@cuchicago.edu.

The tuition refund policy is as follows:

- All fees are refundable at 100% when the course is dropped within the 100% refund period.
- If course is dropped during any other refund period, 0% of all fees are refundable.

16-Week Courses

- 100% REFUND through end of the 1st week of class
- 75% REFUND through the 2nd week of class
- 50% REFUND through the 3rd week of class
- 25% REFUND through the 4th week of class
- 0% REFUND through the 10th week of class

8-Week Courses

- 100% REFUND through the end of the 1st week of class
- 50% REFUND through the end of the 2nd week of class
- 0% REFUND through the 4th week of the class

ADP Refund Policy:

- 5-Week Courses
 - 100% Refund through end of 1st week of class
 - 0% Refund after end of 1st week
- 6-Week Courses
 - 100% Refund through end of 1st week of class
 - 0% Refund after end of 1st week
- 8-Week Courses
 - 100% Refund through end of 1st week of class
 - 67% Refund through end of 2nd week
 - 0% after end of 2nd week

Checks for refunded tuition must be requested via a *Student Refund Form* and will be issued after the 0% refund date. Please be advised that this policy may be altered at any time. This policy, with exact dates of refund for the semesters in progress, can be found at CUChicago.edu and will be posted in the Student Business Services Office, Office of Financial Aid, the Graduate Office, the Registrar's Office and the Academic Advising Office.

NOTE: Failure to attend class does not constitute an automatic withdrawal from the class.

Students MUST drop courses through the Academic Advising Office (undergraduate students) or the Registrar's Office (graduate students) before any refund will be issued. Failure to drop classes will result in no refund and a grade of F on the student's transcript.

As indicated in the Outstanding Balance section of this chapter, a student has one semester to appeal the tuition cost and grade for a course to the Dean of Students. A form for the appeal

can be found on CUConnect under the "Student Services" tab. Failure to follow the procedure of an appeal will result in your appeal not being reviewed and you will be assessed the charges accordingly.

Withdrawal from the University

Outstanding balances are due and payable in full upon withdrawing from Concordia University Chicago. (*Note: See Collection Policy.*)

Room and Board/Food Services and Parking Fees

Campus Housing

A full refund will be awarded on housing if withdrawn within the first week of the semester. A 50% refund will be given if withdrawn between the second and eighth week of the semester. After eight weeks, NO housing refunds will be given. Any semester(s) not attended will be refunded in full.

Rates are normal room occupancy of two and three persons. Single room accommodations, if space is available, may be requested for an additional fee. Single rooms are available on a limited basis. All single room requests must be approved by the Director of Student Housing.

Room reservation deposit:

Returning students: \$200

New students: \$200

A deposit for a room reservation is required of all students applying and reapplying for residence in University Housing for the fall or spring semester. This deposit will be applied to the regular room fee and must be paid in full to be considered for reservation of a specific room whether applying or reapplying for housing. Late room reservation will incur an additional \$75 fee. After May 1 the room reservation deposit is non-refundable.

Refund of the room reservation deposit can be made only if the Director of Residence Life is notified in writing of room cancellation prior to July 15 of the year of enrollment or re-enrollment or by December 1 if entering in the spring semester. The Office of Residence Life reserves the right to rescind a private room when space is needed.

Room and Board Fees

All students living in University housing are required to pay both room and board fees.

Residence Hall Damages

Residence Hall damages are assessed when, after students have removed all their belongings from the room, checked out properly with the residence hall staff and returned their keys, the room condition form indicates any damages to areas such as the residence hall room, floor, hall or furnishings. After this assessment, the student's tuition account will be billed for these damages to the residence hall. Additional community charges might apply for hall damages identified as such.

Food Service

Specific information regarding meal plans (both resident and commuter) can be found at *CUChicagodining.com*. There are no refunds on meals missed. The student meal pass is NOT transferable. Consult the Housing Agreement for additional conditions.

No refund is allowed on food service unless notification is received by the Director of Residence Life four days prior to the effective date of cancellation for the semester. A full refund is awarded for semester sessions not attended. Semester refunds for those moving off campus will be prorated. Withdrawals from school will be based on the federal policy as previously stated. Credit for consecutive absences (in excess of two weeks) from the University meal service will be allowed under certain limited conditions, such as illness or other causes beyond the control of the student, if reported to the Dean of Students within one week, will be based on the initiation of the absence.

- 24-hour fax orders will be processed within 24 hours of receipt of the written request; all efforts will be made to send such orders out on the day received.

Financial Aid Information

Making your education affordable and meeting the cost of a college education is a primary goal of Concordia University Chicago. CUC's comprehensive financial aid program offers assistance to help supplement each family's contribution toward college expenses. While the responsibility for financing University costs rests with students and their families, CUC assists with this obligation by providing financial aid packages to help meet the needs of its students.

The amount of assistance a student may be eligible for is determined with the help of the Free Application for Federal Student Aid (FAFSA). This analysis calculates the amount a student's family can provide for University expenses, taking into account such factors as current income, assets, family size and number in college.

After a careful study of the information on the FAFSA, the Office of Financial Aid determines the family's eligibility for financial assistance. If eligible, a student will receive a combination of scholarships and/or grants, campus employment and educational loans. This combination is called an award package.

All undergraduate students wishing to apply for financial assistance may submit the FAFSA any time after October 1 (but no later than December 15) for the coming school year. All need-based federal, state and institutional aid is awarded based upon the evaluation of the FAFSA. Federal programs are available to students who are permanent residents and citizens of the United States; Illinois residents may be eligible for the Illinois Student Assistance Commission's (ISAC) Illinois Monetary Award Program. Most states will not allow their grants to be used out-of-state. Therefore, students should check with their school counselors if they are not sure of their state programs.

Lutheran church professional students are asked to apply to their churches and districts for assistance. They also may be eligible for Concordia-Chicago's Church Professional Grant.

Students who plan to enter the Lutheran church professional program may be eligible for additional Synodical funds. They also must file for federal and state grants if applicable. Academic scholarships for returning students are available on campus. Most are based on academic achievements; some are based on need and/or program. Scholarship applications are available between February 1 and April 1 each year.

Students are urged to investigate the possibility of scholarships, grants and loans that might be available to them in their own communities and/or states. Many Lutheran organizations and agencies provide financial assistance for CUC students. National Mutual Benefit, Thrivent Financial for Lutherans, the Lutheran Laymen's League and the Lutheran Women's Missionary League are some examples of Lutheran groups and businesses which offer scholarships and grant monies/opportunities to students attending Lutheran colleges and universities. Contact congregational/area representatives for further details.

In addition, contact local businesses and civic organizations regarding scholarship and grant programs. Consult the local Chamber of Commerce and the high school guidance office or local community colleges for listings of these resources.

New and transfer students may be eligible for merit-based awards, granted upon admission to the University by the Office of Undergraduate Admission. These awards include the following:

Pillars Scholarship, Regents Scholarship, Faculty Scholarship, Cougar Award, Maroon and Gold Award, Alumni Award, Music Scholarship, Presidential Honors Scholarship and Phi Theta Kappa.

Please contact the Office of Undergraduate Admission for specific information.

Student Consumer Information

In accordance with federal regulations released by the Department of Education, schools are required to make available to students certain pertinent information as it relates to financial aid, student services, enrollment services, accreditation and University policies. To view this information, please visit our website at CUChicago.edu/consumerinformation.

Veterans and Veterans' Dependents

Concordia University Chicago is grateful for current service members and veterans and is supportive of those who would like to start or continue their education. Multiple federal programs are available to assist veterans and their dependents in achieving a college education. The Post-9/11 Yellow Ribbon is one of the most beneficial educational programs in which CUC is a proud participant. To use your veterans' educational benefits, please submit the following documents to the Office of Financial Aid:

- Copy of your Certificate of Eligibility from the Veterans Administration
- Copy of your DD-214
- Change of Program Form (if recently attended another college or university)

Students eligible for Tuition Assistance must submit the following for each course approved each term:

- Copy of Authority for Tuition Assistance for each course approved

Concordia University Chicago is approved for the training of veterans in both undergraduate and graduate programs by the state-approving agency of the Department of Veterans Affairs. Any student who is certified by the Department of Veterans Affairs and determined eligible for the receipt of educational assistance benefits must maintain the University's standards of satisfactory academic progress as listed in this section.

Scholarships and Endowments

Many friends of the University have given gifts to establish named scholarships and endowments to support the student financial aid program at CUC. Recipients are selected by academic departments, the merit scholarship committee and the Office of Financial Aid. If selected, you will be required to submit a thank you letter to the donor.

Employment

To assist in meeting their educational costs, students may be given the opportunity to work on campus. Campus jobs are awarded on the basis of need and ability. For CUC students, off campus employment is also a viable option.

Student Loans

The Direct Subsidized and Direct Unsubsidized Student Loan programs are made available by the federal government and administered by the University. Eligibility is determined by the FAFSA. The Federal Direct PLUS Loan program, for parents of financially dependent students, also is offered for educational purposes. Many of these loans offer the borrower access to funds at low interest rates with full repayment postponed until after the student has graduated from his/her intended program.

Standards of Satisfactory Academic Progress for Financial Assistance

Federal and state governments require that each college have Standards of Satisfactory Academic Progress (SAP) for determining continued eligibility for student financial aid. SAP standards measure both the qualitative and quantitative progress of coursework completed. SAP includes the following three elements: grade-point average, course completion rate and maximum time frame. SAP is reviewed at the end of each payment period.

Undergraduate Level

Grade-Point Average – The Satisfactory Academic Progress policy contains a qualitative component that requires that undergraduate students maintain a 2.0 grade-point average by the end of their first year of full-time study (24-30 credit hours of coursework). A cumulative 2.0 grade-point average must be maintained from that point forward.

Course Completion Rate – The Satisfactory Academic Progress policy contains a quantitative component that requires that undergraduate students make steady progress toward their degree by completing two-thirds (67 percent) of all credit coursework attempted. The completion rate is calculated as a percentage of completed coursework over the student's entire enrollment at CUC. Students must maintain a cumulative 67 percent course completion rate. For example, if a student attempts 16 hours per semester during the academic year (32 cumulative attempted hours), the student would be expected to satisfactorily complete at least 21.44 of these hours (10.72 hours per semester) in order to comply with the minimum quantitative standards. The completion rate applies to all semesters (including summer), regardless of whether the student received aid during the semester.

Attempted Credit Hours

All credit-bearing courses are calculated into the "hours attempted" and counted toward the maximum time frame for financial aid purposes. Grades of W, F, IA to IF, or U, are considered as coursework attempted but not completed. In addition, repeated courses are counted in the "hours attempted" calculation.

Successfully Completed Credit Hours

Courses with a passing grade (A, B, C, D, or P) are considered to be successfully completed. Courses with a grade of F, W, IA to IF, or U, are not considered to be successfully completed.

Incomplete Grades

Incomplete grades (I plus the Default grade) are considered as coursework attempted but not completed. An incomplete grade must be resolved within six (6) weeks of the end of the course (summer, fall, spring) in which the grade was received; at that time, the instructor will assign a grade. Permission for additional time beyond the six-week deadline may be granted only with the approval of the instructor and the Office of the Registrar. Students must contact the Office of Financial Aid once the grade change has been processed in order to re-evaluate their SAP status for the semester they did not meet SAP. The Director of Financial Aid will review and make necessary changes to SAP status.

Repeated Courses

Repeated courses are counted in the "hours attempted" calculation for financial aid purposes. The repeat grade is treated in the cumulative GPA. Students are eligible to repeat a course regardless of whether or not they receive a failing grade during the first attempt. According to

federal and state regulations, students are allowed to repeat coursework as long as the student has not previously passed the course and met Satisfactory Academic Progress. A passed course is considered any grade higher than an “F” or its equivalent. Once a student passes the course, he/she can only receive federal and/or state funds to repeat the course one more time. Eligibility for repeat coursework is monitored at the time of awarding and again prior to disbursing funds.

Audit Courses

Audit courses are not counted in the “hours attempted” calculation for financial aid purposes. Students do not earn any academic credit and may not receive financial aid for these courses since they are not going toward a degree program.

Maximum Time Frame - The Satisfactory Academic Progress policy also contains a maximum time frame component, which specifies that the number of credit hours for which a student may receive federal financial aid may not exceed 150% of the credit hours required to complete their degree program at CUC. Since the minimum number of credit hours needed to complete the bachelor’s degree is 128 hours, students may not receive financial assistance upon attempting more than 192 credit hours. Undergraduate students are normally expected to complete their degree program by the end of four years of full-time study. Therefore, students will lose their federal financial aid eligibility after six years of full-time enrollment ($4 \times 150\% = 6$). Students need to complete an average of 10.667 credits per semester (not including summer or non-CUC hours) in order to complete within 6 years (maximum time frame). Credits transferred into CUC are included as credits attempted for SAP purposes. Students completing a second bachelor’s degree are subject to the maximum time frame component for undergraduate study. They must complete their program within a total of 192 attempted credit hours. Students who are double majoring or changing majors are also subject to the maximum time frame component and must not exceed 150% of the credit hours required to complete their degree program at CUC. Students in degree programs exceeding 150% of the credit hours required to complete their degree program and/or enrolled in a second bachelor’s degree may appeal to the Director of Financial Aid for an extension, if necessary. In addition, grades of “W” are counted in attempted credit hours and counted toward the maximum time frame. Remedial courses do not earn any credit and therefore are not included in the student’s grade-point average. However, they are or are not considered in the maximum time frame component. Pass/fail courses do earn credit and therefore are included in the attempted hours and maximum time frame, but are not included in the grade-point average.

What happens if a student does not meet the satisfactory academic progress requirements?

SAP is reviewed at the end of each semester. Students who do not meet SAP are notified by receiving an official letter from the Office of Financial Aid and via email. There are two repercussions in the event a student does not meet one or more of the above requirements: *Financial Aid Warning Status* or *Financial Aid Disqualification Status*.

Financial Aid Warning Status: Students who do not meet the standards of satisfactory academic progress will be on Warning Status for their next term of attendance. During this period, the student is still allowed to receive their federal/state/institutional financial aid. Certain merit scholarships, which require the student to maintain a specified grade-point average, may be affected.

Financial Aid Disqualification Status: Students who fail to meet the standards of satisfactory academic progress after a semester on probation will become disqualified from receiving further

financial assistance from federal, state and/or Concordia-Chicago funds. This includes eligibility for grants, student loans, parent loans, CUC need-based and merit scholarships and CUC faculty/staff waivers.

Appeal for Reinstatement of Financial Assistance: If a student has mitigating circumstances that contributed to their inability to meet the required Standards of Satisfactory Academic Progress, appeals for reinstatement of financial assistance may be submitted to the Director of Financial Aid. Mitigating circumstances that will be evaluated include medical condition, death in the family, and additional documentation provided by the Dean of Students. The appeal must be a written letter explaining their circumstances and what measures they will take to improve their ability to succeed in future coursework. Students must meet with their Academic Advisor and together create an Academic Plan that will guide the student to successfully complete future coursework. In addition, students will be expected to submit supporting documentation.

Students will receive an official letter from the Director of Financial Aid regarding the approval or denial of the appeal.

If the appeal is approved, the student will be placed on *probation status* for the next semester. Students must follow the Academic Plan provided by their Academic Advisor in order to successfully complete all coursework in their program. Students will need to meet Satisfactory Academic Progress by the end of that semester or they will be placed back on disqualification status. If students meet Satisfactory Academic Progress by the end of the probationary status, they may continue to receive aid, but are expected to continue to fully meet SAP requirements in future semesters.

If the appeal is denied, the student may submit another appeal after successfully completing the following semester(s). A significant improvement must be evident in the academic history for the future semester(s) after receiving disqualification status. Students must continue to follow the Academic Plan provided by their Academic Advisor in order to successfully complete all coursework in their program.

Withdrawal Policy and Return of Title IV Financial Aid Policy

Withdrawal Policy:

Degree-seeking students who desire to withdraw from the University are to consult with the Office of the Dean of Students and complete the University Withdrawal Form. Withdrawal is not official until specific responsibilities have been met. Failure to follow this procedure will result in a grade of "F" rather than a grade of "W." After the 10th week of the semester, grades of "W" will be granted only for extraordinary circumstances as approved by the Dean of Students.

Students who do not maintain continuous enrollment at Concordia University Chicago from semester to semester (excluding the summer term) will be withdrawn automatically from the University as of their last semester of attendance, unless the student is eligible and files for Leave of Absence status.

Return of Title IV Financial Aid Policy:

The amount of Federal Title IV financial aid that a student receives is based on the completion of all registered coursework. If a student officially or unofficially withdraws from the semester on or before the 60 percent of the payment period and received Title IV federal aid, the Office of Financial Aid is required to review eligibility for the funds received. The federally mandated formula called "Return of Title IV Aid" calculation is used to determine the amount of federal

funding the student “earned” up to the time of withdrawal. Title IV federal funds include the following: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (SEOG), Iraq Afghanistan Service Grant, Federal Perkins Loan, Federal Direct Loan, or a Federal PLUS loan (Parent).

In order to determine the amount of financial aid earned up to the time of withdrawal, the Office of Financial Aid determines the percentage of the payment period the student attended. The percentage is then used, in addition to the student’s institutional costs and federal funds received or eligible to receive, to determine the amount of aid the student is eligible to keep. If the amount earned is greater than the student’s institutional cost, the Office of Financial Aid will send the student a written notification confirming the student’s authorization to either accept the credit in a refund to the student or to return the loan amount to the lender. The student has 14 days to reply. If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, the student is eligible to receive a post-withdrawal disbursement of the earned aid that was not received. The post-withdrawal disbursement of a loan(s) will be offered to the student within 30 days of the date the school determined the student withdrew. The post-withdrawal disbursement of any Title IV grants are processed within 45 days of the date the school determined the student withdrew.

In addition, the unearned amount of aid is also determined by the percentage of the payment period the student attended. The student may have officially withdrawn from classes or, in the case of an unofficial withdrawal, the Office of Financial Aid will use the last date the student was involved in an academically related activity. Any unearned Title IV federal funds that were disbursed must be returned to the federal government by the University within 45 days of the date the school determined the student withdrew. If the student received a refund from financial aid, he/she may be required to return a portion of those funds to the University.

Federal Title IV funding that must be returned by the student and/or parent or the University must be returned in the following order:

- 1) Federal Unsubsidized Direct Loan
- 2) Federal Subsidized Direct Loan
- 3) Federal Perkins Loan
- 4) Federal Direct Grad PLUS
- 5) Federal Pell Grant
- 6) Federal Supplemental Educational Opportunity Grant (SEOG)
- 7) Iraq Afghanistan Service Grant

Students will be considered to have earned all of their federal financial aid after the completion of 60 percent of the payment period. Students who need to withdraw from all registered coursework should make an appointment with a Financial Aid Counselor to determine if a portion of unearned federal funds will need to be returned to the federal aid programs.

Academic Information

Objectives of General Education

The pursuit of truth in a Christian Liberal Arts setting is ambitious in scale and humbling in its responsibilities. Yet given the light of faith and understanding that God and centuries of human cultural and intellectual endeavor provide us, we accept the project as exciting and life-changing not only for those who learn, but also for those who teach.

In that spirit, the Faculty Senate General Education Review Task Force proposes that the general education curriculum at Concordia University Chicago should nurture the following eight intellectual capabilities essential for a lifetime of reflection and seeking meaning.

Specifically, CUC's general education curriculum should enable students to:

1. Evaluate different viewpoints and defend these using appropriate research methods and sources of information based in the various academic disciplines.
2. Read texts critically and demonstrate discipline-specific understanding.
3. Communicate ideas, concepts and information effectively through written, verbal and non-verbal means.
 - a. Communicate ideas effectively through writing.
 - b. Communicate ideas effectively through verbal and non-verbal means.
4. Examine and articulate one's place in the human, natural and aesthetic worlds through verbal and non-verbal means.
5. Integrate knowledge across the arts, sciences and humanities.
6. Utilize philosophy and Christian theology to answer significant questions about the value and meaning of life.
7. Use knowledge and wisdom to serve as responsible, effective, and ethical citizens of our diverse nation and world.
8. Demonstrate knowledge and understanding of a Christian worldview and its implications for living.

Credits

Concordia University Chicago operates on the semester system. The months of August through May are divided into two semesters of approximately 16 weeks each. The summer term makes it possible for a student to earn additional semester hours of credit. The unit of credit is the semester hour. Normally, one equivalent semester hour of credit is awarded on the basis of one 50-minute class session per week. The outside preparation required is approximately twice the time spent in class. Double/triple laboratory periods requiring less preparation are equivalent to a single lecture period.

The normal undergraduate student course load is 15-18 hours per semester. A student who drops below 12 hours in a 16-week semester is considered a part-time student. A student must be enrolled in at least 12 semester hours in a 16-week semester to be eligible to live in a residence hall.

Sophomores, juniors or seniors with a high academic average (normally a cumulative grade-point average of 3.00 or better) may secure permission from the Registrar to carry more than 18 hours.

Classification of Academic Class Level

Freshman: 0 to 29 earned semester hours

Sophomore: 30 to 59 earned semester hours
Junior: 60 to 86 earned semester hours
Senior: 90 or more earned semester hours

The credits used to determine academic level include those earned at the University and any transfer credits. Second-degree seeking students will be classified on the basis of transfer credit and/or previous CUC credit.

Course Numbering

Courses carry the abbreviations of the academic discipline. The number of the course indicates the level of the course.

Attendance Policy

As a University student, each individual must develop a sense of personal responsibility. Part of this responsibility is demonstrated through attendance in class. The dynamics of a classroom are enhanced by regular class attendance, and a student may be deprived of an integral portion of the course by missing class. Instructors may specify such attendance policies as they deem appropriate to support the objectives of a course, and assist the student in developing this self-discipline. Attendance policies will be written in the course syllabus provided to the student at the beginning of a course.

Grading

Concordia University Chicago does not have a University-wide grading scale or policy. Grading scales can be and are set internally by a college, a department or a professor. Grade reports are not issued by the Registrar's Office. Final grades are available to all students via CUConnect, Concordia-Chicago's online student portal. Any problems accessing this information should be referred to CougarNet for assistance.

Satisfactory/Unsatisfactory Grades

The work of students engaged in early childhood, elementary, secondary or K-12 student teaching is evaluated as Satisfactory or Unsatisfactory. Unsatisfactory allows the completion of additional student teaching experiences or additional coursework when necessary. No quality points are equated with student teaching evaluation. Comprehensive forms, accompanied by the evaluation, become part of the student's credential file.

Pass/D/F Grade Option

A grade of C- or better shall be equated with Pass for students graded on the Pass/D/F option. A grade of Pass will not be included in the student's grade-point average. Grades of D+, D and D- will be computed as the grade given in the cumulative GPA; a grade of F will be computed as an F in the cumulative GPA. Limitations on the Pass/DF option may be established by individual colleges or programs.

If the Pass/D/F option is student initiated, a student:

- May choose to be graded on a Pass/DF basis in a maximum of 3 hours in any one semester with a maximum of 18 hours in the total program
- Must be carrying an academic load of at least 12 hours of CUC credit during any semester in which a Pass/DF course is elected
- Must file the intention to be graded on a Pass/DF basis with the Academic Advising office on or before the 20th day of the term. This choice may not be altered after that time. These time limits are reduced proportionately in any term where the structure is changed, such as January or summer terms

- For eight-week courses, the intention to be graded on a Pass/DF basis must be filed by the 10th day of class.

The instructor will not be informed of the student's choice to be graded on a Pass/D/F basis. Applications for Pass/DF option may be picked up in the Registrar or Academic Advising offices. This option is not open to those receiving veteran's benefits.

Institutional Pass/Fail courses will be identified in the course description of the course. In such courses, every student will be graded either Pass or Fail. An institutional Pass/Fail course does count toward the 18 hours allowed in the total program.

Incomplete Grades

A grade of incomplete is awarded by an instructor when, because of circumstances beyond the student's control (e.g. illness, death in the family), the student needs more time to complete the course with the greatest possible achievement. The request for a grade of incomplete must be student-initiated. The instructor determines approval of the incomplete. Incomplete grades range from IA to IF. The "I" indicates an incomplete grade; the second letter (A-F) indicates the default grade if one is not submitted at the end of the six-week period. An incomplete grade must be resolved within six (6) weeks from the time the course has ended. At the end of the six weeks, the instructor will assign a grade and send to the Registrar's Office a change of Incomplete to grade form. Permission for additional time beyond the six-week deadline may be granted only with the approval of the instructor and the Registrar. Whether or not the student is enrolled during the following term has no effect upon this completion date.

Change of Grade/Grade Appeal

A student may request a review of a course grade. Each college provides an appeal process for the student to request reconsideration of their grade. Students considering an appeal should consult with the appropriate college for specific information.

Quality Points

Quality points are a set number of points issued for each credit hour granted at a specific grade level. The student's work is evaluated according to the following scale:

A	Excellent	4.00 pts.
A-		3.67 pts.
B+		3.33 pts.
B	Good	3.00 pts
B-		2.67 pts
C+		2.33 pts.
C	Fair	2.00 pts.
C-		1.67 pts.
D+		1.33 pts.
D	Poor, but passing	1.00 pts.
D-		0.67 pts.
F	Not passing	0.00 pts.
IA-IF	Incomplete, with a default grade	
S	Satisfactory*	
U	Unsatisfactory*	
P	Pass	
AU	Audit	

***Satisfactory and unsatisfactory are used only in undergraduate student teaching.**

Course Repeat

A student may repeat any course. When a CUC course is repeated at Concordia-Chicago, only the grade and credit hours for the last attempt will be used in computing the grade-point average, quality points and credit. Both attempts and grades will be recorded on the transcript. A repeat of a non-CUC course or repeating a CUC course at another college will not be included in the GPA calculation.

Students are cautioned that a course being repeated may not be eligible for financial aid and might affect enrollment status. Any questions regarding this procedure should be directed to the Office of Financial Aid.

Registration

Registration for the following academic year is held online starting in March for all undergraduate students currently in attendance. New freshman students register through Jump Start, while new transfer students register online with assistance from the Academic Advising office. Undergraduate students choosing not to register for subsequent semesters must adjust their status accordingly. They may either withdraw from the University altogether or move to Stop-Out status. Please consult the Academic Status section of this catalog for more details. By registering, the student accepts the responsibility to subscribe to all University policies, financial and otherwise. Fulfillment of registration requirements is the individual student's responsibility and must be completed in accordance with procedures established by the Registrar's Office.

Payment or arrangement for payment must be made with the University's Business Services Office by the published deadlines for payment. Failure to meet published payment deadlines will result in the cancellation of the student's course registration for that term.

Course Addition

A student may register for a new course through the fifth day of the semester (the end of the first week of classes). The Add/Drop form must be submitted to the Academic Advising Office. After the fifth day of the semester students may not register for new courses. Due to the unique nature of applied and ensemble music courses, exceptions for enrollment and schedule adjustments may be approved and processed by the Registrar's office through the second week of the fall and spring semesters. All other registration rules and restrictions apply with regard to holds, maximum hours and Student Business Services Approval. Additionally, students eligible for an exception are required to obtain an approval from the instructor, music department chair, or music department administrative assistant. Completed add forms must be submitted to the registrar's office by noon on the second Friday of the term for review and processing. Time constraints for adding courses are reduced proportionately in any semester where the structure of the class day is changed, such as the summer sessions, and may not apply to online courses.

Course Withdrawal

The following procedures will be used in the event of the dropping of or withdrawal from a class:

For degree-seeking students:

Withdrawal during the first week: A student may withdraw from a course by submitting an Add/Drop form to the Academic Advising Office. Such courses will not be recorded on a student's transcript.

Withdrawal from second week to census date (fourth Friday of the semester): A student may withdraw from a course during this time. Such courses will not be recorded on a student's transcript.

Withdrawal from census date through the 10th week: A student may withdraw from a course during this time with the approval of the instructor. Students must submit an Add/Drop form to the Academic Advising Office with the instructor's signature. A grade of W will be recorded on the student's transcript.

Withdrawal after the 10th week: Students will not be allowed to drop courses after this point. After the 10th week, the instructor will issue all registered students a grade. A grade of W will be granted only for extraordinary circumstances approved by the Dean of Students.

Unauthorized withdrawals: Failure to attend class does not constitute withdrawal. In such cases, the instructor will assign a grade.

ADP Withdrawal Policy

- **Withdrawal during the first week:** A student may withdraw from a course by submitting an Add/Drop form to the ADP Advising. Such courses will not be recorded on a student's transcript.
- **Withdrawal during the second week:**
 - **For 5- and 6-week courses:** A student may withdraw from a course during this time. Students must submit an Add/Drop form to ADP Advising. A grade of W will be recorded on the student's transcript.
 - **For 8-week courses:** A student may withdraw from a course during this time. Such courses will not be recorded on a student's transcript.
- **Withdrawal during the fourth week (for 8-week classes only)**
 - A student may withdraw from a course during this time. Students must submit an Add/Drop form to ADP Advising. A grade of W will be recorded on the student's transcript.
- Students will not be allowed to drop courses after the second week for 5 and 6 week courses and after the fourth week of 8 week courses. After those points, the instructor will issue all registered students a grade.

Refunds

For refund information, see the Student Fees section of this catalog or look for exact dates to be posted on CUC's website, CUChicago.edu, or posted in the Student Business Services Office.

For non-degree seeking students:

All regulations on a grade of W will be the same as stated above for degree-seeking students with one exception: non-degree seeking students are to report directly to the Registrar's Office, not to Academic Advising. Time restrictions are reduced proportionately for summer sessions.

Course Audits

Registration for course audits should occur at or before final registration. Students may change from credit to audit, or audit to credit, up to and including the 20th day of the term by contacting

the Academic Advising office. Exams and papers assigned to students taking the course for credit do not apply to audit students; all other expectations are the same. A grade of audit (AU) will be assigned at the completion of the course. For fee information in regard to audits, see the **Undergraduate Fees** section of this catalog. Students should be aware that audited courses are not eligible for financial aid.

Independent Study

Independent study is designed to provide students with an opportunity to pursue a specific academic interest that is related to, but not included in, a department's curriculum. Independent study is offered in all of the departments to full-time degree-seeking students only. The application form is available in the Office of the Registrar and is to be presented to the department chair, with the proposal, in the semester prior to the beginning of the semester of enrollment.

The proposal should include:

- Title
- Objectives
- Rationale
- Outline
- Basic resources
- Time schedule

A course in the curriculum may not be taken as independent study, nor can an independent study duplicate the content of an established course. Grading procedures and policies concerning incomplete grades also apply to independent study courses. A student should enroll in the INS-4950 course for the credit hours desired for the term in which the independent study is created.

Undergraduates also are subject to the following limitations:

- Junior or senior class standing
- One independent study per semester
- Cumulative GPA of at least 2.00
- A 2.75 GPA in the pursued discipline
- Completion of all general education requirements in the pursued discipline

Graduate Courses

Students who have reached senior status (90 earned semester hours) are eligible to take a 6000-level course and apply it to their undergraduate program requirements, provided they:

- Have a major or minor in the discipline or substantive area of the course being requested
- Have a 3.0 cumulative grade-point average
- Obtain permission of the course instructor and the Registrar after other requirements have been met.
- A limit of 25 percent of undergraduates has been established for any 6000-level graduate course. If a student's registration would exceed this limit, the registration will be denied. Students will be granted no more than two such course registrations to be included in their undergraduate program.

The above may not be applied to a graduate program. A 6000-level course may not be taken on the Pass/DF grade option.

In the last semester before graduation, a senior student with a cumulative grade-point average of 3.0, and a 3.0 average in the department in which the graduate course is to be taken, is eligible to register for a 6000-level course. The course may be applied to the completion of an undergraduate degree or toward a graduate degree, but not both. Permission of the Registrar and the respective instructor is required to register for the course.

Students wishing to apply the graduate-level course to a graduate degree at Concordia-Chicago simultaneously must apply for graduate admission and receive confirmation that the course will fulfill graduate degree requirements.

Alternative Credit Earning Options

Transfer Credit

Any currently enrolled student wishing to earn transfer credit must first consult with the Academic Advising office regarding the transferability of courses and receive an approval. The Transfer Credit Approval form is available from your Academic Advisor. The University reserves the right to determine the number and type of transfer credits accepted toward a student's degree. The last two years of college work should be at the senior college level. No more than 67 semester hours of lower-level transfer credit from a regionally accredited institution will be counted toward graduation, unless extra hours are used to fulfill general education requirements for students in the Accelerated Degree Program for Adults. One-half of all credits toward a major must be completed at CUC. Courses with a grade of F are not transferable. All courses completed at a college or university in the Concordia University System will be included in the calculation of final grade-point average used for graduation honors for undergraduate students.

AP/CLEP Credit

The University normally will grant credit for above-average scores on the Advanced Placement Examination of The College Board. Test scores of 3 or better in any of several subject areas will receive college credit. Arrangements for taking the Advanced Placement test should be made during the senior high school year through the high school counselor. CUC's code number for this test is 1140.

The University grants credit for the General Examination of the College Level Examination Program (CLEP). Students may receive 3 to 15 semester hours of credit based on the score achieved on the exam. In general, a minimum score of 50 is required to receive 3 semester hours of credit. In all cases CUC will follow the ACE recommendation. This credit equivalency is granted only after the student has successfully completed at least 12 semester hours in residence. In addition, CUC grants credit for the College Level Examination Subject Examinations. Students wishing to substitute CLEP credit for a CUC course must consult with their Academic Advisor for CLEP/CUC course equivalencies.

Since AP and CLEP credit are considered transfer credit, the University reserves the right to determine the number and type of AP and/or CLEP credits that can be accepted toward a student's degree.

International Baccalaureate Credit

Concordia University Chicago accepts individual course credit for Higher Level International Baccalaureate courses for test scores of five (5) or above. No credit will be considered for Standard Courses on an individual basis. For each course presented and accepted, three semester hours of credit will be awarded and applied to the student's degree program where appropriate.

For students presenting the International Baccalaureate Diploma, a total of 16 semester hours will be granted and applied to the student's degree program where appropriate.

The total number of International Baccalaureate Credits accepted by individual courses and diploma may not exceed a total of 16 semester hours of credit.

Credit by Exam

Degree-seeking students may accelerate or enrich their programs by earning course credit by examination and expanding their electives. A maximum of 12 semester hours of credit may be earned by examination. Departments will designate courses for which credit may be earned by examination. After successful completion of an examination (a grade of C or better), the student may choose to receive credit (P) or credit with a grade (A, B or C). A credit of P will count toward the 18-hour maximum Pass/DF credit allowed in a student's program.

Students should consult the individual departments for the most recent list of courses for which credit by examination is offered. Examinations will be arranged and administered through the department chairperson. Courses and contact persons are listed for each option. Consult department chairs for additional courses available for credit by examination.

General Physics I - Dr. Kathy Craft

Math Concepts II - Dr. Mary Goetting

Calculus I - Dr. Mary Goetting

Application forms for course credit by examinations are available in the Registrar's Office. Fee: \$150 to take; \$150 to post on transcript.

Credit for Prior Learning

Prior-level learning and subsequent credit can be acquired in both the traditional classroom as well as non-traditional settings. Credit for prior learning may be presented in the form of ACE (American Council on Education) evaluated training/certifications, military training and/or Credit for Prior Learning (CPL) essays.

Each College within the University has a policy addressing the procedures and credit awards that may be granted for prior learning. Students wishing to pursue credit for prior learning are required to contact the CPL coordinator. Students with educational experiences from service in the Army, Navy or Marines are encouraged to submit a Joint Services Transcript. (Credit from the Community College of the Air Force will be accepted as transfer credit.) Fee: \$235/topic.

Honors Program

The Honors Program offers academically successful students the opportunity to broaden and enrich their undergraduate education at CUC. Students with superior high school achievements are invited to apply to the Program, as are students whose success at CUC identifies them as candidates for enhanced educational experiences. For specific information on the application process, contact: Undergraduate Admission Office.

Placement Examinations

Placement examinations are normally scheduled during Weeks of Welcome for all new students. Placement tests in music theory and instrumental proficiency can be taken by contacting the appropriate department. All entering students who need to take a mathematics course to graduate are required to take the Mathematics and Computer Science Department's placement exam before they will be permitted to enroll in a mathematics or physics course.

This typically will be incoming freshmen without AP credit and transfer students who have not yet completed the mathematics requirements for their program. The exam is offered during Jump Start and Orientation Week.

Off-Campus Courses

A student with a cumulative GPA of 2.00 or better at Concordia University Chicago may take courses simultaneously at other colleges and universities in the Chicago area as part of an academic load by permission of the Registrar. Two consortium arrangements exist: one with Dominican University (7900 Division St., River Forest), another with the Associated Colleges of the Chicago Area (**see course descriptions for biology and chemistry**). Permission for academic overloads off-campus will be granted on the same basis as on-campus overloads.

Washington Semester Program

Concordia University Chicago is a member of the Lutheran College Washington Consortium, sponsored by a group of 13 Lutheran colleges and universities. The consortium offers a full semester of combined coursework and internship experiences designed to introduce students to the range of governmental activities in Washington, with an emphasis on ethical dimensions of public service. The core course is titled "Ethical Issues in Public Affairs." The director of the program also places students in internships ranging from executive and congressional offices to various public and private agencies.

While there is no prerequisite coursework for participation in this program, students are encouraged to take POS-1100, American Government and Politics, prior to enrollment in the Washington Semester. An important aspect of the program is its relevance for students with many different career goals. As the Consortium's literature announces, "It's not just about politics."

Students register at Concordia University Chicago for the Washington Consortium Semester and pay the tuition and general fees to the University. Expenses for travel, meals and lodging are paid directly by the students. Total cost is comparable to a full-time semester as a resident student on the main campus. Financial aid applies as if the student were in residence and the Washington Consortium Semester courses and internships are accepted for full credit toward graduation from Concordia University Chicago. For information on the Washington Consortium Semester see Dr. H. Robert Hayes in the Political Science Department at Robert.Hayes@CUChicago.edu.

Simultaneous Enrollment

As a member of the Concordia University System, Concordia University Chicago has the opportunity to offer its students the chance to study at one of its sister Concordia institutions around the United States. Locations include Ann Arbor, MI; Austin, TX; Bronxville, NY; Irvine, CA; Mequon, WI; Portland, OR; Seward, NE and St. Paul, MN.

CUC Agreements

Concordia University Chicago has a number of partnerships with area institutions to assist students in reaching their academic and career goals. Currently, agreements exist with Resurrection University for programs in nursing, Rush hospital for programs in occupational therapy and with Hooke College of Applied Sciences for a program in microscopy.

International Study

Concordia University Chicago students may elect to study abroad for a semester, year or summer. The Study Abroad office provides information on programs at universities all over the world. Students should consult with Academic Advising in order to set up their academic programs and with the Office of Financial Aid to determine whether financial aid packages apply for international study. Students wishing to study abroad should complete their Concordia University registration no later than November 15 for spring, April 15 for summer and May 1 for fall. Check with specific programs for exact deadlines, which may be earlier.

Additionally, Concordia University Chicago has direct cooperative agreements with programs in England, Australia, New Zealand and much of Europe. Students who study on these programs may transfer course credits with a grade and generally apply some portions of their financial aid toward tuition, room or board.

Students who choose to enroll in courses at any institutions other than those with which Concordia University Chicago has agreements will be required to stop-out, suspend their University registration for the period abroad and transfer credits back to Concordia University Chicago without a grade in accordance with the policy for transfer credits. For more information, contact the Study Abroad office.

Academic Status and Academic Probation

- **Academic Good Standing:** This status is achieved by earning a minimum cumulative GPA of 2.0, while also completing a minimum of 67 percent of all coursework attempted in a given academic term.
- **Academic Warning:** Issued to a student whose GPA for any term is below 2.0, but whose cumulative GPA is at least 2.0.
- **Probation:** This status is earned by a student in the semester after his or her cumulative GPA falls below 2.0.
- **Continued Probation:** This status is granted to a student who, while on probation, has failed to raise his or her cumulative GPA to at least 2.0, but has earned a term GPA of 2.0 or higher in the most recently completed term.

- **Academic Suspension: (Sanction)** Any student on probation failing to raise his or her cumulative GPA to at least 2.0, and unable to earn a GPA of at least a 2.0 in his or her next term, is placed on academic suspension for a term of one calendar year.

All students are required to maintain academic good standing. A student in **Academic Good Standing** has a minimum cumulative GPA of 2.0. Satisfactory Academic Progress means that a student has completed a minimum of 67 percent (credits successfully earned/term cumulative credits attempted) of all coursework attempted in a given academic term. This formula for successful progress is the same as federal financial aid eligibility requirements.

An **Academic Warning** is issued to a student whose GPA for any term is below 2.0, but whose cumulative GPA is at least 2.0. Students on Academic Warning will receive a letter from the Dean of Students informing them of their status, and the requirements of this condition. Warned students are required to meet with an academic advisor no later than the first week of the following semester to discuss their course scheduling, and to develop a plan for academic success.

Probation is a set of academic conditions governing coursework, University-sponsored activities, and/or campus employment placed on a student in the semester after his or her cumulative GPA falls below 2.0.

These academic conditions may include:

- *Credit and course restrictions.*
- *Ineligibility to take independent study, directed study or online courses unless otherwise approved by the Dean of Students.*
- *University-sponsored activities may be reduced during the probation period. These activities include, but are not limited to, participation in: athletics, University-sponsored trips, student leadership positions, music ensembles and theater productions.*
- *Hourly limits for on-campus employment.*

Any student earning a cumulative GPA of less than 2.0 shall be subject to Probation. He or she will receive a letter from the Dean of Students informing him or her of their status, and the requirements of this condition. Students on Probation will be required to meet with the Director of the Academic Center for Excellence to develop an academic success contract. Students then will have one semester to regain academic good standing.

Continued Probation is a similar set of academic conditions placed on a student who, while on Probation, has failed to raise his or her minimum GPA to at least 2.0, but has a GPA of at least 2.0 in the next term. Satisfactory Academic Progress requirements apply in this case as well. Any student who is on continued probation may enroll in courses up to, but no more than 15 credit hours in the next semester. He or she will be required to retake those courses in which he or she has previously earned an F or D, as soon as possible.

In a case where a student on Probation has failed to regain Academic Good Standing by the end of the first semester of Probation, but has earned a semester GPA of at least 2.0 in the immediately succeeding semester, the student will be allowed to continue his or her academic pursuits on Continued Probation, and will remain on Continued Probation as long as his or her term GPA is at least 2.0, and Satisfactory Academic Progress requirements are met.

For example:

Semester 1: cumulative GPA 1.50

Semester 2 (probation) term GPA 2.25; cumulative GPA 1.875

Semester 3 (continued probation) term GPA 2.5; cumulative GPA 2.08 (good standing restored)

If the student is unable to earn a term GPA of at least a 2.0 by the end of the semester of Continued Probation, the student shall be placed on Academic Suspension.

Academic Suspension is a sanction. Any student on probation failing to raise his or her cumulative GPA to at least 2.0, and unable to earn a GPA of at least a 2.0 in his or her next term, is placed on academic suspension for a term of one calendar year.

Any student who fails all courses in any term shall be placed on Academic Suspension.

A student may appeal his or her Academic Suspension in the following manner:

- A student on Academic Suspension may appeal for reinstatement to the Academic Standards and Progress Committee convened by the Dean of Students. The decision of the committee is final.
- A student is allowed only one such appeal during his or her academic residency at Concordia University Chicago.

A student may apply for readmission to Concordia University Chicago after Academic Suspension only after one calendar year from the date of suspension, and only if they have successfully completed courses from an accredited college or university totaling 12 credit hours and having a cumulative GPA of at least 2.0.

Dean's List

The Dean's List is composed of degree-seeking students (i.e., baccalaureate degree) who have met the following standards: a grade-point average of 3.62 or better in a given semester at CUC, good disciplinary standing and an academic workload of not less than 12 GPA semester hours (i.e., 12 hours beyond those taken on the Pass/DF Grade Option).

Stop-Out Status

Stop-Out students are students who are currently enrolled at Concordia University Chicago who wish to halt their academic progress for one or more semesters before resuming their program. To be considered for Stop-Out Status, the student must submit the Stop-Out Status Form to the Dean of Students office. Students wishing to be placed on Stop-Out Status within a currently enrolled semester may only do so through the 10th week of the semester. After the 10th week, a student must apply for withdrawal from the University.

The stop-out period may not exceed one academic year. Only under extraordinary circumstances, as approved by the Registrar, may the stop-out status be renewed beyond the one-year limit.

Such students' records will be maintained in the current student files. Students on Stop-Out status need not apply for readmission, but must contact the Academic Advising office to resume their studies. Students in this category are only eligible for financial aid during their actual

semesters of attendance; likewise, verification of enrollment only can be done for actual semesters in attendance.

University Withdrawal

Degree-seeking students who desire to withdraw from the University are to consult with the Dean of Students office and fill out the University Withdrawal Form. Withdrawal is not official until specific responsibilities have been met. Failure to follow this procedure will result in a grade of F rather than a grade of W. After the 10th week of the semester, grades of W will be granted only for extraordinary circumstances as approved by the Dean of Students.

Students who do not maintain continuous enrollment at Concordia University Chicago from semester to semester (excluding the summer term) will be withdrawn automatically from the University as of their last semester of attendance, unless the student is eligible and files for Stop-Out status.

Requirements on Interrupted Programs

Undergraduate students who interrupt their degree programs for more than three years (36 months) must comply with the degree requirements in effect at the time of re-entry to CUC. Students who change their degree program must comply with degree requirements in effect at the time of the change; program changes become official at the Census Date following the petition to change their degree program.

Students returning within the three-year period and staying in the same degree program as when they left may complete either the degree requirements from the catalog of the year they began at CUC, or those in effect when they re-enter. Students cannot combine or mix requirements from the two different catalogs. Students electing to remain with the program requirements from the original date of entry are subject to any changes, however, in state or professional certification requirements during the interim.

The ultimate responsibility for compliance with academic requirements for graduation, selection of courses, and prerequisites and class schedules rests with the student.

Readmission

A student who has officially withdrawn (not stopped-out) and plans to return to Concordia-Chicago should request a Readmission Application. This form is to be completed and addressed to the Dean of Students at least seven days prior to the beginning of the semester. The Readmission Committee will take no action if satisfactory arrangements have not been made for the payment of any outstanding financial obligations. Students being readmitted will return under the same academic status they had at their last date of attendance.

Graduation Information

Conferring Degrees and Awarding Diplomas

Degrees are conferred and diplomas are awarded at the end of each semester and summer term. Formal commencement exercises take place at the end of each Fall and Spring term. Diplomas normally are mailed to the student after the official graduation audit period, barring any outstanding obligations to Concordia-Chicago. Students graduating in the summer term may participate in the commencement ceremony for the following fall term.

Application for Graduation

Students planning to graduate must complete an Intent to Graduate Form by the appropriate deadline as listed on the Intent to Graduate Form. This form is available in the Office of the

Registrar. Failure to submit the form by this deadline will prevent consideration for graduation. A graduation fee will be assessed for each Intent to Graduate Form submitted. The submission of the Intent to Graduate Form initiates the final degree audit, mailings for graduation, the diploma order and the graduation fee. It also establishes the candidate list for faculty approval.

Graduation Requirements

- File an Intent to Graduate Form before the designated deadline.
- Complete the designated credit hours as detailed in the curriculum, relevant to the individual's degree program.
- Attain the required cumulative GPA designated by the College in which the student is enrolled.
- Complete residency requirements.
- If entry was that of a freshman with less than 30 semester hours of credit, an official high school transcript indicating date of graduation must be on file in the Registrar's Office. Transfer students or students with transfer credit also must have on file official transcripts from all colleges attended.
- Complete payment of all fees and tuition due Concordia University Chicago.
- Attain approval of the faculty.

Residence Requirements for Graduation

At least one academic year (32 hours) of study in residence on campus will be required for graduation, preferably the last year before graduation. At least 16 of the last 32 hours in the student's program must be taken in residence; at least six of the last 32 hours must be taken in residence within five years prior to graduation. Half of the hours in each major must be done in residence. These residency requirements may be waived in whole or in part when a student is enrolled in a collaborative program that CUC has officially approved through a consortium or contractual agreement with a partnering institution.

Graduation with Honors

For graduation with honors a student must have earned at least 64 hours in residency at CUC, including the final semester before graduation. At least 46 of the 64 hours must be GPA hours. The cumulative grade-point average will include only work completed at Concordia-Chicago, excluding the last semester prior to graduation.

- 3.90 - 4.00 summa cum laude
- 3.70 - 3.89 magna cum laude
- 3.50 - 3.69 cum laude

Student Services

Elements of Student Life

Weeks of Welcome

Weeks of Welcome (WOW) begins a few days before classes begin in the fall and continues through the first six weeks of school. WOW is designed to both welcome new students to the CUC community and returning students back to campus. Highlights of WOW include new information sessions about University services, Service of Welcome and Induction, Opening Service, Opening Service BBQ, Cougar Fest Involvement Fair, Rock the Block, service projects and more!

Students who begin their studies at CUC during the spring semester receive a personalized orientation to the services the University has to offer and the procedures that have been designed to facilitate their collegiate experience. For more information about Weeks of Welcome or Jump Start, CUC's orientation program, please contact the Office of Student Transitions and Family Programs at Jump.Start@CUChicago.edu.

Living in the Residence Halls

The Department of Residence Life at Concordia University Chicago is dedicated to providing housing to those students who need it. Due to the potential for limitations in housing space, priorities for housing are on a first-come, first-served basis. The Department of Residence Life and Housing work to provide housing first to our traditional undergraduate populations, in double-occupancy rooms. Housing Agreements are binding for the entire school year.

All full-time freshman, sophomore and junior students are required to live in CUC residence halls. Degree-seeking students taking less than 12 semester hours in a 16-week semester (part-time students) are considered ineligible for campus housing but exceptions will be considered (subject to housing availability) on a case-by-case basis. CUC, under its parietal rule (for bond revenue projects), reserves the right at any future dates to require all students to live in University housing. Exceptions to the required housing policy are:

- Full-time senior students, based upon earned credit hours
- The student is living with parent(s) or legal guardian(s) and commuting to campus from that residence
- The student can claim an independent designation as defined by federal aid requirements and standards
- The student is married
- The student, because of a disability, provides the college with appropriate documentation for reasonable accommodations that the University is unable to provide
- The student is 22 years of age at or before the first day of the semester
- The student has children or is the one that provides direct care for a legal guardian

Change of Housing Status and Reimbursement of Payment

The housing agreement is viewed as a contract, according to the prescribed requested housing occupancy time by the resident at the time of application. For the majority of our residential students, this is for full Fall/Spring semesters. **Any student canceling a housing contract and approved by the Director of Residence Life to move off campus will be assessed a \$500 cancellation penalty for breaking the agreed-upon housing contract.**

The cancellation penalty will be assessed to returning students beginning on July 1 of the summer prior to the upcoming year they have applied for and will be deducted automatically

from any room and board refund they might be receiving, or after the 8-week point in the semester when no refund is available, will be added as a penalty charge. Payments for room and board are made each semester, and as such, the reimbursements only apply to payments already made. If a change of residency status occurs after July 1 for returning students and after occupancy for new students, the reimbursements occur according to the following timeline:

Full reimbursement: As established by the housing agreement, students who withdraw their housing application prior to occupancy, or by the end of the first week of classes for either semester, are eligible to a full reimbursement of paid charges, minus the \$500 cancellation fee. If any meals or Cougar cash were used, then a student would be charged for that usage accordingly.

Fifty percent (50%) reimbursement: As established by the housing agreement, any student withdrawing from housing after the first week of classes, but prior to the end of the 8-week mark of the semester, is eligible for a 50 percent reimbursement of room and board charges for the semester, minus the \$500 cancellation fee.

No reimbursement: As established by the housing agreement, any student withdrawing from housing after the 8-week mark of the semester (the exception being hardship cases) will receive no reimbursement of room or board charges for the semester and will be charged a \$500 cancellation fee.

If the cancellation of the housing contract or the change in housing status is due to a significant financial burden, the \$500 cancellation fee and reimbursement for housing can be adjusted or waived with approval from the Dean of Students.

Special Accommodations

The Office of University Housing Services works with students who have a necessity for special accommodations in relationship to their room and board plan. Medical accommodations, such as, but not limited to: medical single room, medically required air conditioning, and special, altered or waived meal plan are requested through the CARE Office located in the Academic Center for Excellence.

Special accommodations can be made via the Application for Accommodations form available on CUConnect or the website at: CUChicago.edu/academics/success/disability-services/. All requests for accommodation are subject to review and approval prior to any allowable updates to status or account. Students must have the Application for Accommodations on file before any requested accommodations will be granted. Information that is incomplete or that has not been completed will be returned to the student without being approved. While every attempt is made to meet all reasonable requests, submission of the Application for Accommodations does not guarantee receipt of stated request.

Single Rooms

All rooms on campus are designated as double occupancy, with the exception of a limited number of single rooms in the new residence hall. These single rooms are available at a premium price.

Medical Single Rooms

Students who require single room living options at the request of their physician for existing health issues are awarded single rooms based on appropriate ADA guidelines. Prior to receiving a medical single room, the student in need must have an Application for

Accommodations completed by his or her attending physician, on file with the Care Office. Medically required single rooms do not have an additional charge associated with them.

Non-Traditional Housing

Graduate student and non-traditional undergraduate (22 years old or older) student housing is available on campus as space permits. Students looking for non-traditional housing must contact the Department of Housing to inquire about and gain approval for on-campus housing based upon availability, suitability and need. Currently, Concordia University Chicago does not offer on-campus housing for married students or families. The Department of Housing will work with students to make referrals for off-campus housing options as questions arise.

Worship Life

Concordia-Chicago is an institution that places significant emphasis on providing a quality liberal arts education within the Lutheran theological tradition. Although many students are Lutheran, a wide variety of Christian backgrounds, including Catholic and other Protestant denominations, are represented. Its educational philosophy is based on the biblical principles of service to God and humankind; CUC remains a University centered in the gospel of Jesus Christ.

In this light, chapel services are conducted daily for the CUC community as well as guests and visitors, with special festival services scheduled frequently. Attendance is voluntary, but all Christians are encouraged to regard chapel as a unique opportunity for spiritual growth. A Lutheran Service of Holy Communion is celebrated weekly as well as Sunday evening student-led Prayer and Praise, and other evening worship and devotional activities. Sunday morning campus worship is hosted by Resurrection Lutheran Church. Transportation can be arranged for students to participate in worship at area churches of various denominations.

Student Handbook

A Student Handbook containing the Student Code of Conduct, information about student activities and policies and support relative to student life is provided online in the forms repository on CUConnect. Copies also are available in the Dean of Students Office.

Health & Wellness

Student Health Services is dedicated to the good health of Concordia-Chicago Students. Concordia University Chicago is committed to making sure that students find quality health and wellness care. Concordia-Chicago attempts to limit the impact of injury or illness by the provision of services for early intervention.

Concordia University Chicago offers convenient health care health services on the Concordia-Chicago campus.

Health Clinic:

West Annex 130
708-488-4307

Concordia University Chicago is committed to making sure students find quality health and wellness care. Concordia University Chicago attempts to limit the impact of injury or illness by the provision of services for early intervention.

The clinic provides services/treatments for these and other minor medical issues:

- Abrasions
- Allergies
- Common Colds
- Coughs
- Ear Infections
- Eye Irritations
- Flu
- Insect/Tick Bites
- Laryngitis
- Minor Burns
- Minor Cuts
- Nasal Congestion
- Sinus Infections
- Skin Conditions
- Sore Throat
- Staple/Suture Removal
- Strep Throat
- Urinary Tract Infections

During the clinic's non-business hours there are several physicians in the area and three walk-in clinics within walking distance of campus for students.

The three walk-in clinics within walking distance from campus:

- *Take Care Health Clinic*
 - No appointment needed
 - Inside the Walgreens' Pharmacy, 7251 Lake St. (Lake & Harlem), River Forest, IL 60305, 866-825-3227. Students need to bring their Student ID, current insurance card and money for their co-pay if applicable
- *Loyola Center for Health at River Forest*

- *Jewel-Osco Walk-In Clinic*
 - No appointment needed, 7525 Lake St. River Forest, IL 60305, 331-221-2800, Mon.-Fri: 8 a.m. - 7:30 p.m.
 - Sat-Sun: 9 a.m. - 4:30 p.m.

Immunization Policy

Illinois state law and University policy require that all traditional students who are newly enrolled at Concordia University Chicago provide written evidence of current immune status or evidence of exemption from this requirement with respect to the following communicable diseases:

- Combined MMR (Measles Mumps Rubella) - Two dates required
OR
- Measles (Rubeola) - Two required after first birthday
- Rubella (German Measles) - Two required after first birthday
- Mumps - Two required after first birthday

AND

- Tetanus/Diphtheria most recent booster (must be a Tdap within last 10 years)
- Menactra (Meningitis) – One vaccination after 16th birthday for students 22 years and younger)

Students not in compliance with Illinois immunization law 30 days after the first day of classes will receive a \$75 non-compliance charge each semester to their student accounts.

Students are not required to have Hepatitis B vaccine www.cdc.gov/vaccines/vpd-vac/hepb/default.htm) but we strongly advise you to obtain information about these vaccines and make an informed decision as to whether or not these vaccines are right for you. Please be

aware of these requirements and consult with your physician about any additional immunizations that you may require.

International students and/or non-U.S. citizens: Vaccines are required as noted. Additionally, these students are required to have a Tuberculin (TB) skin test or blood test for TB with a negative result within the 12 months preceding the first day of classes (chest X-ray required if test is positive). The TB skin test or blood test for TB must be performed in a United States facility.

Evidence of immunization should be provided no later than the beginning of the student's first term of enrollment at CUC. Failure to comply with the state law and University requirements before the end of the first term may result in the placing of encumbrances on the student's record, which will prevent further enrollment.

Personal Counseling

Resident Directors and student resident assistants are the first direct line for advice and assistance to students in the residence halls. The University Pastor and University Deaconess also are available for additional counseling. For situations warranting a more formal counseling setting, The Counseling Center is staffed by licensed clinical counselors and is available to the entire campus community for personal consultation. In some cases students also may be referred to local services for additional support.

Food Service

Concordia-Chicago's food service, provided by Sodexo, includes a wide variety of flexibility and options for students. A meal plan is automatically included in the Residential Package for students living on campus. The default meal plan for that package is the Cougars Meal Plan, which consists of 200 meals per semester and \$225 of Cougar Cash per semester. Cougar Cash is a declining balance that can be used for a la carte purchases in one of CUC's a la carte locations: the Library Café, Christopher Center Café, Big Cats Smash-N-Shake, and Subway in the Cougar Den. The meals are used in the Crossroads Dining Room for the purchase of lunch or dinner.

Additional meal plans include the following (prices may vary):

- **Maroon Meal Plan** – 120 meals per semester, plus \$275 Cougar Cash per semester
- **Gold Meal Plan** – 60 meals per semester, plus \$1000 Cougar Cash per semester
- **CT Meal Plan** (additional \$250 charge/semester) – 225 meals per semester, plus \$425 Cougar Cash per semester

Each meal plan allows students to exchange any number of meals for \$5 per meal in Cougar Cash. In addition, with these plans, students are allowed to utilize an unlimited number of allotted meals at any given mealtime in the Crossroads Dining Room. Meal exchanges are available at each campus food service outlet except Subway during all hours of operation. A meal exchange can be for up to \$5 in product or one of the predetermined meal replacements offered. Any unused Cougar Cash carries over between fall and spring semester, but not between any other semesters.

Students involved in full-time, off-site student teaching or internships are able to receive a reduced-rate meal option. Approval must be given by the Director of University Housing Services.

Vacations

The University suspends all activities during recess periods of seven calendar days or more, such as Spring Break and Christmas Break. It is the policy of the school at these times to close the residence halls and dining facilities. Students will not be excused to leave early or return late in order to extend vacations.

Vehicles

All students operating motorized vehicles while attending Concordia University Chicago are required to register their vehicles and obtain a parking permit from the Campus Security Office (Addison 140). There are separate fees for Residential and Commuter permits. All vehicular traffic on the campus is subject to the requirements of the current edition of the Comprehensive Campus Traffic and Parking Policy and Procedures document, available through the Campus Security Office and in the forms repository on CUConnect. Failure to receive a permit or to follow the guidelines of the campus parking policy will result in ticketing and fines that will be applied to the student's account. Street parking is discouraged strongly and is subject to local ordinances, which are enforced by the River Forest Police Department.

Bookstore

The campus bookstore, operated by Barnes & Noble Booksellers, is located on the lower level of the Koehneke Community Center (KCC). Available are all course textbooks, school supplies, gift items and clothing with University insignia.

Post Office

The campus post office is located in the Koehneke Community Center and handles all on-campus mail, federal mail and international mail, as well as making stamps and other postal services available.

Student Leadership and Involvement

Concordia University Chicago strives to provide students with educational, social and spiritual opportunities for growth outside of the classroom. The Office of Student Leadership and Involvement assists in this endeavor by offering a multitude of on- and off-campus events and leadership opportunities. The Office of Student Leadership and Involvement also coordinates commuter student programs, service opportunities and provides support and guidance for student organizations.

Co-Curricular Activities

Fine Arts

The University perpetuates its rich musical heritage by offering students opportunities to participate in a variety of music ensembles. Under the leadership of the music department, these groups are arranged to meet a wide variety of student talent and interest. Performances, on- and off-campus, add an important dimension to student life. Off-campus performances allow students to share with the neighboring community the rich musical heritage of CUC, as well as providing enjoyment and personal growth to the participants. The outreach to the community increases as both the Concordia-Chicago Wind Symphony and Kapelle take extended tours during the spring break each year.

The Collective provides a full program of dramatic activities throughout the year, ranging from new works to full-scale musicals and student-directed one-act plays. These are performed regularly, giving students a variety of learning opportunities both on and offstage.

Students are encouraged to use their skills in whatever capacity possible, whether it be helping clean up after construction work, applying makeup and doing hair or delivering lines on stage.

Students are given the opportunity to act as leaders and teachers throughout the year, sharing the task of creating each successful production.

Other theater groups include the drama ministry team “Decapolis” and the student improvisation group, The Unprofessionals.

The Elizabeth Ferguson Gallery offers art students the opportunity to view and study the works of current artists, as well as offering the art majors the experience of exhibiting their work in the Senior Art Show. A wide range of artwork in a variety of media is displayed throughout the year. The art gallery is open to the public for viewing the works of local artists, nationally known artisans and the excellent work of CUC’s own art students.

At WCGR Radio Station, students get hands-on experience and training with audio equipment by hosting their own radio show. Students can also get professional managerial experience by managing live shows. WCGR radio is constantly streaming, with student-hosted radio shows occurring every night.

At WCGR-TV, students get hands-on experience and training with audio and video equipment by producing their own short films. WCGR-TV students have conducted a variety of interviews, including a Chicago Cubs announcer, an ABC news producer and a voice actor for the Judge Mathis Show. *WCGR News* is a studio-based news show that includes location news stories created by student reporters and crew.

The Spectator is Concordia University Chicago's student-led newspaper covering campus and student life. *The Spectator* provides a great opportunity to build a journalism portfolio as students can write, edit and lay out news, features, reviews, opinion articles and more. Students can also learn the process of publishing as an editor of the paper, and fine-tune new media skills with the paper’s online presence.

Extracurricular Activities

Student Events

A comprehensive Student Events calendar is available to view by the entire student body at CUChicago.edu/StudentEvents and also on the CUConnect portal. All student events are located here and can be filtered by interest.

Student Groups

A number of Student Groups are available for student participation. Student Groups exist and can be created around specific interests or talents. Some of our groups include Black Student Union (BSU), Campus Activities Board (CAB), Latino Student Union (LSU), Student Athlete Advisory Committee (SAAC), Student Government Association (SGA) and Spiritual Life.

Intramurals & Campus Recreation

Throughout the year, different sports leagues are offered as part of the Intramurals programs. Students may sign up individually or as a team online at IMLeagues.com. Typical league offerings include Ultimate Frisbee, volleyball, soccer and basketball. In addition to sport leagues, a variety of special recreation events are held, which include bubble soccer, dodgeball tournaments, and open gym sessions where students are welcome to play pickup games of their choice.

For more information on student groups, Intramurals, or student events, please contact the Office of Student Leadership & involvement at StudentActivities@CUChicago.edu

Athletics

Concordia University Chicago offers 17 intercollegiate sports to its student-athletes. Men's teams compete in football; soccer; cross country; basketball; baseball; lacrosse; track and field; tennis; and volleyball. Women's teams compete in volleyball; soccer; cross country; basketball; softball; lacrosse; track and field; and tennis.

The mission of the Concordia University Chicago Athletics Department is to provide a positive athletic experience to all individuals. Every experience should support and encourage the student-athlete's academic development and personal growth in a program dedicated to quality and excellence at the NCAA Division III level.

The goal is to prepare student-athletes for productive careers and active, responsible lives. It is our responsibility to help student-athletes graduate and be productive as Christian adults in the world. CUC wishes to emphasize honesty, personal integrity and independent thinking. Intercollegiate athletics is intended to provide students with opportunities to enhance their educational experiences. It is a privilege to represent Concordia University Chicago, and student-athletes need to consider it as such. Participation in the program, however, is secondary to the academic obligation of students.

The welfare, health and safety of student-athletes are primary concerns of the Athletics Department. Every student-athlete, in all sports, will receive fair and equitable treatment. Student-athletes will have no unique privileges in admission, grading or living accommodations that a non-athlete would not receive as a student of Concordia University Chicago. Concordia-Chicago participates in the Northern Athletics Collegiate Conference (NACC), which includes 12 private colleges and universities from Wisconsin and Illinois.

Elements of Academic Life

Academic Advising

The Office of Undergraduate Academic Advising (with the exception of ADP students) partners with all undergraduate students and is focused on efficient progress. Academic advising is offered to all current undergraduate students to educate, assist and empower them in making well-informed decisions related to academic goals, student programs and supplemental learning experiences. Academic advisors are available by appointment to assist undergraduate students with meeting graduation goals for their programs of study in accordance with the University's program requirements and the standards set by any certifying agency.

All students are encouraged to consult with their academic advisor a minimum of once per academic year. Advisors frequently meet with students who want to declare or remove majors or minors, conduct an unofficial degree audit or develop graduation plans. Advisors have student success in mind and also will encourage and refer students to other academic support services available on campus to enhance and support academic success. Other academic questions or concerns may be addressed to the student's academic advisor as needed. Every student is required to attend mandatory advising information sessions that clearly describe policies and procedures as they relate to freshman, sophomore, junior and senior status students.

Students who declare a major are automatically assigned a faculty advisor who may assist with developing class schedules for registration, discuss possible internships and careers relating to

the student's major and serve as a mentor for those who are pursuing a major within the faculty advisor's area of expertise. All students are encouraged to continue annual consultation with an academic advisor until the ultimate goal of graduation is met. The Advising Office is located in the lower level of Addison Hall 155.

Transfer Alert! The Illinois Articulation Initiative (IAI)

Concordia University Chicago is a participant in the Illinois Articulation Initiative (IAI), a statewide agreement that allows the transfer of the completed Illinois General Education Core Curriculum between participating institutions. Completion of the transferable General Education Core Curriculum at any participating college or university in Illinois assures transferring students that lower-division general education requirements for an associate or bachelor's degree have been satisfied, excluding graduation and mission-related requirements. This agreement is in effect for students entering an associate or baccalaureate degree-granting institution as a first-time freshman in summer 1998 and thereafter.

The following codes identify qualifying general education courses:

- IAI C: Communication
- IAI F: Fine Arts
- IAI H: Humanities
- IAI L: Life Sciences
- IAI M: Mathematics
- IAI P: Physical Sciences
- IAI S: Social/Behavioral Sciences

If a student has completed only part of the Core Curriculum, or is transferring from a non-IAI participating institution, transfer credit for completed coursework will be awarded the same as if the Core had been completed. However, the remaining coursework necessary to complete the bachelor's degree will be determined according to CUC's current practices and policies.

Concordia-Chicago recognizes proficiency and CLEP credit, and will apply it toward IAI General Education Core Curriculum as appropriate. See an academic advisor for additional information and read about the IAI at www.itransfer.org.

Learning Assistance

The Academic Center for Excellence provides academic support to all CUC students. Our goal is to help students to be successful in their classes. Free peer tutoring is provided for students experiencing difficulty in a class. The Peer Tutoring Line is 708-209-3462. A one-credit course and individual advising also are available to review or sharpen study strategies. The Academic Center for Excellence is located on the lower level of the Klinck Memorial Library.

Placement/Employment

Concordia University Chicago maintains two offices that provide placement/employment services:

The Synodical Placement Office deals with placement into Lutheran teaching and all programs offered by the University leading to professional work in The Lutheran Church–Missouri Synod (LCMS).

The Career Services Office is not just about finding a job after college. Rather, it is about developing skills that are essential in managing a career at any point throughout the career development continuum. The goal is to assist students and alumni in every aspect of career exploration and goal fulfillment.

Career Services staff is available to meet with students to develop their job search strategies and assist in targeting employers utilizing a variety of online resources. CUC's affiliation with

employers, as well as a consortium called the Illinois Small College Placement Association (ISCPA) has resulted in a broad range of opportunities for students and alumni. The Concordia Online Career Center website links students to resources for résumé writing, job and internship searches, and announces career-related events such as job fairs and workshops.

Career Counseling

All students are encouraged to meet with a Career Services staff member. Career Services provides access to a variety of resources with information on occupations, projections and preparation. This will help prepare students to assess themselves successfully, research options and use effective tools in their job search.

Career Services offers a wide range of programs to help students match their interests, values and activities with possible career paths. Services and programs are provided through the Concordia Career Services website and through individual appointments in the Career Services office. Career counseling is available to all students. If students have any questions, contact Career Services at 708-209-3033.

Commuter Services

The University is committed to providing quality services and opportunities for participation in co- and extra-curricular activities to all students, including those who commute to the campus from their homes in the community. The members of this group constitute nearly one-half of all Concordia University Chicago undergraduates and make invaluable contributions in the classrooms, on athletic teams and in student organizations. Commuting students are strongly encouraged to take full advantage of all the resources the University has to offer, as well as suggesting ways the University could strengthen its ties with the commuting population.

Students with Disabilities

Students with disabilities should contact the Academic Center for Excellence, located on the lower level of Klinck Memorial Library, for information concerning accommodations in the classroom. A diagnosis and documentation of testing by a licensed professional must be submitted to the Academic Center for Excellence before services may be received.

Library Services

The Klinck Memorial Library provides print and electronic resources to support the University curriculum. The collection is complemented by many academic, special, and public libraries in the Chicagoland area. Klinck Memorial Library is home to more than 160,000 books and audiovisual materials, 237 print periodical subscriptions, 480,000 ERIC microfiche documents, and 50 electronic databases with remote access. A special collection of musical scores, longplaying vinyl albums and CDs is also available for use by library patrons. There are 38 public computers, and wireless internet access is provided. A group study and the Center for Church Music, as well as the audiovisual listening and viewing center, are part of the library.

The Christopher Resource Center, located in the Christopher Center Building on the west end of campus, is an integral part of the Klinck Memorial Library. The Resource Center contains a large collection of both fiction and non-fiction materials from pre-K to young adult, as well as an extensive curriculum collection, representing textbooks and teaching materials from different publishers in all levels and subject areas. It houses a production room, which includes a laminator, die cut machines with various die cuts, a binding machine and construction paper.

The Instructional Design, Teaching and Learning Center is also located in the Resource Center. This lab is used by faculty for online, hybrid and web-enhanced instructional design.

The Klinck Memorial Library is a member of the Metropolitan Library System, LIBRAS and CARLI. LIBRAS membership consists of 17 private college and university libraries located in the Chicago metropolitan area focusing on promoting cooperation, continuing education and networking among its members. CARLI member libraries share resources, including the I-Share online catalog, among 71 academic and research libraries. In addition, Concordia University Chicago is a member of the University Center of Lake County, which provides bachelor's completion, graduate and advanced professional development programs to those who work and reside in Lake County.

CougarNet

CougarNet provides all information and technology services for Concordia-Chicago students, faculty and staff, including computer support services, audiovisual resources and setup, and assistance with Banner Web, CUC's administrative software. CougarNet plays an essential role in providing the information resources that students, faculty and staff need to achieve academic excellence.

Media Production

Concordia Media Productions comprises video and audio production services, the campus cable network, and extracurricular radio and television programs under the call-sign WCGR: The Underground. Three satellite dishes are utilized to downlink a custom variety of standard and high-definition academic and entertainment programming for the campus community. Cable television outlets are provided at more than 700 locations throughout the campus, including every residence hall room, all classrooms, as well as community lounges and the campus cafeteria.

Information Technology Services

Information Technology Services (ITS) provides and supports the campus data network. ITS provides network services on the campus for computing devices by managing a 1000Mbps fiber optic backbone connecting Ethernet data jacks in all residence halls, classrooms, offices, libraries and other campus buildings. Wireless connectivity also is available in all dorms and classrooms and in many public buildings around campus for students to access the network with laptop computers and mobile devices. A high-speed, dedicated internet link provides the campus network with full access to the Internet.

ITS provides and supports a full range of server resources including usernames/passwords, email and Web hosting, network disk space, and print queue management. ITS also maintains more than 200 email lists for sending messages to various campus populations. ITS conducts regular training sessions on various application software packages used across campus and provides audio and visual listening and viewing stations, personal computers, and graphic, photographic and multimedia resources for classes and special events. ITS can serve as a resource for students who wish to purchase their own computer, laptop, or software and also operates the CougarNet Help Desk, which provides technical assistance to campus technology users.

Computer Labs

ITS also supports three well-equipped, general-use computer labs for student use. One lab is open seven days a week, 24 hours a day. Computers are updated frequently and provide students with excellent access to the latest in computer hardware and applications. There is also a dedicated music computer lab for class use. Workstations also are available for use in both campus libraries, as well as in select locations across campus.

Administrative Information System Services

Administrative Information Systems (AIS) supports and coordinates Concordia-Chicago's administrative software package (SCT Banner). Banner provides students and faculty with secure Web access to administrative data. Students have access to course schedules, personal class schedules, accounts, financial aid awards, grade reports, telephone bills and transcripts.

Concordia Connect Portal

Managed by AIS, the Concordia Connect Web portal—accessible at Connect.CUChicago.edu—is a secure and personalized website designed to provide individuals with a single location to access many of the online resources commonly used at CUC. The portal offers direct links into Banner Web for common tasks such as registering for classes, viewing your grades, requesting a transcript, viewing your bills and making online payments. Other services accessible through the portal include CUC Webmail, Blackboard, group communication tools, a calendar client and much more.

Web Services

Web Services is a division of CougarNet responsible for the management and development of University and departmental webpages. Web Services also assists in University research, streaming media and the CUConnect Web Portal.

Telecom Services

Telecom Services provides and supports the campus telephone/voicemail network. This network includes dial tone telephone instruments, local calling, long distance calling and voicemail services, as well as individual direct dial numbers to resident students, faculty members and staff members. Off-campus callers can dial directly the person they wish to speak with and conveniently leave a message if a party is unavailable.

Print Services

Print Services provides and supports campus printing devices, including centrally located high-speed printers, copy machines, folding and sorting machines and color copiers as well as distributed laser printers and digital copiers throughout the campus.

College of Arts & Sciences

Liberal Arts at Concordia University Chicago

The College of Arts and Sciences at Concordia University Chicago examines and unleashes what it means to be human in preparation for life in all its dimensions. Taking time and making space for contemplation, we work to ask better questions, seek complex answers and plan for workable solutions.

Centered in the Gospel of Jesus Christ, our liberal arts culture forms the basis for our undergraduate education, providing many and various opportunities to learn, and encouraging a broad world perspective. We rigorously investigate our complex world through different ways of thinking, from diverse perspectives and in a variety of disciplines. We develop the ability to think critically and creatively, and the skills to communicate ideas effectively. Learning from the past, confronting the present and influencing the future become the core of all learning, so that our graduates are well-prepared to serve and lead in many vocations

Curriculum

The College of Arts and Sciences offers a general education component that provides a broad base of knowledge and serves as a foundation for further study, as well as over 50 majors and minors, drawn from disciplines in the arts and humanities; social and behavioral sciences; and science and technology. Graduation Requirements

Students in the College of Arts and Sciences must meet all University requirements found in the Academic Information section of this catalog. Specific requirements of the College of Arts and Sciences include the following:

- A minimum cumulative GPA of 2.00 for all coursework completed at CUC
- A minimum GPA of 2.00 for all courses taken in the major at CUC
- A minimum grade of C- for all courses taken in a major at CUC
- The department of Natural Science and Geography requires a minimum grade of D- for courses within the major that are not pre-requisites for other courses. For courses that are pre-requisites, the C minimum remains
- The Pre-Art Therapy program requires a minimum grade of C for courses within the major.
- ENG-1000, ENG-1100, ENG-2000, MAT-1000, MAT-1010 and any course in a major at CUC may not be taken on the Pass/DF grade option

Experiential Learning and Career Services

- In the College of Arts and Sciences, faculty and staff work to help prepare students for the next step in their career development through skill building, experiential learning, networking and assistance with job placement.
- Experiential learning opportunities take many forms: service learning, volunteer events, internships (paid and unpaid), observations and field experience. Many of the academic programs in the College of Arts and Sciences include opportunities or requirements for experiential learning, and the Office of Career Services facilitates even more possibilities for real-world, hands-on experiences.
- Students wishing to pursue an internship should consult their faculty advisors and the Office of Career Services at least a semester in advance. All academic internships (internships for which a student will receive credit) require faculty approval, and will contain clear objectives and evaluative criteria. All experiential learning must be registered with the Office of Career Services.
- The Office of Career Services serves all Concordia University Chicago students and alumni as a source for career exploration, career development strategies and market assessment. Staff members facilitate connections between students and employers, and assist with job searches. Students are encouraged to connect with Career Services throughout their time at CUC, as events and services are tailored for various stages of career development.
- The Synodical Placement Office provides placement orientation and manages placement for students in programs offered by the University leading to professional work in The Lutheran Church–Missouri Synod.

College of Arts & Sciences Pre-Professional Studies Programs

Criminal Justice

Although law schools do not require specific majors for admission, CUC's criminal justice major is designed for students particularly interested in careers in law, law enforcement, corrections or social justice. The criminal justice major helps students understand legal institutions and issues faced by America's legal and justice professionals. Criminal justice now offers a certification in policing.

Health Sciences—Professional and Pre-Professional Programs/Majors

While no specific major is required for many pre-professional programs, Concordia University Chicago offers specialized majors for a number of post-baccalaureate graduate programs. The admission requirements for the joint-degree programs with Resurrection University and Lake Erie College of Osteopathic Medicine are listed in the section: College of Arts & Sciences Special Admissions Criteria. Individual programs/majors course requirements are listed in the section: College of Arts and Sciences, Bachelor of Science (or Arts) Degree Requirements.

- Pre-Athletic Training (B.S.)
 - An alternative pathway to a graduate program in Athletic Training is a major in Exercise Science.
- Pre-Clinical Exercise Physiology (B.S.)
 - An alternative pathway to a graduate program in Clinical Exercise Physiology is a major in Exercise Science. A B.S. in Clinical Exercise Physiology provides eligibility to sit for the Registered Clinical Exercise Physiology exam (RCEP Exam) and Certified Clinical Exercise Physiology exam (CEP Exam), both offered through the American College of Sports Medicine (ACSM).
- Pre-Dentistry (B.S.)
 - Alternative pathways to dental school include majors in Biology, Chemistry, or other majors that include required courses to take the DAT exam.
- Dentistry (D.D.S.) Early Acceptance Program
 - A 4 + 4 partnership with Lake Erie College of Osteopathic Medicine School of Dentistry. It is a competitive admission program for selected high school seniors or current Concordia-Chicago students prior to the start of their junior year.
- Emergency Medical Service (B.S.)
 - A 3 + 1 joint program with Loyola University Medical Center leading to EMT-Paramedic and eligibility to challenge either the National Registry examination for National Registry Paramedics (NRP) or the Illinois Department of Public Health examination to gain licensure in Illinois.
- Health Informatics and Information Management (B.S.)
 - A 2 + 2 joint degree with Resurrection University College of Allied Health that will provide eligibility to sit for the Registered Health Information Administrator certification examination (RHIA Certification).
- Pre-Medicine (B.S.)
 - Alternative pathways to medical school include majors in Biology, Chemistry, or other majors that include the required courses to take the MCAT exam.
- Medicine (D.O.) Early Acceptance Program
 - A 4 + 4 partnership with Lake Erie College of Osteopathic Medicine Medical College. It is a competitive admission program for selected high school seniors or current Concordia-Chicago students prior to the start of their junior year.
- Nursing programs:

- Pre-Nursing (B.A.)
 - A two- to four-year preparatory major to meet the admission requirements to a Nursing School (B.S.N.).
- Nursing (B.S.N.)
 - A 2 + 2 year joint degree with Resurrection University College of Nursing leading to a bachelor's degree in Nursing.
- General Entry Masters (GEM) in Nursing (M.S.N.)
 - A partnership with Rush University guaranteeing admission of four CUC students each year who have earned a B.A./B.S. in any major with four required science classes (chemistry, microbiology, anatomy & physiology I & II) and a GPA of 3.0. This leads to a Master of Science in Nursing.
- Pre-Occupational Therapy (B.A.)
 - Alternative pathways to a graduate program in Occupational Therapy include majors in Biology, Exercise Science or any other degree meeting the graduate program prerequisites.
- Pre-Pharmacy (B.S.)
 - Alternative pathways to pharmacy school include majors in Biology, Chemistry, or other majors that include required courses to take the PCAT exam.
- Pharmacy (Pharm.D.) Early Acceptance Program
 - A 4 + 4 partnership with Lake Erie College of Osteopathic Medicine School of Pharmacy. It is a competitive admission program for selected high school seniors or current Concordia-Chicago students prior to the start of their junior year.
- Pre-Physical Therapy (B.S.)
 - Alternative pathways to Doctorate of Physical Therapy programs include majors in Biology, Pre-Dentistry, Pre-Medicine, Pre-Pharmacy or any other degree meeting the graduate program prerequisites.

Pre-Art Therapy

A master's degree in art therapy is required to become a registered art therapist. With coursework from art and psychology, this program provides a solid base for students wishing to pursue graduate school. Although art therapy programs do not typically require specific majors for admission, CUC's interdisciplinary pre-art therapy major provides students with a solid background in psychology—especially counseling-related courses—and helps them acquire hands-on art experience in a variety of art media and provides the opportunity to prepare an art portfolio (required for admission to most graduate programs). Course requirements are listed in the section: College of Arts and Sciences, Bachelor of Arts Degree Requirements.

Social Work

CAS Social Work graduates are considered professional social workers who can be employed in entry-level social work positions in the community. Upon successful completion of the program the student earns a baccalaureate degree and is eligible to begin to gain the two years of supervised practice required to qualify for licensed social worker designation (LSW). The admission requirements for the social work program are listed in the section: College of Arts & Sciences Special Admissions Criteria. Course requirements are listed in the section: College of Arts and Sciences, Bachelor of Arts Degree Requirements.

Theology—Professional and Pre-Professional Programs

The theology department offers a professional program for future deaconesses, and a pre-professional program to prepare future pastors for study at seminary.

- Deaconess Program

- The Deaconess Program prepares students to serve in congregations, agencies and missions of The Lutheran Church—Missouri Synod (LCMS). As a compassionate servant-leader, a deaconess encourages and guides the Church's life of mercy; she offers spiritual care and teaches God's Word.
- Begun in 1980, CUC has the only undergraduate program leading to full certification as a deaconess, eligible to be rostered as an LCMS Minister of Religion—Commissioned. This five-year program includes a Theology major, Deaconess specialization, choice of minor and a paid one-year internship in an LCMS congregation, Recognized Service Organization or mission of the LCMS (overseas internships may be 18-24 months).
- Upon successful completion of the program, the student earns a baccalaureate degree and is eligible, not guaranteed, to receive LCMS deaconess certification or placement. CUC's Synodical Placement Office facilitates the call process. If graduate study is desired instead, the student will be well-equipped to enter an advanced degree program.
- Students desiring entry into a public ministry in the LCMS must have earned a minimum GPA of 2.75 for all prescribed Theology requirements. Students desiring deaconess certification also must have a minimum GPA of 2.75 in their Deaconess Specialization courses. All theology and deaconess courses used in the GPA calculations must have a grade of "C" or better and cannot be taken under the P/DF grade option. Deaconess students must maintain an overall minimum undergraduate GPA of 2.5. Further admission requirements for the Deaconess program are listed in the section: College of Arts & Sciences Special Admissions Criteria.
- Course requirements are listed in the section: College of Arts and Sciences, Bachelor of Arts Degree Requirements.
- Non-course Degree Requirements
 - Over the five-year program, students will experience ministries and trainings through co-curricular requirements. Observation hours will enable the student to see best practices in real life. Service hours will provide experience and exposure prior to formal field work. Trainings will assist the student in responding appropriately and with confidence to crises and caregiving situations arising in church work.
 - Requirements for deaconess certification not tied to course requirements include
 - 50 observation hours
 - 50 service hours
 - Certification in adult and pediatric CPR, First Aid and use of an A.E.D.
 - Trainings in crisis and chronic care (e.g., disaster response, mental health first aid, suicide prevention, disabilities, domestic abuse, crisis pregnancy)
 - A full list of non-course degree requirements with criteria, explanations and opportunities is in the Deaconess Program Handbook, available online to enrolled students.
- Pre-Seminary Program
 - The Pre-Seminary Program of Studies is not in and of itself a degree program, but designates coursework to be taken within the College of Arts and Sciences, College of Business, or in the College of Education. Pre-Seminary students with majors in the College of Business or College of Education should consult those

respective sections for program requirements. Students completing all the prescribed coursework will be identified as having completed the Pre-Seminary Program of Studies on their transcripts. These programs will meet all academic entrance requirements for both seminaries of The Lutheran Church—Missouri Synod.

- Students desiring entry into a public ministry in the Lutheran Church—Missouri Synod must have earned a minimum GPA of 2.75 for all prescribed Theology requirements. All courses used in the GPA calculations must have a grade of C or better and cannot be taken under the P/DF grade option.
- Pre-Seminary Liberal Arts Track
 - Choose any liberal arts major. Course requirements are listed in the section: College of Arts and Sciences, Bachelor of Arts Degree Requirements.
 - *Recommended:* Theological Languages
 - *Suggested:* Communication, English, History, Philosophy, Psychology, Sociology
 - Choose one or more of the following liberal arts minors (cannot duplicate major area).
 - *Recommended:* Biblical Languages (not available with a Theological Languages major)
 - *Suggested:* Communication, English, History, Philosophy, Psychology, Sociology
 - *Note:* Pre-Seminary students in the liberal arts track must choose either a Theological Languages major or a Biblical Languages minor.
- Required coursework if not taken as part of major or minor:
 - One PHI Course (PHI-2210 recommended)
 - THY-2010 Introduction to the Old Testament
 - THY-2210 Introduction to Lutheran Theology
 - THY-3105 Introduction to the New Testament
 - THY-3210 Christian Life
 - THY-4240 The Church and Its Ministry

College of Arts & Sciences Special Admissions Criteria

Social Work

- Students must make formal application to the social work program during their sophomore year.
- All students must be formally admitted to the program prior to registering for social work practice courses (SOW-4420, SOW-4430, SOW-4440), and after having successfully completed the introductory course for the program (SOW-4000).
- Students who demonstrate an interest in and commitment to the profession of social work must meet the stated criteria, complete the application form, and submit the necessary documentation to the Department of Social Work.
- Applicants to the program must have attained an overall GPA of 2.5 (on a scale of 4.0), and have taken or be taking the following courses as prerequisites with a grade of C or better (these courses may also be taken to meet general education requirements):
 - ATH-2020 Introduction to Cultural Anthropology
 - or
 - SOC-2010 Introduction to Sociology
 - PSY-2000 General Psychology
 - BIO-1200 Biology in the World Today
 - POS-1100 American Government & Politics
 - or
 - HIS-1500 History of the American People
 - or
 - POS-2300 Social & Political Philosophy
- The student must submit:
 - A completed application for admission.
 - Personal statement detailing their interest in the profession of social work.

- Two letters of reference that provide support of the applicant's academic and personal capacities for social work, and their potential for success in the field. One letter must be from a former teacher/instructor.
- The Department of Social Work does not grant course credit for life experience. This includes all work and volunteer experiences prior to or during the period of time the student is enrolled in the Social Work Program at Concordia University.

Theology

Deaconess Program

In order to support students in personal and vocational development, there will be five Transition checkpoints after initial admission to the University, during the course of study:

- Interview with Deaconess Director
- Admission to Deaconess Program
- Admission to Deaconess Internship
- Program Completion
- Deaconess Certification

At the end of each Transition, the student will be notified of the outcome within 7 days. The outcome options are: approval, provisional approval or denied. If a student is denied approval through a Transition point, within 30 days of receiving the written denial, the student may either:

- Re-apply after positively addressing, with supporting documentation, the conditions that led to the denial. If the student is denied approval a second time, within 30 days the student may submit a Letter of Appeal to the Dean of the College of Arts and Sciences. If dissatisfied with the decision of the Dean, within 30 days of receiving the Dean's decision the student may appeal in writing to the Vice President of Academic Services whose decision is final.

OR

- Submit a Letter of Appeal to the Dean of the College of Arts and Sciences. If dissatisfied with the decision of the Dean, within 30 days of receiving the Dean's decision the student may appeal in writing to the Vice President of Academic Services whose decision is final.

Full criteria and explanations for Deaconess Program Transition requirements are in the Deaconess Program Handbook, available online to enrolled students.

Transition One: Interview with Deaconess Director

- By March 1, normally in the freshman year, the student will submit an initial portfolio and sit for an interview with the Deaconess Director. The portfolio will include evidence of:
 - Completion of THY-2600 Intro to Deaconess Ministry with "C" or better
 - One Theology class with "C" or better
 - 5 hours of Observation
 - 5 hours of Service

Transition Two: Admission to Deaconess Program

- By March 1, normally in the sophomore year, the student will apply for formal admission to the Deaconess Program and sit for an interview with the Deaconess Review Committee. Forms and procedures are in the Deaconess Program Handbook. Required components for admission include:
 - Permission of the Deaconess Director to sit for the admission interview
 - Minimum cumulative GPA of 2.5 or above

- Minimum GPA of 2.75 in theology major and deaconess specialization courses, with a grade of “C” or better in each course
- Completion of 4 of 5 introductory Theology courses:
 - THY-2010 Introduction to the Old Testament
 - THY-2210 Introduction to Lutheran Theology
 - THY-3105 Introduction to the New Testament
 - THY-3210 Christian Life
 - THY-3310 History of Christian Biography
- Application
 - Recommendations from four people: 1) Home pastor, 2) a CUC professor, 3) An individual for whom the applicant has worked, 4) An adult (not family or friend) who has observed the applicant in leadership or service
 - Criminal fingerprint background check
 - Portfolio, including evidence of:
 - Current Program Plan
 - Completion of at least 30 Observation Hours
 - Completion of at least 30 Service Hours
 - The application materials and interview should exhibit the student’s commitment to Christ, capacity to serve and lead in an LCMS context, willingness to learn, and dedication to adorn the Gospel with a godly life. Diaconal characteristics such as compassion, mercy, poise and maintaining harmonious relationships should be evident, as well as the capacity for skills in good communication, leadership and organization, among others.

Transition Three: Admission to Deaconess Internship

- Internship is typically a one-year (longer for international missions) full-time experience with stipend in a congregation, agency or mission of the LCMS. It is served under the guidance of an on-site LCMS-rostered supervisor and a CUC supervisor. The internship candidate must meet the requirements of all steps of Transition Three in order to begin internship. Progress through Transition Three normally extends over most of senior year.
- Step 1: Application for Internship
 - By November 1, the student will submit the Application for Internship to the Deaconess Director. The application will also include:
 - Updated Portfolio, including evidence of:
 - Current grade report
 - Completion of 50 Observation Hours
 - Completion of 50 Service Hours
 - The Deaconess Director and one appropriate faculty member will interview the student.
- Step 2: Approval for Internship Placement Service
 - By March 1, the student will update the Portfolio to include the following documentation:
 - First Aid/CPR/AED certification
 - Updated grade report
 - Field Work evaluations
 - Approval of the Deaconess Director for Internship, pending successful Step 3.
 - Upon successful completion of Step 2, the student is approved for participation in the Intern Placement Service.

- Step 3: Final Approval for Internship
 - Successful grade report showing prerequisites and GPA standards are met
 - Completion of at least 30 hours in Theology
 - Completion of at least 12 hours in the minor
 - Completion of at least 50 percent of non-course degree requirements

Transition Four: Program Completion

- The Deaconess Program Handbook, the Deaconess Internship Handbook and the Internship Syllabus provide details and guidelines for program completion. Successful completion includes:
 - Completion of all course and non-course requirements
 - Satisfactory completion of internship by meeting or exceeding all requirements
 - Participation in and successful completion of internship seminar(s)
 - Submission of completed portfolio
- The student who is not eligible for, or who does not desire, LCMS Deaconess Certification may withdraw from the Deaconess Program and change to Liberal Arts: Theology major in order to complete their degree.

Transition Five: LCMS Deaconess Certification

- A student seeking LCMS Deaconess Certification will proceed through Transition Five concurrently with Transition Four. The student must successfully complete both Transitions Four and Five before being eligible to serve as a deaconess of the LCMS.
- In order to receive approval for certification, the student must complete:
 - Additional Deaconess Program portfolio requirements pertaining to placement and call
 - A successful exit interview with the Deaconess Review Committee
- The Synodical Placement Director will oversee and coordinate the process whereby a deaconess candidate receives certification placement. The student must complete all requirements of CUC's Synodical Placement Office.

NOTE: For students planning related graduate/professional programs, Organic Chemistry I & II, Elementary Physics I & II, and Calculus I are strongly recommended as additional support courses.

Biology Major - B.S. (58 hours)

Required (26 hours)

- BIO-2011 General Biology I
- BIO-2012 General Biology II
- BIO-3215 Microbiology
- BIO-3230 Cell Biology or BIO-3235 Molecular Biology
- BIO-4225 Genetics
- BIO-4340 Regulation of Biological Systems
- BIO-4900 Seminar in Biology

Biology Electives (12 hours)

- Choose from EMS (up to 4 hours can be applied), department chair approved MIC (up to 4 hours can be applied), BIO-1500, or BIO prefix at the 2000-level or above

Required support Courses (20 hours)

- MAT-2500 Calculus I
- CHE-2211 General Chemistry I
- CHE-2212 General Chemistry II
- CHE-3311 Organic Chemistry I
- CHE-3312 Organic Chemistry II

NOTE: Students interested in Medical Professional Degrees should complete Physics I and II.

Biology Minor (21 hours)

Required (8 hours)

- BIO-2011 General Biology I
- BIO-2012 General Biology II

Electives (13 hours)

- Choose from EMS (up to 4 hours can be applied), department chair approved MIC (up to 4 hours can be applied), BIO-1500, or BIO prefix at the 2000-level or above

Chemistry Major - B.A. (34 hours)

Required (26 hours)

- CHE-2211 General Chemistry I
- CHE-2212 General Chemistry II
- CHE-3311 Organic Chemistry I
- CHE-3312 Organic Chemistry II
- CHE-3410 Analytical Chemistry
- CHE-3610 Elements of Physical Chemistry
- CHE-4901 Seminar in Chemistry

Electives (8 hours)

- Select from courses with a CHE, or MIC prefix at the 3000-level or higher
- Only 4 hours of MIC can be applied. MIC course requires department chair approval

Chemistry Major – B.S. (56 hours)

Required (34 hours)

- CHE-2211 General Chemistry I
- CHE-2212 General Chemistry II
- CHE-3311 Organic Chemistry I
- CHE-3312 Organic Chemistry II
- CHE-3410 Analytical Chemistry
- CHE-3510 Inorganic Chemistry
- CHE-3610 Elements of Physical Chemistry
- CHE-3712 Biochemistry
- CHE-4901 Seminar in Chemistry

Electives (6 hours)

- Select from courses with a CHE, or MIC prefix at the 3000-level or higher
- Only 4 hours of MIC can be applied. MIC course requires department chair approval

Required Support Courses (16 hours)

- MAT-2500 Calculus I
- MAT-2600 Calculus II
- PHY-2121 Elementary Physics I
- PHY-2122 Elementary Physics II

Chemistry Minor (20 hours)

Required (8 hours)

- CHE-2211 General Chemistry I
- CHE-2212 General Chemistry II

Electives (12 hours)

- Select from courses with a CHE, or MIC prefix at the 3000-level or higher
- Only 4 hours of MIC can be applied. MIC course requires department chair approval.

Christian Ministry Major (39 hours)

Interdisciplinary Studies Major

The College of Arts and Sciences has created this major for motivated students who are interested in pursuing a major that is not housed in a single department or defined by a traditional discipline. The Interdisciplinary Major allows a student and a willing faculty advisor to construct a major that gathers appropriate courses around a significant theme or research question.

- The important parameters of the major include:
 - Half of the proposed major must be courses from a single academic discipline as listed in the Undergraduate Catalog under which you matriculated.
 - The major may have courses from no more than four academic disciplines.
 - Half the credit hours of the major must be at the 3000 or 4000 level.
 - The major must include a three-hour senior capstone project as an Independent Study course or an existing senior seminar from an academic discipline listed in your Undergraduate Catalog.
- Interested students should contact Professor Kurt Stadtwald, Interdisciplinary Major and Minor Director, for more information, planning materials and an application.

Interdisciplinary Studies Minor

This minor, much like the major listed above, is for motivated students who are interested in pursuing a subject that is not housed in a single department or defined by a traditional discipline. A student will gather appropriate courses around a significant theme or research question.

- The minor will consist of no less than 21 hours.
- The minor will consist of courses selected from no more than three different academic disciplines.
- The minor must have no fewer than four courses at the 3000 and 4000 level.

- A willing CAS faculty advisor will monitor the completion of the minor.
- Interested students should contact Professor Kurt Stadtwald, Interdisciplinary Major and Minor Director, for more information, planning materials and an application

Mathematics Major - B.A. (36 hours)

Required (24 hours)

- MAT-2500 Calculus I
- MAT-2600 Calculus II

- MAT-3100 Calculus III
- MAT-3500 Introduction to Mathematical Proof
- MAT-3600 Linear Algebra
- MAT-4610 Group Theory or MAT-4620 Ring Theory
- MAT-4810 Real Analysis or MAT-4820 Complex Analysis

Electives (12 hours)

- Choose nine hours at MAT-2000 level or above
- (one of these courses may be CIS or CSC-2000 or above)
- Choose three hours at MAT-3000 level or above

Mathematics Major - B.S. (54-55 hours)

All students in the Bachelor of Science degree in Mathematics program must complete the 27-hour Mathematics Core, the 3-hour Core Support, and one Specialization. All courses must be at or above the 2000 level.

Mathematics Core (27 hours)

- MAT-2500 Calculus I
- MAT-2600 Calculus II
- MAT-3100 Calculus III
- MAT-3500 Introduction to Mathematical Proof
- MAT-3600 Linear Algebra
- MAT-4610 Group Theory
- MAT-4730 Probability Theory
- MAT-4810 Real Analysis

Core Support (3 hours)

- CSC-2410 Computer Science I

Specialization (choose one)

Actuarial Science (24 hours)

Required (6 hours)

- MAT-3200 Differential Equations
- MAT-4740 Mathematical Statistics

Support (15 hours)

- ACC-2000 Financial Accounting
- ACC-2100 Management Accounting
- ECO-2100 Principles of Microeconomics
- ECO-2200 Principles of Macroeconomics
- MGT-4200 Finance

Electives (3 hours)

- Choose 3 hours from MAT, ACC, CSC, ECO, MGT

Computer Science (24 hours)

Required (6 hours)

- MAT-2100 Discrete Mathematics
- MAT-4740 Mathematical Statistics

Support (9 hours)

- CSC-2510 Computer Science II
- CSC-2620 Database Systems and Design
- CSC-3420 Data Structures and Algorithms

Electives (9 hours)

- Choose 9 hours from MAT, CSC

Natural Science (25 hours)

Required (6 hours)

- MAT-3200 Differential Equations
- MAT-4740 Mathematical Statistics

Support (16 hours)

Choose two of the following pairs:

- BIO-2011 General Biology I **AND**
- BIO-2012 General Biology II
- CHEM-2211 General Chemistry I **AND**
- CHEM-2212 General Chemistry II
- PHY-2211 Elementary Physics I **AND**
- PHY-2212 Elementary Physics II

Electives (3 hours)

Choose 3 hours from MAT, BIO, CHEM, CSC, PHY

Pure Mathematics (25 hours)

Required (9 hours)

- MAT-3200 Differential Equations
- MAT-4300 Number Theory
- MAT-4820 Complex Analysis

Support (4 hours)

Choose one of the following:

- CHEM-2211 General Chemistry I
- PHY-2211 Elementary Physics I

Electives (12 hours)

Choose 12 hours from MAT, CSC. At least 6 hours must be MAT.

Mathematics Minor (20 hours)

Required (11 hours)

- MAT-2500 Calculus I
- MAT-2600 Calculus II
- MAT-3500 Introduction to Mathematical Proof

Electives (9 hours)

- Choose 9 hours at the 2000 level or above.

Microscopy Major - B.S. (79 hours)

Required Hooke Courses (12 hours)

- MIC-4211 & 4212 Polarized Light Microscopy & Practicum
- MIC-4221 & 4222 Scanning Electron Microscopy & Practicum
- MIC-4231 & 4232 Infrared Microscopy & Practicum
- MIC-4241 & 4242 Sample Preparation Techniques & Practicum

Hooke Electives (21 hours)

- MIC courses with practicum

Support Courses (46 hours)

- BIO-2011 General Biology I
- BIO-2012 General Biology II
- BIO-4400 Forensic Science
- CHE-2211 General Chemistry I
- CHE-2212 General Chemistry II
- CHE-3311 Organic Chemistry I
- CHE-3312 Organic Chemistry II

- CHE-3410 Analytical Chemistry
- CHE-4410 Instrumental Analysis
- MAT-1550 Finite Mathematics
- PHY-2121 Elementary Physics I
- PHY-2122 Elementary Physics II

Note: Students interested in pursuing a Master of Science degree should complete MAT-2500 and MAT-2600 (Calculus I & II; satisfies general education requirement.)

Microscopy Minor (18 hours)

The minor in microscopy consists of one full semester at Hooke College of Applied Sciences.

Required Hooke Courses (12 hours)

- MIC-4211 & 4212 Polarized Light Microscopy & Practicum
- MIC-4221 & 4222 Scanning Electron Microscopy & Practicum
- MIC-4231 & 4232 Infrared Microscopy & Practicum
- MIC-4241 & 4242 Sample Preparation Techniques & Practicum

Hooke Electives (6 hours)

- MIC courses with practicum

Music Major (47.5-51.5 hours)

College of Business

Business Education at Concordia University Chicago

The College of Business provides students with an innovative and truly world-class learning experience. Courses are taught by experienced business leaders and learned scholars, who assist their students throughout a rigorous, but highly supported, degree track program which allows each student the option of a general or specialized business degree. By utilizing the latest technology, stressing the importance of integrity and engaging students with real-world business scenarios and experiences, the faculty and staff have established an exciting, well-rounded learning environment that prepares students for competency in today's business world.

Mission Statement

By providing our students with innovative learning experiences and a premier education, we aspire to develop competent, confident, ethical leaders who can think critically, communicate effectively and serve compassionately in a dynamic business world.

Vision

To build on the university's 154-year distinguished heritage and become a distinct and globally recognized college of business that prepares ethical business leaders for the world of tomorrow.

Opportunities and Disciplines

The College of Business offers a teaching-focused faculty and provides an extensive range of degree options and majors with the opportunity to serve in numerous campus organizations, including a Business Club, known as Concordia Enterprise Group (CEG), which focuses on student-led entrepreneurship. Because of Concordia University Chicago's location and many partnerships with local, national and international enterprises, the College of Business can offer the following undergraduate degrees:

The College of Business offers Bachelor of Arts and Bachelor of Science degrees with the following majors as specifically described on the pages that follow.

- Accounting
- Business Communication
- Management
- Marketing
- Media Arts
- Music Administration
- Sports Management
- Not-for-Profit/Church Management
- Visual Arts Administration
- Theatre Administration
- Church/Not-for-Profit Management for Pre-Seminary

Graduation Requirements

Students in the College of Business must meet all University requirements found in the Academic Information section of this catalog. Specific requirements of the College of Business include:

- A minimum cumulative GPA of 2.0 for all coursework completed at Concordia University Chicago
- A minimum GPA of 2.0 for all courses taken in a major at Concordia University Chicago

- A minimum grade requirement of C (not C-) or better for all courses taken within the College of Business

Professional Experience in Business

Concordia University Chicago has a long tradition of offering its students a supervised work experience. More recently, the College of Business has included opportunities for practical and developmental work experiences in business for credit. The College of Business offers an integrated internship program that is based on an agreed understanding among student, work site provider and the College, which defines responsibilities and identifies educational goals for the participants. Students are able to engage in this through both traditional and online course formats. The College of Business is in a unique position to use the Chicago area as a laboratory for experiential learning for business students by working with area businesses to develop business and marketing plans and specific projects focusing on real business problems and opportunities. The internship program partners with established and entrepreneurial firms in the Chicago area to allow students to apply what has been learned in the classroom.

Although not part of the internship program, in recent years this domestic experience has been enhanced by opportunities in foreign countries. The Marketing department provides an opportunity to engage with companies to develop and evaluate marketing plans as part of the marketing course. Recent engagements with Chinese, French and British universities will expand opportunities for overseas study and multicultural experiences.

The internship program requires applicants to attend workshops as a precondition to an approved internship. From the application process through conclusion, the intern student should learn and experience the rigors of modern career responsibilities and the rewards of dedicated effort. These experiences include courses titled BUS-4990 Business Internship and may include concentrations in any major or minor. Internships may be taken with other coursework during the academic year or may be taken during the summer months. They may or may not be a paid experience.

To receive credit, a student must develop objectives and conduct learning activities to accomplish these goals. No student will be given credit on a retroactive basis. In general, students must have completed 12 hours toward their majors and have a B average in all major courses. The objectives must be approved by the faculty supervisor and the work site supervisor before the student can register for the internship. Application must be made to the Internship Supervisor in accordance with program guidelines.

Career Services

The Career Services Office offers job assistance to students in public education, the College of Arts and Sciences and the College of Business.

Seniors must register with the placement/employment office prior to their last semester before graduation. Workshops on résumé writing and interviewing skills, as well as opportunities for mock interviews are available. Seniors can participate in several Collegiate Job Fairs introducing them to companies that hire college graduates each year. Seniors are encouraged to develop a plan for distribution of cover letters and résumés, with appropriate follow-up. Forms are available for letters of reference to employers.

The Career Center webpage and bulletin boards located on the first floor of Brohm Hall are filled with job opportunities sent to Concordia University Chicago. Weekly national job listings from major sources also are available at the center.

All freshmen, sophomores and juniors are encouraged to utilize the services of the Career Center early in their college careers. CUC offers Professional Development I to freshmen and sophomores to assist in career planning. Concordia-Chicago also offers Professional Development II to juniors and seniors to develop job search techniques including résumé writing and interview techniques. Internship workshops are presented during each semester.

Pre-Seminary Program

A student may pursue the Pre-Seminary Program of Studies in the College of Arts and Sciences, College of Business or in the College of Education. These programs will meet all academic entrance requirements for both seminaries of The Lutheran Church—Missouri Synod. Students in the College of Arts and Sciences, please see the College of Arts and Sciences Pre-Professional Studies Programs section of this catalog. For students in the College of Education please see the College of Education Church Worker Studies page of this catalog.

The Pre-Seminary Program of Studies is not in and of itself a degree program, but designates coursework to be taken within a Liberal Arts, Business, or Education degree program. Students completing all the prescribed coursework will be identified as having completed the Pre-Seminary Program of Studies on their transcripts and when enrolled in the College of Business will receive a degree in Business Management.

Students desiring entry into a public ministry in the Lutheran Church—Missouri Synod must have earned a minimum GPA of 2.75 for all prescribed Theology requirements. All courses used in the GPA calculations must have a grade of C or better and cannot be taken under the Pass/D/F grade option.

Pre-Seminary Business Track

Students who select the Pre-Seminary Business track will choose the Church/Not-for-Profit Management Major for Pre-Seminary Students and a Biblical Languages minor.

College of Education

Originally founded as the Addison Teachers Seminary in 1864, the University has prepared teachers for over 150 years for the classrooms of the world. More than a dozen CUC graduates have been recognized by the highly prestigious Golden Apple Foundation for outstanding teaching, which speaks volumes about the level of training students receive.

The College of Education prepares candidates to teach early childhood and kindergarten through grade 12. In addition to public school teaching, we also prepare candidates to teach in Lutheran schools and congregations in The Lutheran Church–Missouri Synod. There are two areas of preparation programs offered by the College. The first area of preparation includes the College’s approved Professional Educator Licensure programs that lead to the Illinois Professional Educator License for various grade levels and endorsements. The second area of preparation programs do not lead to Illinois Licensure but are for educators who wish to serve in alternative educational settings in the United States and internationally. See a full description in the Education Studies Degree section below.

Students are trained by experienced educators who themselves are teachers with years of practical classroom experience. College of Education faculty understands the day-to-day challenges students encounter because they have been in classrooms themselves. Concordia-Chicago faculty strive to thoroughly prepare their students for the realities they will face as a teacher in 21st-century classrooms. CUC’s location near Chicago provides access to a rich socio-economic learning environment at the crossroads of urban and suburban communities.

Degree programs focus on the latest techniques, using the latest technology. Students also benefit from specialized classroom resources dedicated to teaching the content of a specific discipline.

The College of Education is accredited by The Council for the Accreditation of Educator Preparation (CAEP) and all Concordia-Chicago degrees are fully accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools.

Professional Educator Preparation

Concordia University Chicago was established in 1864 for the training of teachers for the parish schools of the Lutheran Church–Missouri Synod. Today, the College continues to be central to the mission of the University. The College of Education prepares public and parochial educators and Directors of Christian Education to serve the church and society.

The College of Education faculty supports the formation of professional educators through integrating the concepts of integrity, competence and servant leadership into the curriculum. The CUC teacher graduate is prepared to enter public school classrooms and parishes as servant leaders to serve with integrity and demonstrate competence. These competencies manifest themselves in professional dispositions marked by concern and care graduates afford every pupil in the service and leadership they provide for parish and school.

Technology Requirement

The use of tablet computing technology is becoming common in American classrooms. Teachers entering into classrooms need to enter prepared for a rich one-to-one computing environment. Beginning with the 2013-2014 academic year, education majors will be required to bring a personal iPad to be used in classes and program assignments. Education majors should

bring their own iPad to campus for use in their courses, clinical experiences and Student Teaching Internships. The iPad has been chosen as it meets the unique needs of the teacher candidate.

Professional Education Programs

The College of Education prepares educators for careers in early childhood (birth to grade 2), elementary (grade 1 to grade 6), middle school (grade 5 to grade 8), special education (ages 3-21) and secondary school classrooms (grade 9 to grade 12). Specialty K-12 programs are offered to prepare teachers in the areas of Music, Foreign Language–Spanish, Physical Education and Art.

The College of Education at Concordia University Chicago has been accredited since 1962 by the National Council for Accreditation of Teacher Education (NCATE)/Council for the Accreditation of Education Programs (CAEP). This accreditation covers the institution's initial teacher preparation and advanced educator preparation programs. These programs also are approved by the state of Illinois Board of Education (ISBE) and have been since 1919. CUC graduates receive the Bachelor of Arts, Bachelor of Science or Bachelor of Music Education degree according to their area of preparation for Illinois Professional Educator Licensure

Concordia University Chicago Education programs are listed on the state of Illinois Directory of Approved Programs offered at colleges and universities at:
www.isbe.net/profprep/Pages/IHE.aspx

Teacher Education Licensure Programs Requirements

The state of Illinois, the Illinois State Board of Education (ISBE), the Illinois State Educator Preparation and Licensing Board (SEPLB), and accreditors, Council for the Accreditation of Education Programs (CAEP) require teacher preparation institutions to have a continuous assessment policy in force to evaluate teacher candidates throughout their programs. The College of Education meets these requirements with formative and summative assessments of teacher candidates integrated throughout the curriculum. Teacher candidates must also earn a grade of C- or higher in every course that leads to entitlement to be licensed to teach. Concordia-Chicago has established an assessment system with four transition points to meet these mandates. The Transition Points and their requirements are listed below.

Transition Point One: Admission to Teacher Candidacy

Education majors move from education major status to Teacher candidate status at this first transition point. Teacher candidates are eligible to begin their specialized training in methods, classroom management, assessment of learning, and other professional clinicals and coursework. To become a teacher candidate, the education major must apply to enter the College of Education.

Candidates must be admitted to the College of Education as a prerequisite for Professional Program (methods) Courses in each Education Program. Each Candidate must submit an application to be admitted to the College by November 1 or May 1. Complete Application deadlines for review by the Teacher Education Admission Council are November 1 for the spring semester admission and May 1 for the fall semester admission (see Appendix). The admission requirements that make up a complete application include:

Undergraduates:

- Submit the completed Application and supporting documentation to the Office of Field Experience in the College of Education.
- Cumulative GPA of 2.75 or higher for coursework completed at Concordia-Chicago
- Required prerequisite courses with a grade of C- or higher:
 - ENG-1100 English Composition
 - COM-1100 Speech Communication
 - MAT-1412 Math Concepts (or above)
 - EDUC-1050 or 1060 Introduction to American Education - for Public and Lutheran Educators
 - EDUC-1070 Media and Technology in the Classroom
 - EDUC-2020 Human and Cognitive Development

Bachelor of Music Education students must also:

- Pass MUS-3650 Piano Proficiency.
- Achieve a minimum of 2.75 GPA in the major.

Graduates and Undergraduates:

- Official Record of a passing score on an approved test of Basic Skills. Currently the approved tests include the Illinois Test of Academic Proficiency (TAP), ACT or SAT. See appendix for a record of current passing scores.

- Fingerprint criminal background check results on file with the Office of Field Work Experience
- Minimum of 20 pre-professional hours on file in the Office of Field Experience
- Completed Dispositional Assessment of CUC Conceptual Framework complete by candidate
- Successful completion of the Admission Essay (offered each fall and spring)
- Successful completion of the Admission Interview (offered each fall and spring)

Following each deadline, a candidate's **Completed Application** for Admission form with all admission requirements and documents will be submitted to the Teacher Education Admission Committee (TEAC) for review. TEAC will review all applications and determine admission. Candidates will receive a letter from the College of Education informing him or her of Admitted status.

Transition Point Two: Admission to the Student Teaching Internship Semester

The Semester of Internship is classroom teaching with a mentor cooperating teacher. Candidates must be admitted to the Internship before they are given a placement in student teaching. The Office of Field Experience publishes deadlines for applications to the internship semester.

The Teacher Education Admission Committee approves candidates for admission to the Student Teaching Internship.

To be considered for admission to the student teaching internship, the candidate must:

- Pass the Illinois Test of Academic Proficiency (icts.nesinc.com), or may use the ACT or SAT as a substitute for the TAP.
- Submit the completed Application to the Student Teaching Internship and supporting documentation to the Office of Field Experience on or before the deadline date.
- Pass the appropriate Content Area Test for your program from the state of Illinois Testing System (www.icts.nesinc.com).
- Complete a minimum of 80 hours of the required 100 hours of Field and Clinical Experiences and submit field experience documents to the Office of Field Experience for approval. The entire 100 hours must be completed prior to beginning the internship.
- Earn a minimum cumulative GPA of 2.75.
- Complete all Content and Methods course(s) in the program of study with a grade of C- or higher.
- Have earned a grade of C- or higher in all coursework applied to their professional program requirements.
- Meet requirements of a valid fingerprint criminal background check to the Office of Field Experience.
- Complete First Aid/CPR Certification training and submit documentation of completion to the Office of Field Experience.

Transition Point Three: Completion of the Student Teaching Internship Semester

Successful completion of the internship requires:

- Satisfactory completion of the Internship by meeting or exceeding all required benchmarks.
- Prepare and present documentation of positive impacts on student learning from your internship teaching (PIP).

- Complete all state-required assessments enforced at the time of the internship.
- Receive a passing score on the State Mandated edTPA assessment of teacher performance.
- The College of Education Student Manual provides details and guidelines for the meeting the criteria for successful completion of the Internship Semester.

Transition Point Four: Completion of Program

To complete the Teacher Preparation program and be eligible for educator licensure in the state of Illinois, the candidate who has completed all program requirements and the internship must:

- Meet the requirements of the edTPA Portfolio at the time of program completion.

Placement/Employment

Concordia University Chicago maintains two offices that provide placement/employment services to all students planning to enter the profession of teaching.

- The Synodical Placement Office deals with placement into all programs offered by the University leading to professional work in The Lutheran Church—Missouri Synod.
 - Candidates must have earned a minimum GPA of 2.75 for all prescribed Theology requirements, with a grade of C or better in all courses used for the calculation, and no course taken under the P/DF grade option.
- The Career Services Office offers job assistance to students in Public Education and the College of Arts and Sciences.

Education Minor (18 hours)

Students studying in other disciplines often find a minor in Education to be of value. To serve these students, the College of Education offers a minor in Education. This 18-hour minor provides basic grounding in education practices while encouraging students to explore more focused areas in the professional coursework. This minor does not lead to licensure or endorsements.

- Required courses (9 hours)
 - EDUC-1050 Introduction to American Education OR
 - EDUC-1060 Introduction to American Education for Public and Lutheran Educators
 - EDUC-2020 Human and Cognitive Development
 - EDUC-2050 Teaching in Diverse Classrooms OR
 - EDUC-2090 Characteristics and Instruction for Exceptional Learners
- Elective courses from the offerings of the College of Education (9 hours)

Bachelor of Science in Education Studies (128 hours)

The College of Education offers a Bachelor of Science in Education Studies degree as an alternative to the professional educator licensure programs. This degree does not lead to an Illinois Professional Educator License. This is a Liberal Arts degree in the discipline of education studies for those who wish to pursue a career in alternative educational settings or to serve in educational settings outside the United States. The student studies modern educational practices in one of the five areas of concentration. Students complete the requirements of the area of concentration with the exception of the state tests, edTPA, and internships.

General Education Requirements:

Students will follow the same path to meet the Education program requirements for one of the following areas of concentration in education studies:

- Early Childhood Education

- Elementary Education
- Middle School Education
- Secondary Education
- Special Education

Upon completion of the foundational coursework, the student will apply to the College of Education for admission into the Education Studies Program and declare their area of concentration. Upon admission, the student will pursue the program requirements for the area of concentration they have chosen. See the specific education program below to learn about the specific concentration requirements as listed the program areas.

Electives

Students in Education Studies will choose additional elective coursework from any disciplinary content area to earn the 128 credit hours to meet graduation requirements.

Transferring to Concordia University Chicago's Teacher Education Programs

Concordia University Chicago's College of Education has transfer opportunities for students to complete teacher preparation for candidates who hold the Associate of Arts in Teaching (AAT) from community college programs approved by the state of Illinois and students who wish to enter with coursework completed at other colleges and universities. Transfer options for area community colleges can be found on the College of Education's web page on the Concordia University Chicago website. Concordia University Chicago has articulation agreements with some local community colleges that provide seamless transition from AAT degrees to Concordia-Chicago's professional education programs in the areas of Early Childhood and Elementary Education. Check with an admission counselor for details.

Advanced Placement (AP) and CLEP Credit

The University grants credit for the General Examination of the College Level Examination Program (CLEP). Students may receive 3-15 semester hours of credit based on the score achieved on the exam. The University normally will grant credit for above-average scores on the Advanced Placement Examination of the College Board.

- A score of 3 or higher on the Advanced Placement Examination for the College Board (AP) will be considered equal to a grade of C or better for General Education.
- A score of 50 or higher on the General Examination of the College Level Examination Program (CLEP) will be considered equal to a grade of C or higher.

College of Education Church Worker Studies

Students desiring entry into a public ministry in The Lutheran Church—Missouri Synod must have earned a minimum GPA of 2.75 for all prescribed Theology requirements. All courses used in the GPA calculations must have a grade of C or higher and cannot be taken under the Pass/D/F grade option.

Pre-Seminary Program

The student may pursue the Pre-Seminary program of studies in the College of Arts and Sciences, College of Business or in the College of Education. These programs will meet all academic entrance requirements for both seminaries of The Lutheran Church—Missouri Synod. Students in the College of Arts and Sciences, please see the College of Arts and Sciences Pre-Professional Studies Programs section of this catalog. For students in the College of Business please see the College of Business Pre-Seminary Program section of this catalog.

The Pre-Seminary program of studies is not in and of itself a degree program, but designates coursework to be taken within a Liberal Arts, Business or Education degree program. Students completing all the prescribed coursework will be identified as having completed the Pre-Seminary program of studies on their transcripts. The Pre-Seminary student would follow the Secondary Education Lutheran Teacher Education track and be required to select a Biblical Languages minor.

Required Coursework for College of Education Pre-Seminary Students:

- GRE-4110 Greek I
- GRE-4120 Greek II
- HEB-4101 Hebrew I
- HEB-4102 Hebrew II

- THY-3105 Introduction to the New Testament
- THY-3210 Christian Life
- THY-4240 The Church and Its Ministry

Lutheran Teacher Education Program

The Lutheran Teacher Education (LTE) Program coursework can be added to any level of teacher preparation. The required coursework to be certified by the faculty to enter into the Educational Ministry of the Lutheran Church—Missouri Synod as a Commissioned Minister of the Gospel can be found on the following pages within each education major. Successful completion of the courses with a GPA of 2.75 in the LTE courses is required to be eligible to receive a Call to teach in the educational institutions of the Church. Students completing all the prescribed coursework will be identified as having completed an 18-credit hour Theology minor on their transcripts.

Early Childhood Education Program Requirements Bachelor of Science (128 hours)

The 128 credit-hour minimum is achievable by using specific courses that meet both general education requirements and the Early Childhood Education major curriculum requirements. We recommend students work with their academic advisors.

The Bachelor of Science in Early Childhood Education degree leads to the state of Illinois Educator Licensure in Early Childhood Education (birth – Grade 2) with an English as a Second Language (ESL) Endorsement. Early Childhood Education Majors must complete all requirements of the College of Education to be eligible for licensure.

Illinois Articulation Initiative (IAI) are general education courses Concordia-Chicago agrees to accept in lieu of comparable, lower-division general education requirements. These courses are indicated by IAI codes following CUC's catalog listing. For more information regarding IAI transfer credit, please see the Illinois Board of Higher Education's iTransfer website at www.itransfer.org.

Elementary Education Program Requirements Bachelor of Science (128 hours)

The 128 credit-hour minimum is achievable by using specific courses that meet both general education requirements and the Elementary Education major curriculum requirements. We recommend students work with their faculty advisor.

The Bachelor of Science in Elementary Education degree leads to the state of Illinois Professional Educator Licensure in Elementary Education. Elementary Education majors must complete all requirements of the College of Education to be eligible for licensure. Illinois Licensure for Elementary Educators will be inclusive for grades 1-6 beginning in 2017. Students seeking licensure to teach in the middle grades (grades 5-8) should complete the middle level grade endorsement. Students seeking kindergarten through grade 2 should seek Early Childhood licensure.

Illinois Articulation Initiative (IAI) are general education courses Concordia-Chicago agrees to accept in lieu of comparable, lower-division general education requirements. These courses are indicated by IAI codes in parentheses following CUC's catalog listing. For more information regarding IAI transfer credit, please see the Illinois Board of Higher Education's Transfer website at www.itransfer.org.

Middle Grade Endorsements in Content Areas available to add to Elementary Education

Public Elementary Teacher Education Candidates are strongly recommended to add at least one endorsement to their degree. Beginning 2018-2019, middle level educator licensure requirements will become inclusive to grades 5-8. At this time, Middle School Subject Area Endorsements are available.

The Middle Grades Endorsements are granted by the state of Illinois. The requirements for the Middle Grades Endorsements set forth by the state will become inclusive to the grades 5-8. Currently, middle grade endorsements add value to the elementary preparation by providing a content area endorsement to the elementary license. Adding a Middle Grades Endorsement strengthens the teaching credential. A list of Middle Grades endorsements that may be earned at Concordia University Chicago is provided in the Middle Grades section of the catalog. Other endorsements are available by applying directly to the Illinois State Board of Education.

Middle Grades Program Requirements Bachelor of Science (128 hours)

The 128 credit-hour minimum is achievable by using specific courses that meet both general education requirements and the Middle Grades Education major curriculum requirements. All Middle Grades Education students must pick two content areas for their major. Elementary and Secondary education majors may add on specific content endorsements to their license through specific coursework. We recommend students work with their faculty advisor.

The Middle Grades Professional Educator License with content area Endorsements is granted by the State of Illinois. The requirements for the Middle Grades Endorsements, set forth by the State, are inclusive to the grades 5-8.

FOCUS PROGRAM: Student Teaching Internship Semester (15 hours). For those students interested in adding a Middle Grades endorsement from elementary and secondary education.

- EDUC-4980 Student Teaching Internship
- EDUC-4985 edTPA Seminar and Colloquium.

Taken with Student Teaching. Designed for students who are completing licensure in two program areas. The title of the programs will be inserted for “Major Program” and “Focus Program.” Internship in the major program every day for eight weeks of the semester, and in the focus program every day for eight weeks of the semester under the guidance of classroom cooperating teachers and the supervision of the University. Illinois Professional Teaching Standards (2010) are assessed with the Education Teacher Performance Assessment and other assessments. Seminar and colloquium participation is required.

Secondary Education Program Requirements Bachelor of Science (128 hours)

The 128 credit-hour minimum is achievable by using specific courses that meet both general education requirements and the Secondary Education major curriculum requirements. We recommend students work with their academic advisor.

The Bachelor of Science in Secondary Education degree leads to the state of Illinois Professional Educator Licensure in Secondary Education. Secondary Education majors must complete all requirements of the College of Education to be eligible for licensure.

Illinois Articulation Initiative (IAI) are general education courses Concordia-Chicago agrees to accept in lieu of comparable, lower-division general education requirements. These courses are indicated by IAI codes in parentheses following CUC's catalog listing. For more information regarding IAI transfer credit, please see the Illinois Board of Higher Education's iTransfer website at www.itransfer.org.

Middle Grade Endorsements in Content Areas available to add to Secondary Education
 Public Elementary Teacher Education Candidates are strongly recommended to add at least one endorsement to their degree. Beginning 2018-2019, middle level educator licensure requirements will become inclusive to grades 5-8. At this time, Middle School Subject Area Endorsements are available.

The Middle Grades Endorsements are granted by the state of Illinois. The requirements for the Middle Grades Endorsements set forth by the state and will become inclusive to the grades 5-8. Currently, middle grade endorsements add value to the Secondary preparation by providing a content area endorsement to the elementary license. Adding a Middle Grades Endorsement strengthens the teaching credential. A list of Middle Grades endorsements that may be earned at Concordia University Chicago is provided in the Middle Grades section of the catalog. Other endorsements are available by applying directly to the Illinois State Board of Education.

Special Education Program Requirements Bachelor of Science (131 hours)

The 131 credit-hour minimum is achievable by using specific courses that meet both general education requirements and the Secondary Education major curriculum requirements. We recommend students work with their academic advisor.

The Bachelor of Science in Special Education degree leads to the state of Illinois Professional Educator License in Special Education: Learning Behavior Specialist (LBS I). Special Education Majors must complete all requirements of the College of Education to be eligible for licensure.

Illinois Articulation Initiative (IAI) are general education courses Concordia-Chicago agrees to accept in lieu of comparable, lower-division general education requirements. These courses are indicated by IAI codes in parentheses following CUC's catalog listing. Re-entry to Earn Licensure

Alumni who completed an Education Studies degree who desire to return to earn Illinois Licensure may attend Concordia University Chicago as a guest student to complete a current approved licensure program in the area of concentration completed. Alumni must receive academic advising and permission to enter the program from the Coordinator of the program in which they seek licensure. Note, all state requirements, tests, internship and program requirements, in force at the time of re-entry, must be met to be entitled.

Director of Christian Education Program Requirements

The DCE Program prepares men and women to serve in the Lutheran Church—Missouri Synod, primarily in congregational settings. Initiated in the early 1960s, Concordia University Chicago has a long history of providing parish educators who work with children, youth and adults.

In the undergraduate DCE program, the student has two possible options. One option is dual major program, which results in DCE certification and elementary education licensure. The second option is a DCE certification-only program without state licensure as a teacher.

Students desiring entry into a public ministry in the Lutheran Church—Missouri Synod must have earned a minimum GPA of 2.75 for all prescribed Theology requirements. Students desiring DCE certification from Concordia-Chicago also must have a minimum GPA of 2.75 in their DCE core courses. All theology and DCE courses used in the GPA calculation must have a grade of C or better and cannot be taken under the P/D/F grade option. DCE students must maintain an overall minimum undergraduate GPA of 2.5.

Illinois Articulation Initiative (IAI) are general education courses Concordia-Chicago agrees to accept in lieu of comparable, lower-division general education requirements. These courses are indicated by IAI codes in parentheses following CUC's catalog listing. Option III: Post-Baccalaureate DCE Certification

The Concordia University Chicago Director of Christian Education Certification Program is a means by which an individual with a bachelor's degree from a Synodical institution may become certified as a DCE with The Lutheran Church—Missouri Synod. This certification would enable an individual to be eligible to receive a Call as a DCE and to be placed on the roster of the Synod as a Commissioned Minister-Director of Christian Education.

Program Admission Requirements:

- Completion of a bachelor's degree at a Synodical university or college.
- Achievement of a cumulative grade-point average of 2.50 or better.

Contact the College of Education for materials required for admission. Upon successful admission to the program, the student will be given a detailed course of study. This course of study shall be approved by the advisor and the Dean of Education. A copy will be filed in the College of Education office and the Registrar's Office. Following this approval, no change can be made in the program without approval from both the advisor and the Dean. While the course of study is rigorously adhered to, the means by which a student fulfills the requirements is flexible. Up to one-fourth of the course requirements, excluding internship, may be submitted for a transfer of credit into the program and/or may be completed by some combination of credit for prior learning and correspondence courses.

Honors Program

New students and students transferring in with 30 credit hours or less:

This 18-hour program includes CHP-2960 Introduction to Honors: Critical Thinking (3 hours), CHP-4960 Senior Honors Project (3 hours), and 12 subsequent hours chosen from the seminars in the disciplines (CHP-3960), additional CHP-4960 credit hours, or the semester-away experience (CHP-4560: Semester Away Presentation*). College of Innovation and Professional Programs Associate of Arts Degree

Concordia University Chicago recognizes that many high school graduates find it difficult or impossible to attend college classes while working at a full-time job and managing other responsibilities. Our Associate of Arts in Organizational Management has been designed specifically for those who need flexible scheduling and learning options in an accelerated format. The A.A. degree in Organizational Management reflects the University-wide commitment to the liberal arts through the general education requirements, and it provides a strong academic foundation for further study at the bachelor's level in the B.A. in Organizational Management.

Admission Requirements

- A completed application for admission to the Associate of Arts in Organizational Management
- An official high school transcript with a grade-point average of at least 2.0 on a 4.0 scale indicating graduation date **or** an official high school transcript with an ACT composite of at least 20 or a combined SAT score of 930 indicating graduation date.
- Documentation of full-time work experience outside the home (job history or résumé)

Transfer Students

Submission of official transcripts from ALL colleges or universities attended is required. The most recent college transcript must indicate that the student was in good standing and earned at least a 2.0 cumulative grade-point average on a 4.0 scale. (The Admission Committee reserves the right to evaluate applicants on an individual basis or request additional information when prior college transcripts do not reflect a 2.0 cumulative grade-point average.)

If an applicant has completed fewer than 15 semester hours of college-level credit or has not completed one semester at full-time status, a final high school transcript with graduation date must be provided. An official high school transcript is also required if the college from which the credit was earned does not have regional accreditation. Applicants who have not completed high school must provide documentation of successful completion of the G.E.D.

The University reserves the right to determine the number and type of transfer credits accepted toward the student's degree. No more than 67 semester hours of lower-level transfer credit from a regionally accredited institution will be counted toward graduation. However, in the Accelerated Degree Program, an additional 6-8 semester hours (which otherwise meet all other standards of the University pertaining to course content, grade, level and status/category of transferring institution) may be permitted to transfer in if they fulfill general education requirements. One-half of all the credit hours in the major must be completed in residence. At least 32 semester hours of study at CUC is required to meet residency requirements, preferably the last year before graduation. A Concordia University Chicago student's cumulative grade-point average is calculated solely on courses taken at CUC; transfer coursework is accepted as credit.

Transfer students who leave a college under any circumstance other than good standing may be required to submit a written statement of explanation for the prior academic difficulty and why the student expects to be academically successful at Concordia University Chicago or have an interview with a designated University staff member and may be asked to permit Concordia-Chicago personnel to speak with representatives at the sending school.

Graduation Requirements

Associate degree candidates must meet the following requirements to be eligible for the appropriate degree:

- Successfully complete the Core Curriculum courses specified for their degree.
- Complete a minimum of 50 percent of the courses required for their degree at Concordia University Chicago.
- Successfully complete the coursework and number of semester hours required for their specific major.

College of Innovation and Professional Programs Accelerated Degree Programs

Concordia University Chicago believes that a liberal arts education is valuable to people of all ages. The Accelerated Degree Programs (ADP) serve persons who, because of family and work responsibilities, need to attend college in a non-traditional manner.

Accelerated Degree Programs (ADP) serve adults who are highly motivated to start and finish a degree program. This program is designed for working adults who can schedule their time carefully, discipline themselves to meet the rigorous demands of the program and want to complete an undergraduate degree in a Christian setting.

Concordia University Chicago is a Christ-centered institution of higher education that encourages the application of a student who desires to study in a Christ-centered college environment. CUC will consider for admission a student who is academically qualified and shows promise of contributing to this environment. Candidates for admission must demonstrate reasonable ability to complete a program of study at the University. Each candidate must exhibit attitudes, values and character that will contribute positively to the University's mission and environment.

Transfer students who leave a college under any circumstance other than good standing may be required to have an interview with a designated University staff member and may be asked to permit CUC personnel to speak with the Dean of Students office at the sending school.

Admission Requirements

- A completed application for admission to the Accelerated Degree Programs.
- Documentation of full-time work experience outside the home (job history or résumé).
- Submission of official transcripts from ALL colleges or universities attended. The most recent college transcript must indicate that the student was in good standing and earned at least a 2.0 cumulative grade-point average on a 4.0 scale (the Admission Committee reserves the right to evaluate applicants on an individual basis or request additional information when prior college transcripts do not reflect a 2.0 cumulative grade-point average).

student's cumulative grade-point average is calculated solely on courses taken at Concordia-Chicago; transfer coursework is accepted as credit.

Applicants who meet the admission requirements and who have earned at least 30 semester hours of college credit (including at least one English Composition course with a grade of C or better) are eligible to be admitted to the ADP Program and the major.

Credit for Prior Learning

Prior learning is experience-based learning attained outside the auspices of standard institutions of higher learning. Credit for Prior Learning (CPL) is not awarded for experience per se, but for college-level learning. Students may request an assessment of their prior learning after completing 12 semester hours at Concordia University Chicago.

Students can earn up to a maximum of 32 semester hours of credit from such sources as workshops, seminars, corporate training programs, military service or other experiences. Documentation that the student presents, demonstrating college-level learning acquired from these sources, is evaluated and may result in credit hours being awarded.

Graduation Requirements

- Completion of the General Education requirements.
- Completion of major requirements.
- Completion of 128 hours accepted by Concordia University Chicago.
- Cumulative grade-point average of 2.0 or above.

Curriculum

The curriculum consists of general education requirements, mission-specific courses, the major and elective credits to total a minimum of 128 semester hours for the degree. Only one major course is taken at a time and each student progresses through the major courses with the same group, called a cohort. Courses in the major may not be taken as Pass/D/F courses.

Dual Degree Program

ADP and Master of Business Administration (MBA)

Students enrolled in the following ADP majors (Organizational Management, Health Care Management, Sports and Recreation Management or Human Resource Management) may consider the dual degree program: ADP into MBA. Through careful planning and academic advising, a student majoring in one of the aforementioned majors and achieving a minimum of a 2.85 grade-point average upon degree completion may move seamlessly into one of CUC's MBA programs without reapplying for admission to the University. Additionally, as a graduate of the approved ADP programs, such candidates will take six (6) fewer credit hours toward an MBA. Thus, the dual degree program integrates strong foundational learning and real-world business curriculum.

Bachelor of Arts in Organizational or Health Care Management and Master of Arts in Leadership Studies

Students enrolled in the Organizational Management or Health Care Management major coursework may consider the dual degree program: B.A. in Organizational Management or Health Care Management and an M.A. Through careful planning and academic advising, a student majoring in Organizational Management or Health Care Management and achieving a minimum of a 2.80 grade-point average upon degree completion may move seamlessly into one of CUC's M.A. programs without reapplying for admission to the University. Additionally, as a graduate of the Organizational Management or Health Care Management Program, such candidates will take three (3) fewer credit hours toward an M.A. Thus, the dual degree program integrates strong foundational learning and real leadership curriculum.

Bachelor of Arts in Sports and Recreation Management and Master of Arts in Sports Leadership

Students enrolled in the Sports and Recreation Management major coursework may consider the dual degree program: B.A. in Sports and Recreation Management and an M.A. Through careful planning and academic advising, a student majoring in Sports and Recreation Management and achieving a minimum of a 2.80 grade-point average upon degree completion may move seamlessly into one of CUC's M.A. Programs without reapplying for admission to the University. Additionally, as a graduate of the Sports and Recreation Management Program, such candidates will take three (3) fewer credit hours toward an M.A. Thus, the dual degree program integrates strong foundational learning and real leadership curriculum.

Organizational Management major requirements

- Must earn grade of B or higher in OMP-4610, OMP-4431 and OMP-4020 (for M.A., Leadership)
- Must earn grade of B or higher in OMP-4431 and OMP-4440 (for MBA)

Health Care Management major requirements

- Must earn grade of B or higher in OMP-4610, OMP-4431 and OMP-4020 (for M.A., Leadership)

Human Resource Management major requirements

- Must earn grade of B or higher in OMP-4431 and OMP-4440 (for MBA)

Sports and Recreation Management major requirements

- Must earn grade of B or higher in OMP-4431 and OMP-4440 (for MBA)
- Must earn grade of B or higher in SRMP-2020 (for M.A. in Sports Leadership)

College of Innovation and Professional Programs Certificate Programs

Concordia University Chicago's College of Innovation and Professional Programs recognizes that individuals desire to continue or enhance their life-long learning without having to seek admission into a degree program. It also recognizes that students, who currently are enrolled in a degree program, may wish to enhance their learning in a given subject without having to declare an additional major or minor.

The College of Innovation and Professional Programs currently offers certificate studies in the following areas:

- Human Resource Management

Certificate in Human Resources Management

Human resource management in the global marketplace of the 21st century has evolved far beyond the traditional personnel functions of the past. The strategic role of HR in planning and operating organizations is the critical factor in the attainment of organizational goals. An organization's unique advantage over its competitors has become increasingly dependent upon a firm's ability to manage its most valuable asset, its employees.

Those who pursue the Certificate in Human Resources Management may come from varied backgrounds in terms of work experience and/or academic history; however, what they will have in common is the need and desire for knowledge in the field of human resource management in order to function more effectively in the workplace, whether they aspire to a career in human resource management or not.

Admission to Human Resource Management Certificate Program

- Completed Application online
- A minimum 2.0 GPA (on a 4-point scale) from previous college credit—submission of official transcripts are required.
- Three years full-time work experience outside the home (résumé)
- Three semester hours of college-level writing (CENG-1100 or English Composition with a grade of C or better)
- Three hours of an oral communication course

Certificate Requirements (15 hours)

- CBUS-4040 Employment Law
- CMGT-4030 Human Resource Development
- CMGT-4035 Recruitment and Retention
- OMP-4000 Group and Organizational Dynamics
- OMP-4440 Human Resource Management

College of Innovation and Professional Programs Community Outreach

Academy of Continuing Professional Education

The purpose of the Academy of Continuing Professional Education is to promote, develop and sustain a high quality of professional competence among teachers and administrators in public and non-public schools located in the geographic area served by Concordia University Chicago. The Academy provides continuing education events such as conferences, workshops and seminars to help educators acquire and improve knowledge and skills required for continued licensure by the state of Illinois, as set forth in its Statement of Professional Standard for teachers and administrators.

The Director of the Academy works with the College of Education to identify educational needs of teachers, especially those in partnership schools/districts. Based on identified needs and standards, educational activities are planned, marketed and implemented. The University has been approved by the Illinois State Board of Education to award Continuing Education Units (CEUs) and Continuing Professional Development Units (CPDUs) or Professional Development Hours (PDHs) upon an educator's completion of one or more of these activities.

Workshops

Workshops, seminars and conferences may be offered face to face or online in collaboration with faculty members from many different disciplines. Continuing Education Units (CEUs), Professional Development Hours (PDHs) or college credit may be available to participants on specific workshops, seminars or conferences. Annual events include the following:

- Lectures in Church Music
- Reading Workshop
- Early Childhood Conference
- Brain Research Workshop
- Classroom Management Workshop

In addition to these annual events, new seminars, workshops and conferences are developed on an ongoing basis.

An introductory study of living things with emphasis on cell chemistry, structure and function of cells, principles of Mendelian genetics, elementary molecular biology, and principles and mechanisms of evolution. Prerequisite: MAT-1010 (or higher) with a grade of C- or better. Fee required. IAI: L1 904L.

BIO-2012: General Biology II* - 4 hours

A continuation of BIO-2011 emphasizing the diversity of living organisms, form and function in plants and animals, and principles of ecology. Prerequisite: Completion of BIO-2011 with a C- or better. Fee required.

BIO-2111: Anatomy and Physiology I* - 4 hours

Basic structure and function of cells, tissues and organ systems of the body; skeletal, muscle, nervous and endocrine systems. Prerequisite: BIO-2011 with a grade of C- or better. Fee required. Cross-listed with PES-2111.

BIO-2112: Anatomy and Physiology II* - 4 hours

A continuation of BIO-2111, including cardiovascular, digestive, respiratory, urinary and reproductive systems; metabolism, thermoregulation, fluid/electrolyte balance. Prerequisite: Completion of BIO-2111 with a C- or better. Fee required.

BIO-2500: Fundamentals of Microbiology* - 4 hours

Principles of microbiology including the structure, classification, cultivation and distribution of microorganisms, use of microbes in biotechnology, properties of pathogenic microbes and host defense. Fee required.

BIO-2600: Fundamentals of Anatomy & Physiology I* - 4 hours

The study of human anatomy, histology and imaging emphasizing the recognition of anatomical structures in situ, their functions and their relevance to clinical procedures. Prerequisites: completion of BIO-2500 with a C- or better. Fee required.

BIO-2650: Fundamentals of Anatomy and Physiology II* - 4 hours

The study of human physiology emphasizing the recognition of human physiological processes and their relevance to clinical procedures. Prerequisites: Completion of BIO-2600 with a C- or better. Fee required.

BIO-3215: Microbiology* - 4 hours

Principles of microbiology including an in-depth study of the structure, classification and cultivation of microorganisms including viruses, bacteria and fungi with a heavy emphasis on medical, centenary and biotechnology applications. Prerequisite BIO-2012 and CHE-2212 with a grade of C- or better. Fee required.

BIO-3230: Cell Biology * - 4 hours

Study of physiological, structural and functional properties of both prokaryotic and eukaryotic cells including their interaction with their environment, life cycles and death. Prerequisite: Completion of BIO-2011 and CHE-2200 or CHE-2211 with a C- or better. Lab fee required.

BIO-3235: Molecular Biology* - 4 hours

Structure and function of nucleic acids; DNA replication, transcription, and translation; regulation of gene expression; recombinant DNA; applications of current molecular techniques in genomics (QTL mapping), forensics, medicine and ecology. Prerequisite: Completion of BIO-2012 and CHE-2200 or CHE-2211 with a C- or better. Laboratory fee required.

BIO-3310: General Ecology* - 4 hours

Biotic communities with an emphasis on local plants and animals. Succession, ecosystem, biogeochemical cycles, energy in ecological systems. Several field trips. Prerequisite: Completion of BIO-2012 with a C- or better or permission of instructor. Cross listed with EAS-3310. Fee required.

BIO-3410: Plant Biology* - 3 hours

Growth, structure, function, diversity of plants and interaction with environment. Prerequisite: Completion of BIO-2012 with a C- or better. Fee required.

BIO-3510: Vertebrate Biology* - 3 hours

Vertebrate diversity, emphasizing aspects of classification, adaptation, natural history, behavior and distribution. Prerequisite: Completion of BIO-2012 with a C- or better. Fee required.

BIO-3520: Invertebrate Biology* - 4 hours

A study of the structure, function, natural history and relationships of invertebrate organisms. Prerequisite: Completion of BIO-2012 with a C- or better.

BIO-3712: Biochemistry* – 4 hours

Cross-listed with CHE-3712. Refer to CHE-3712 for prerequisites.

BIO-4100: General Nutrition - 3 hours

The science of nourishing the body by providing the proper nutrients for maintenance of health. Study of dietary nutrients and toxicants and the role of nutrition in optimal health to provide sound, scientific knowledge on which to base wise nutritional choices. Prerequisite: Completion of BIO-2111 or CHE-2300 or equivalent with a C- or better.

BIO-4210: Virology - 3 hours

Principles of virology; structure and classification of bacteriophages, zoonoses and human viruses; emerging viruses, human pathogens and weapons of mass destruction. Prerequisite: BIO-3215 with a C- or better.

BIO-4225: Genetics* - 4 hours

A study of the principles and mechanisms of inheritance including the molecular organization, replication, transmission and expression of genetic traits. Completion of Prerequisite: BIO-2012 with a C- or better and junior standing. Fee required.

BIO-4230: Bacterial Genetics* - 4 hours

Principles of the molecular genetics of bacteria including horizontal gene transfer mechanism, gene expression and genetic modifications. Prerequisites: BIO-3215 and BIO-4225 with a C- or better. Fee required.

BIO-4235: Embryology* - 4 hours

Explores the development of the human embryo from fertilization to birth. Prerequisite: BIO-2012 with a C- or better. Fee required.

BIO-4335: Comparative Vertebrate Anatomy* - 4 hours

Comparative study of the anatomy of vertebrates emphasizing the patterns and processes of development, structure and function through the comparison of the vertebrate body forms and organ systems. Prerequisites: Completion of BIO-2012 with a C- or better and junior standing. Fee required.

BIO-4340: Regulation of Biological Systems - 3 hours

Systems and processes involved in maintaining homeostasis in plants and animals. Prerequisite: BIO-2012 with a C- or better.

BIO-4350: Pathophysiology* - 4 hours

Explores abnormalities in human physiology or anatomy caused by disease processes, genetic abnormalities or embryologic abnormalities. Prerequisite: BIO-2112 or BIO-2650 with a C- or better. Fee required.

BIO-4400: Forensic Science - 3 hours

Study and application of science to the process of law including analysis of drugs, different forms of trace evidence, identification of biological fluids, forensic pathology and forensic toxicology. Prerequisite: Completion of BIO-2012 with a C- or better. Cross-listed with NSCI-4400.

BIO-4401: Forensic Science Laboratory - 1 hour

Laboratory analysis of drugs, different forms of trace evidence, identification of biological fluids, forensic pathology and forensic toxicology. Prerequisite: Completion of BIO-2012 with a C- or better.

BIO-4511: Biotechnology - 3 hours

Principles and applications of modern molecular biology methods. Prerequisites: BIO-3215 or BIO-3230 with a C- or better.

BIO-4710: ACCA - Morton Arboretum Botany - 3-4 hours

A limited number of botany courses are offered by the Associated Colleges of the Chicago Area. Consult the Natural Science Department for details on specific courses.

BIO-4720: ACCA - Biology - 2 hours

A limited number of biology courses are offered by the Associated Colleges of the Chicago Area. Consult the Natural Science Department for details on specific courses. A maximum of four hours in BIO-4720 may be applied to a biology program.

BIO-4730: ACCA - Shedd Aquarium - 0-4 hours

A limited number of biology courses are offered by the Associated Colleges of the Chicago Area. Consult the Natural Science Department for details on specific courses.

BIO-4900: Seminar in Biology - 3 hours

Readings, discussion and oral and written presentation of current topics in a selected biological area. Subject will be announced and may vary each time offered. A maximum of 4 hours in BIO-4900 may be applied to a biology program. Prerequisite: Senior college standing and 16 hours of biology. Cross-listed with CHE/EAS-4901.

BIO-4950: Independent Study in Biology - 1-6 hours

Limitations: Department approval: junior or senior class standing; one independent study per semester and cumulative GPA of at least 2.00; a 2.75 GPA in the pursued discipline.

BIO-4990: Internship in Biology - 3-4 hours

Supervised involvement in a biology-related work experience. Prerequisite: Minimum cumulative GPA of 2.75; minimum GPA of 2.75 in 18+ hours of biology; and department approval.

Business Courses**BUS-1105: Professional Development I - 3 hours**

Facilitate the development of a personalized educational and professional plan. Assess career qualifications and goals related to applied fields of study, explore various internship and part-time job options, develop a resume and acquire effective interviewing techniques.

BUS-2020: Writing about Business - 3 hours

Develop critical business writing skills including spelling, punctuation, usage and style. Avoid the common pitfalls of business writing. Create persuasive and more effective memos, letters, emails and presentations. Basic research techniques. Prerequisite: ENG-1100.

BUS-3110: Introduction to Storycrafting - 3 hours

Students will learn the basics of storycrafting with emphasis placed on artfully developing characters, points-of-view and persuasion through the basic elements and techniques of the different genres of creative writing. Students will learn to articulate themselves as “the product.” Prerequisites: ENG-1000 and ENG-1100.

BUS-3120: Advanced Storycrafting - 3 hours

Applying the craft techniques and skills from Introduction to Storycrafting, students will learn the power of the story as it applies to the business setting. Students will learn different frameworks and approaches in storytelling to uncover the right story and tell it well in any medium, be it a product description, customer empathy map, motivational speech, whitepaper or PowerPoint presentation. Prerequisite: Introduction to Storycrafting.

BUS-3005: Professional Development II - 3 hours

This course is the second part of the Professional Development Series for students. Prepare for the full-time job search process by focusing on updating a resume, updating portfolios, targeting a particular position, preparing for interviews and developing plans for continuing professional development.

BUS-4700: Special Topics in Business - 2 hours and may be taken twice for a maximum of 4 hours

Selected current topics in business as they relate to various settings. Topics vary each time the course is taught.

BUS-4990: Internships in Business - 1 to 6 hours

This course consolidates all College of Business internships. Supervised involvement in work-related experience. Prerequisite: Nine hours of coursework in student's major, attendance at Internship seminar and College of Business faculty approval with 3.0 GPA in major. Can be repeated for a second time.

Chemistry Courses***Laboratory required**

A limited number of courses in chemistry not available at Concordia-Chicago are offered by the Associated Colleges of the Chicago Area (ACCA). Information on specific courses may be obtained from the Department of Natural Sciences and Geography. See CHE-4720.

CHE-1110: Consumer Chemistry* - 4 hours

Consumer applications of fundamental chemistry principles. Designed for the liberal arts non-science majors. Laboratory required. Fee required.

CHE-2200: Fundamentals of Chemistry* - 4 hours

A survey of concepts and principles of general inorganic chemistry. Introduction to organic chemistry. Prerequisites: One year of high school chemistry; MAT-1010 (or higher) with a grade of C- or better. Fee required. IAI: P1 902L. Students may not receive credit for graduation for more than one of the following: CHE-2200 or CHE-2211.

CHE-2211: General Chemistry I* - 4 hours

The chemical principles of matter, atomic theory, reactions, bonding, thermochemistry and gases. Prerequisites: One year of high school chemistry. Students may not receive credit for graduation for more than one of the following: CHE-2200 or CHE-2211; MAT-1010 (or higher) with a grade of C- or better. Fee required. IAI: P1 902L.

CHE-2212: General Chemistry II* - 4 hours

The chemical principles of phases of matter, solutions, kinetics, equilibrium, acids and bases, solubility, complex ions and coordination compounds, thermochemistry and electrochemistry. Prerequisite: Completion of CHE-2211 with a C- or better. Fee required.

CHE-2300: Introduction to Organic and Biological Chemistry* - 4 hours

Introduction to nomenclature and reactions for simple compounds of carbon. A study of the composition, structure and function of molecules within organisms. Prerequisite: Completion of CHE-2200 or equivalent with a C- or better. Students may not receive credit for graduation for both CHE-2300 and CHE-3311. IAI: P1 904L.

CHE-3000: Chemistry in the World Today - 3 hours

Applications of chemical concepts to technological and societal issues. Prerequisite: Minimum of one year of high school chemistry. Field trips. Fee required.

CHE-3005: Health Sciences Applications in Chemistry - 3 hours

Applications of chemical concepts to technological and societal issues with special emphasis on health science related issues.

CHE-3311: Organic Chemistry I* - 4 hours

Structure and reactions of saturated and unsaturated hydrocarbons, alkyl halides, alcohol, phenols and ethers. Introduction to stereochemistry and spectroscopy. Prerequisite: Completion of CHE-2212 with a C- or better. Laboratory fee required.

CHE-3312: Organic Chemistry II* - 4 hours

Structure and reactions of carbonyl compounds, carboxylic acids and their derivatives, amines, aromatic hydrocarbons and polymers. Prerequisite: Completion of CHE-3311 with a C- or better. Fee required.

CHE-3410: Analytical Chemistry* - 4 hours

Theory and practice of analytical techniques including instrumental methods of analysis. Prerequisite: Completion of CHE-2212 with a C- or better. Fee required.

CHE-3510: Inorganic Chemistry* - 4 hours

Properties and reactivities of inorganic compounds including transition metal coordination compounds. Synthesis and analysis of inorganic compounds. Prerequisite: Completion of eight semester hours of chemistry with a C- or better. Fee required.

CHE-3610: Elements of Physical Chemistry - 3 hours

Prerequisite: Completion of CHE-2212 General Chemistry, PHY-2121 with a C- or better.

CHE-3712: Biochemistry* - 4 hours

The study of the structure, function and transformations of molecules within biological organisms. Prerequisite: Completion of CHE-3312 or equivalent course in organic chemistry with a C- or better. Students may not receive credit for graduation for both CHE-2300 and CHE-3712. Cross listed with BIO-3712.

CHE-4410: Instrumental Analysis* - 4 hours

Theory and practical instruction in various instrumental methods commonly atomic and molecular analyses. Field trips. Fee required. Prerequisites: CHE-3410 and CHE-3312 with a grade of C- or better.

CHE-4720: ACCA - Chemistry - 2 hours

A limited number of chemistry courses are offered by the Associated Colleges of the Chicago Area. Consult the Natural Science Department for details on specific courses.

CHE-4901: Seminar in Chemistry - 3 hours

Readings, discussion, and oral and written presentations of current topics in selected areas of physical science. Prerequisite: Senior college standing and 16 semester hours in physical science. Cross-listed with BIO-4900 and EAS-4901.

CHE-4950: Independent Study in Chemistry - 1-6 hours

Limitations: Department approval; junior or senior class standing; one independent study per semester and cumulative GPA of at least 2.00; a 2.75 GPA in the pursued discipline.

CHE-4990: Internship in Chemistry - 2-4 hours

Supervised involvement in chemistry related work experience. Prerequisite: A minimum overall GPA of 2.75 in 18 or more hours of chemistry; department approval.

Concordia Honors Program Courses

CHP-2960: Introduction to Honors: Critical Thinking - 3 hours

An introduction to intentional critical thinking through a content-focused study. Topics may vary; current offerings are humanities-based, integrating history and literature through extensive reading and writing. Open to honors students only.

CHP-3960: Honors Seminar - 3 hours

A topic and readings course using critical thinking to focus on an issue of current significance within one of four discipline areas (science and math, humanities and the arts, social and behavioral sciences, theology and philosophy). May be repeated under a different topic. Open to honors students only. Prerequisite: CHP-2960.

CHP-4560: Semester Away Presentation - 1 hour

Presentation of semester away experience. Open to honors students only.

CHP-4960: Honors Project - 0-6 hours

A student-designed independent study for honors students, under the direction of a faculty mentor and in consultation with the Honors Director. The project may be in a student's major, minor or in another area of interest. A creative presentation of findings to the University community is expected at the conclusion of the project. Open to honors students only. Prerequisite: CHP-2960 and junior or senior standing.

Computer Information Systems Courses**CIS-1000: Foundations of Information Systems - 3 hours**

An overview of the computing field and its typical applications. Covers key terminology and components of computer hardware, software and operating systems. In addition, covers an introduction to systems theory, development methods, management information systems and using application software and the internet for problem solving. Concepts of organizations, information systems growth and process improvement. Professional societies' codes of conduct, career opportunities.

CIS-1450: Elements and Practices of Web Design - 3 hours

Introduction to web design principles and practices for the development of professional websites. Application of principles to the creation of functional web pages using current and accessible web design software in a collaborative environment. Cross-listed with ART-1450.

CIS-2430: Electronic Business - 3 hours

Introduction to e-business strategy and the development and architecture of e-business solutions and their components. Focus on organizational strategy and information technologies that connect individuals, businesses, governments and other organizations to each other. Prerequisite: CIS-1000. Cross-listed with MGT-2430.

CIS-3450: Website Development - 3 hours

Technical aspects of website development, including: Internet protocols, cascading style sheets, interactivity, integration with databases and website security. Students will develop selected components of a website using a variety of tools and services. Prerequisite: CIS-1450.

CIS-4400: Management Information Systems - 3 hours

The purpose, applications and management of information systems in the organization. Applications to corporate, public and private institutional settings. Prerequisite: CIS-1000, or consent of instructor. Cross-listed with MGT-4400.

CIS-4720: ACCA - CIS - 2 hours

Computer science courses are offered by the Associated Colleges of the Chicago Area (ACCA) at Argonne Laboratories. Information on specific courses may be obtained from the Mathematics and Computer Science Department. Open to juniors and seniors only, except by permission of the instructor.

CIS-4900: Project Management and Practice - 3 hours

Project planning and management, interpersonal and communication skills are exercised in the analysis, design and implementation of a significant information systems project. Students must have completed 25 hours of computer science coursework. Prerequisite: CIS-3510 and consent of instructor.

CIS-4910: Current Topics in Computer Science - 1 hour

Intensive encounter with current theory or practice in the discipline. Topics will be announced in advance and may vary each time offered. Maximum of 6 hours in CSC-4910 may be applied to a computer major or minor. Prerequisite: Consent of instructor.

CIS-4950: Independent Study: Computer Information Systems - 1-6 hours

CIS-4990: Internship: Computer Information Systems - 1-3 hours

Supervised involvement in computer-related work experience at an approved site. Open to Computer Science or Computer Information Systems majors. Prerequisites: Senior standing, 9 hours of computer science at Concordia-Chicago, minimum GPA of 3.0 in the major, 2.0 overall GPA and department approval. Offered only on a Pass/D/F basis.

Classical Liberal Studies Courses

CLS-2300: Christianity and The Humanities - 3 hours

An exploration of both the historical and contemporary interaction of the humanities and the Christian church. Special attention is given to how Lutheran theology shapes the Christian's understanding of literature and the fine arts. Prerequisite: One of the following courses: THY-1100, THY-2010, THY-3105, THY-2210, THY-1210, THY-1310 or permission of instructor. Cross listed with CLS-2300/THY-2300.

Colloquium Courses

COL-1000: Strategies for Academic Success - 1 hour

Introduction to academic and personal strategies to promote successful transition to college: managing time effectively, determining effective approaches to study different subjects, accessing campus resources and support services, and understanding University requirements and policies. Registration by permission only. Fee required.

COL-1995: Vocation and College Success - 1 hour

Exploration of personal vocation as a college student, with focus on identity development, interpersonal skills and collegiate success. Required of all first-year students admitted with

freshman status. As a part of a structured learning community, course requires concurrent enrollment in or successful completion of HUM-1995 The Noetic Experience in Humanities.

Communication Courses

COM-1100: Speech Communication - 3 hours

Performance of speeches leading to foundation skills common to successful oral communication, including communication theory, selection and organization of materials, verbal and non-verbal factors of delivery, listening techniques. IAI: C2 900.

COM-2200: Introduction to Film Studies - 3 hours

Critical study of styles and forms of film produced as entertainment, art and education.

COM-2300: Interpersonal Communication - 3 hours

Theoretical knowledge of interpersonal (family, business, intimate, friendship) relationships. Develop skills for listening, conversation and conflict management.

COM-2400: Public Relations - 3 hours

Study and practice of public relations as a management function used to communicate with relevant internal and external publics in order to fulfill organizational goals. Cross-listed with MGT-4240.

COM-2500: Global Documentary - 3 hours

Examination of international documentaries and how they tell stories about human experience and mediate reality, with emphasis on non-Western content. Focus on Africa, Asia and South America.

COM-2850: Media Literacy - 3 hours

A critical social history of various media (such as radio, television, film and print) and modes (advertising, journalism, etc.).

COM-3200: Business Communication - 3 hours

An advanced course to develop written and oral communication skills as they apply in the world of business. Prerequisite: ENG-1100 and COM-1100. Cross-listed with MGT-3200.

COM-3210: Family Communication

This course examines and critiques the field of family communication, its concepts, theories and research, and is designed to create a better understanding of how our personal and professional lives are impacted by family communication.

COM-3220: Nonverbal Communication

An introduction to the dynamics of nonverbal communication through theory, application and research in order to increase knowledge, awareness and understanding of the role that nonverbal communication plays in various contexts.

COM-3350: Television Culture - 3 hours

Television shows, programming and industry history from the 1950s to the present. Critical analysis of economic, technology, politics and regulations.

COM-3450: Film Genres - 3 hours

Examination of film genre by theme, cultural context, ideology and historical development. Selection of genre varies each term (e.g. science fiction, mystery, horror, noir, comedy, western, melodrama and musical). May be repeated as genre topic changes. Prerequisite: COM-2200.

COM-3650: Film Directors - 3 hours

U.S. and internationally renowned directors. Film styles and story trends addressed through the lens of those who directed them. Directors vary by term (such as Alfred Hitchcock, Spike Lee, Jane Campion, Akira Kurosawa). May be repeated as topic changes. Prerequisite: COM-2200.

COM-3750: National Cinema - 3 hours

Study of films from various countries and subcultures. Varies by term (such as French, Japanese, Indian, African-American, Brazilian cinema). May be repeated as topic changes. Prerequisite: COM-2200.

COM-4000: Communication Research and Writing

Provides an overview of qualitative and quantitative methods. Focuses on key qualitative communication research methods. Introduces students to developing research questions and hypotheses, and the methods used to test them.

COM-4100: Media and Cultural Studies - 3 hours

An overview of critical media theory with focus on how media shape our cultural landscape.

COM-4110: Advanced Speech Communication - 3 hours

Public speaking as persuasion and dialogue. A performance course. Application of communication theory to the public speaking situation. Prerequisite: COM-1100.

COM-4230: Organizational and Team Communication - 3 hours

Principles and techniques of communication as applied to interactions within work, volunteer and informal organizations and teams.

COM-4250: Intercultural Communication - 3 hours

Principles and practices of communication as applied to interactions between people from different cultures. Cross-listed with MGT-4250.

COM-4260: Event Planning and Management - 3 hours

This course provides students with the knowledge about the field of event planning and management including research, planning, coordinating, promotion, implementation and evaluation of events.

COM-4310: Radio Production I - 3 hours

Radio broadcast management, writing and production. Also an emphasis on the effect of radio on the American culture. Laboratory hours required.

COM-4311: Radio Production II - 3 hours

Performance of a variety of music formats as on-air show host. Emphasis on personality development, show preparation and format execution. Laboratory hours required. Prerequisite: COM-4310.

COM-4331: International Film History - 3 hours

History of international cinema from World War II to the present. Prerequisite: COM-2200.

COM-4340: Gender and Sexuality in the Media - 3 hours

Trends in depicting men, women and sexuality across U.S. media, with focus on film and television.

COM-4360: Media Production I - 3 hours

Laboratory experience in media production basics, covering cameras, editing, lighting, sound and storyboarding. Laboratory hours required. Prerequisite: COM-2200.

COM-4361: Media Production II - 3 hours

Advanced laboratory experience in media production, covering camera, editing, lighting, sound, scriptwriting, storyboarding and portfolio creation. Laboratory hours required. Prerequisites: COM-2200 and COM-4360.

COM-4364: Broadcast News Production - 3 hours

Techniques and practice of writing and producing broadcast news, including producing, script format, television studio equipment, on-camera news delivery and directing. Prerequisite: COM-2200 and COM-4360.

COM-4365: Scriptwriting for Television and Film - 3 hours

Fundamentals of writing film and television narrative, including plot structure, visual and aural ways of rendering story and format of the spec script. Prerequisite: COM-2200.

COM-4450: WCGR Practicum I - 0 or 1 credit hour

Involvement in campus WCGR co-curricular television or radio station as Production Crew member, deejay, reporter, talent or other position in digital media production. Offered Pass/D/F only. Prerequisite: Consent of the WCGR Practicum Faculty Advisor. Three hours may be applied to a Communication major or minor. May be repeated up to six times; practicum and COM internship combined credits not to exceed 15 credit hours maximum.

COM-4451: WCGR Practicum II - 0 or 1.5 credit hours

Involvement in campus WCGR co-curricular television or radio station as executive board member, producer/director or other major position in media production. Offered Pass/D/F only. Prerequisite: Consent of the WCGR Practicum Faculty Advisor. Three hours may be applied to a Communication major or minor. May be repeated up to six times; practicum and COM internship combined credits not to exceed 15 credit hours maximum.

COM-4880: Independent Communication Research

Design, implementation, and completion of student research project. Faculty mentoring required. Prerequisite: COM-4000 Communication Research

COM-4910: Topics in Communication - 3 hours

Selected current topics in communication as they relate to various settings. Topics vary each time the course is taught. A maximum of six semester hours may be applied to a communication program.

COM-4950: Independent Study in Communication - 1-6 hours

COM-4980: Senior Project - 3 hours

Independent work under the mentoring of a faculty member to synthesize and apply learning within the major. Required of all Communication majors. Project must be approved by the department.

COM-4990: Internship in Communication - 3-12 hours

Supervised involvement in a communication work-related experience. Open to Communication majors and minors and Media Arts Administration majors (B.A.) who have junior or senior standing and departmental approval. Three hours may be applied to a Communication major or minor. WCGR Practicum I and WCGR Practicum II and internship combined credits not to exceed 15 credit hours.

Criminal Justice Courses

CRJ-2110: State & Local Government - 3 hours

An examination into how government closest to the people operates. Attention will be given to sub-national matters such as public education, poverty, crime, economic development and public service. Cross-listed with POS-2110.

CRJ-2310: Human Security - 3 hours

Cross-listed with POS-2310

CRJ-2330: International Humanitarian Law - 3 hours

Cross-listed with POS-2330

CRJ-2340: International Security - 3 hours

Cross-listed with POS-2340

CRJ-2400: Criminal Justice - 3 hours

The processes, institutions and administration of criminal justice in the United States, focusing on the police, courts and corrections. Cross-listed with POS-2400.

CRJ-2410: American Legal Process - 3 hours

The structure and functions of American civil and criminal court systems at both the national and state levels. Roles of court personnel will be examined as well as basic rules of pre-trial, trial and post-trial procedure. Cross-listed with POS-2410.

CRJ-3110: Public Policy - 3 hours

The structure and functions of American civil and criminal court systems at both the national and state levels. Roles of court personnel will be examined as well as basic rules of pre-trial, trial and post-trial procedure. Cross-listed with POS-3110.

CRJ-3415: Substantive Criminal Law - 3 hours

This course examines the legal elements of individual crimes and examines the fundamental elements of a criminal act, intent, conspiracy, defenses and liability. Cross-listed with POS-3415.

CRJ-3425: Procedural Criminal Law - 3 hours

By reviewing court decisions, the course considers the changing interpretations of the Constitution by the courts regarding fundamental issues of police procedure including arrests,

searches, seizures of property, confessions, right to counsel and related matters. Cross-listed with POS-3425.

CRJ-4030: Probation, Parole and Re-entry - 3 hours

A theoretical, historical and empirical analysis of probation, parole and re-entry in the U.S. Sociologically examines development of community-based correctional programs, focusing on the effectiveness of probation, parole and intermediate sanctions on recidivism and re-entry. Cross-listed with SOC-4030.

CRJ-4115: Classical Sociological Theory - 3 hours

This course introduces students to the major classical sociological theorists and engages students in critical thought and application of their theoretical perspectives. Prerequisite: SOC-2010. Cross-listed with SOC-4115.

CRJ-4150: Social Psychology - 3 hours

Interpersonal relations, attitude formation and change of group membership, group dynamics, research methods of social psychologist, applications in business, communication, education, social services, counseling practice and law. Cross-listed with SOC-4150. IAI: S8 900.

CRJ-4320: Juvenile Delinquency - 3 hours

Defining delinquency; nature and frequency; theoretical explanations; juvenile law, courts and corrections; preventing delinquency. Cross-listed with SOC-4320.

CRJ-4325: Masculinities - 3 hours

An introduction to the field of masculinities. This course sociologically examines the construction and impact of masculinities within our society. Providing a critical framework for exploring the cultural and individual ways we understand what it means to be a "man" or "masculine," the course will focus on the pluralization of masculinities and how it intersects with race, sexuality, class and sex. Cross-listed with SOC-4325 and WGS4325.

CRJ-4350: Global Terrorism - 3 hours

Cross-listed with POS-4350.

CRJ-4425: Sociology of Gender & Sexualities - 3 hours

A theoretical and empirical analysis of femininity, masculinity and various sexualities from a sociological perspective. Examines the impact gender and sexuality have at the individual and institutional levels. Cross-listed with SOC-4425.

CRJ-4430: Constitutional Law of Civil Liberties - 3 hours

By reviewing court decisions, the course considers the changing interpretations of the Constitution by the courts regarding the fundamental rights such as freedom of speech and the press. Particular focus on the religious establishment clause and the free exercise clause of the First Amendment. Cross-listed with POS-4430.

CRJ-4435: Social Deviance - 3 hours

Sociological study of the process and factors producing deviant behavior and the societal reaction against deviance. Emphasis on theoretical perspectives and empirical research addressing the definition of and reaction to deviant behavior. Cross-listed with SOC-4435.

CRJ-4440: Constitutional Law of Civil Rights - 3 hours

Supervised practice within an agency or organization, providing student with an applied criminal justice experience. Prerequisite: Minimum 15 credits in courses with a CRJ prefix and departmental approval.

Computer Science Courses**CSC-2100: Discrete Structures - 3 hours**

An introduction to the analysis of discrete collections: sets, counting, recursion, graph theory, Boolean algebra, automata, formal grammars and languages. Prerequisite: Departmental Placement or a C or higher in MAT-1805. Cross-listed with MAT-2100.

CSC-2410: Computer Science I - 3 hours

An introduction to a current and dominant object-oriented programming language. Topics covered include basic principles of programming, algorithmic and procedural problem solving, program design and development, basic data types, control structures, functions, arrays, pointers and introduction to classes for programmer-defined data types.

CSC-2510: Computer Science II - 3 hours

Advanced object-oriented programming concepts to prepare for focused studies in extreme programming, game programming, hand-held device programming or other advanced

programming arenas. The topics include but are not limited to inheritance, polymorphism, templates, exceptions and operator overloading strings, streams, files, templates and data structures. Prerequisite: C or higher in CSC-2410.

CSC-2620: Database Systems & Design - 3 hours

Introduction to database systems, including but not limited to the following topics: Types of database models, database management systems, SQL language, relational data model and relational database constraints, relational database design by ER and EER-to-relational mapping, introduction to SQL programming techniques, object and object-relational databases and XML language. Prerequisite: C or higher in CSC-2410.

CSC-2710: Computer Organization and Architecture - 3 hours

Principles and application of computer hardware and software. Theoretical underpinnings, installation and configuration. Computer architecture for effective use in a business environment. System architecture for networked computing systems and operating systems. Operational laboratory experiences. Prerequisite: C or higher in CSC-2410 and CSC-2100.

CSC-3210: Object-Oriented and Database Programming Practicum - 1 hour

The practice of topics from lecture courses covering object-oriented and database programming through problem-based assignments. This course may be repeated up to four times. Prerequisite: CSC-2410 Computer Science I and consent of instructor.

CSC-3410: Concepts of Programming Languages - 3 hours

An introduction to the key concepts of language, design and implementation in a computer system. The course is designed to enable the student to master new languages and new concepts quickly as well develop a deeper understanding of the relationship between a language and its basic hardware platform and operating system. Prerequisite: C or higher in CSC-2510.

CSC-3420: Data Structures and Algorithms - 3 hours

Development of methods for organizing and processing large data sets. Types of data structures analyzed include linear lists, stacks, queues, graphs and trees. Algorithm analysis methods are used throughout to analyze the various data structures and algorithm design alternatives. Prerequisites: C or higher in CSC-2510 and CSC-2100. May be taken concurrently with CSC-4450.

CSC-3430: Advanced Object-Oriented Programming - 3 hours

Advanced object-oriented programming concepts, including but not limited to inheritance, polymorphism, templates, exceptions and operator overloading, files and advanced data structures topics, graphical user interface, game programming and hand-held device programming. Prerequisite: C or higher in CSC-2510.

CSC-3440: Computer Networking and Communication - 3 hours

In-depth networking and telecommunications fundamentals, including LANs, MANs, WANs, intranets, the internet and the WWW. Data communication and telecommunication concepts, models, standards and protocols will be studied. Laboratory practice in installation, configuration, systems integration and management of infrastructure technologies. Prerequisites: C or higher in CSC-2510.

CSC-3450: Website Design and Development - 3 hours

Comprehensive introduction to the tools and skills required for both client and server-side programming and development of platform-independent sites using the most current web development technology. Prerequisites: CSC-2620 and CSC-2510 or consent of instructor.

CSC-3460: Software Engineering I - 3 hours

A wide perspective on software development, including ethics, project management, software development lifecycle, problem specification and analysis, system design techniques, implementation and documentation. Prerequisite: CSC-2410. Recommended: CSC-2510.

CSC-4430: Mobile Application Development - 3 hours

Fundamental concepts of application development for Android smartphones and tablets using Java, including some game development and an introduction to the development of iOS mobile applications. Prerequisite: CSC-3430 Advanced Object Oriented Programming or consent of instructor.

CSC-4450: Operating Systems - 3 hours

An introduction to the basic concepts of operating system design, including messaging, data abstraction, processes, concurrency, protection and security, and virtual systems. The Windows and UNIX/Linux operating systems will be used as examples as well as some historically significant operating systems. Prerequisites: C or higher in CSC-2710; Pre or co-requisite: CSC-3420.

CSC-4460: Software Engineering II - 3 hours

A detailed insight into system design techniques, testing, implementation, dependability, security, software reuse, component-based, service-oriented, embedded and distributed software engineering. Prerequisite: C or higher in CSC-3460 I and CSC-2620.

CSC-4730: ACCA - Seminar in Computer Science - 2 hours

Computer Science seminar course on selected topics as offered by the Associated Colleges of the Chicago Area (ACCA). Consult the department chair for details on specific courses. Prerequisites: Senior standing or consent of instructor.

CSC-4910: Topics in Computer Science - 3 hours

Exploration of various current content topics in computer science not covered in current undergraduate or graduate courses. Prerequisite: Permission of the Instructor.

CSC-4920: Capstone in Computer Science - 3 hours

Project-based integration of knowledge gained across the curriculum. Prerequisite: 24 hours of coursework in computer science and consent of instructor.

CSC-4991: Internship - 3 hours

Workplace experience in computer science under the supervision of faculty and the company's staff. Prerequisite: 24 hours of coursework in computer science and consent of instructor.

Computer Science Education Course**CSE-4111: Technology, Society and Education - 3 hours**

Technology as a tool to support development of computer literacy and to support learning across the curriculum for all students. Selection, development, use and evaluation of technology in the classroom and laboratory. Prerequisite: CIS-1000 or equivalent.

Students will gain experience in actual teaching situations and in structuring lessons. Field work required. Prerequisite: DCE-2300 or EDUC-2020.

DCE-4351: Parish Teaching II - 3 hours

Principles, organization, materials and practices of teaching the Christian faith to senior high school youth and adults; special attention to Bible class and small group ministry. Students will gain experience in actual teaching situations and in structuring lessons. Field work required. Prerequisite: DCE-2300 or EDUC-2020.

DCE-4450: Family and Children's Ministry - 3 hours

Exploration of family dynamics in contemporary American society, various family and children's ministry models, and strategies for sustaining such ministries. Cross-listed with THY-4450.

DCE-4942: DCE Senior Seminar - 3 hours

Focus on DCE intern-related needs, issues, skills and areas of knowledge, specifically in preparation for DCE internship. Prerequisite: Senior-level standing or DCE Program Director's approval.

DCE-4990: Internship DCE - 12 hours

A supervised 12-month field experience designed to provide opportunities to become more familiar and more competent with DCE ministry in a Lutheran congregation. The student registers for 12 semester hours in each of two separate semesters.

Digital Animation Courses

DIG-1110: Survey of Animation and Game Technology

Animation majors and students of art enjoy an introduction to the field of animation and game technologies. We will discover the notable people and companies that created these industries, their current practices, productions and websites. Emerging technologies, gender roles and future trends will be applied to other subjects and industries, such as education, science, engineering, architecture, training, social services, legal, medical and history. Prerequisite ART-1100.

DIG-1120: Cartooning

Animation majors and students of art enjoy drawing their own cartoon characters while learning about the history, styles and symbolism of their designs, including ancient hieroglyphs, Mayan carvings, religious icons, war propaganda, racial discrimination and gender stereotyping. Prerequisite: DIG-1110.

DIG-1130 Geometry for Animation

Animation majors and students of art learn and apply the mathematics and geometry of music to the construction of buildings, environments, characters and their motions. Prerequisite DIG-1140.

DIG-1140: Characterization

Animation majors and students of art further develop life-drawing skills while adapting them for use in animation. This is accomplished with gesture drawings, action poses, turnarounds and traditional character model sheets. Prerequisite DIG-1120.

Earth Science Courses

*** Laboratory Required**

EAS-1105: Elements of Earth Science* - 4 hours

The universe, space and physical characteristics, processes and patterns of the earth's natural environment: rocks, soils, landforms, weather, climate and vegetation. Field trips may be required. Fee required. IAI: P1 905L.

EAS-1110: Global Environmental Issues* - 2 hours

Explore problems involving the world physical environment and those caused by human activities. Emphasis on critical issues that endanger habitability in an integrated and dynamic environmental system. Field trips and associated fee may be required.

EAS-2100: Physical Environment - Midwestern U.S. - 3 hours

A two-week field study of the Midwest's climate, natural vegetation, soils, landforms and geology. Travel by van in Illinois, Indiana, Wisconsin, Iowa and Missouri. Fee for travel and lodging.

EAS-3010: Meteorology and Climatology - 4 hours

Earth-sun relationships, temperature, moisture, wind, pressure. Weather forecasting and forecast models. World climate patterns: genetic, descriptive and functional climate classification. Statistical analysis of climate data. Prerequisite: Completion of EAS-1105 or NSCI-1120 with a C- or better. Cross-listed with GEO-3015. Field trips may be required. Fee required.

EAS-3200: Astronomy* - 4 hours

Laboratory fee required. Cross-listed with PHY-3210. IAI: P1 906L.

EAS-3300: Environmental Education - 3 hours

Investigation and instruction of environmental issues. Concepts and resources for environmental instruction in schools, the public sector and business. Field trips may be required. Prerequisite: A college-level earth or environmental science course or consent of instructor.

EAS-3310: General Ecology* - 4 hours

Cross-listed with BIO-3310.

EAS-4415: Physical Geology* - 4 hours

Composition and structure of the earth. Mineral and rock formation and classification. Gradational landscapes; water, ice, wind, shorelines. Prerequisite: Completion of EAS-1105 or NSCI-1120 with a C- or better. Cross-listed with GEO-4415. Field trips may be required. Fee required.

EAS-4425: Hydrology and Soils* - 4 hours

The hydrologic cycle, precipitation, runoff, infiltration. Groundwater. Soil water, fertility and other soil properties. Soil classification. Prerequisite: Completion of EAS-1105 or NSCI-1120 with a C- or better. Field trips may be required. Fee required.

EAS-4901: Seminar in Earth Science - 3 hours

Readings, discussion, and oral and written presentations of current topics in selected areas of physical science. Prerequisite: Senior college standing and 16 semester hours in physical science. Cross-listed with BIO-4900 and CHE-4901.

EAS-4950: Independent Study in Earth Science - 1-6 hours

Economics Courses

ECO-1100: General Education Economics - 3 hours

Basic principles of economics. The problem of businesses, governments, labor unions and nations as viewed from the perspective of economics. (Not open to students with an introductory high school course in economics.) IAI: S3 900.

EDUC-2500: Foundations of Literacy - 3 hours

This course is the foundational course to the teaching of literacy. Emphasis is placed on the introduction of literacy skills and research-based instructional approaches both for teaching literacy and use of literacy in the content areas, including domains of literacy, language development, academic language, reading and writing processes, materials and technology, assessment, standards-based practices and instructional planning. Clinical experience required. Offered fall and spring semesters. Fee required.

EDUC-2700: Linguistics and Language Development for Diverse Learners - 3 hours

This course focuses on language growth and development in children. Examination of major language acquisition theories and programs and techniques designed to facilitate acquisition of language skills. Basic language development inventories and foundations of linguistics are studied. The relationships of language development to cognitive and social-emotional growth is explored.

EDUC-4100: Foundations of Ethics of American Education - 3 hours

Cross-listed with EDSC-4100. Offered fall and spring semesters.

EDUC-4500: Middle School Assumptions and Curriculum - 3 hours

Introduction to middle school philosophy, structure and curricula. Emphasis on developmentally appropriate strategies and programs for middle level education. Required for Middle School Endorsement. Offered fall 2017 only.

EDUC-4804: Content & Methods of Teaching ESL - 3 hours

Cross-listed with EDEC-4804.

EDUC-4900: Lutheran Teacher: Vocation and Methods - 3 hours

The vocation of the Lutheran teacher in today's P-12 Lutheran schools. Course includes methods and strategies for teaching the Lutheran Christian faith, the servant leadership role of the Lutheran teacher in classroom, congregation, and community. Clinical field experience required. Prerequisite: Admission to Teacher Education

EDUC-4950: Independent Study in Education - 1-6 hours

Fee required.

Early Childhood Education Courses

EDEC-3000: Curriculum Instruction - Early Childhood - 3 hours

Overview of curriculum development focusing on both individual and group instruction in the early childhood classroom. Emphasis is placed on best practices, meeting individual needs, use of technology, collaboration in planning and teaching, and including parents in the instructional process. Field experience required. Offered fall.

EDEC-3200: Home, School and Community Relations - 3 hours

This course explores the relationship between the home, school and community. It focuses on developing positive and productive relationships, identifying resources, communicating expectations and including parents in the educational process. Emphasis is placed on legal responsibilities in regards to families. Field experience required. Offered spring.

EDEC-3500: Emergent Literacy - 3 hours

This course deals with the identification of developmental and readiness factors in emergent reading and emergent writing in children from birth through grade three. Attention is given to development, evaluation and special pre-reading and beginning reading needs of individual children as well as the use of assessment to plan for individual and group instruction. Fee required. Field experience required. Prerequisite: Admission to College of Education. Offered fall.

EDEC-4300: Management and Assessment in Classrooms with Bilingual Learners - 4 hours

Comprehensive overview of classroom management including its theoretical foundations and application in classroom settings as they relate to all students. Details classroom procedures, rules and student consequences, as well as productive and proactive practices that are culturally responsive. Focuses on the current developments in the assessment of all learners, including how to observe, structure assessment procedures to reflect current research understandings, best classroom practices, emphasizing state and federal mandates. Includes an analysis of purposes and forms of assessment, and the barriers to fair assessment of ELLs. Students will create, design and adapt authentic assessment tools for formal and information methods of assessing language proficiency and academic development in English at varying levels, and will include designing and using portfolios, using assessment as feedback for learning, and scaffolding assessments. Field experience required. Prerequisite: Admission to College of Education. Offered spring.

EDEC-4800: Content & Methods of Early Childhood Movement - 2 hours

This course focuses on the basic skills for the content, observation and assessment, and teaching of movement in early childhood education. There is an emphasis upon child development, the selection of appropriate activities, materials, techniques and resources used in the teaching/learning process. Fee required. Field experience required. Prerequisite: Admission to the College of Education. Offered fall.

EDEC-4801: Content & Methods of Early Childhood Art - 2 hours

Media, methods and materials of teaching art for birth through second grade. Emphasis on designing appropriate art experiences based on artistic development of young children and its philosophy in relationship to teaching the whole child. Fee required. Field experience required. Prerequisite: admission to College of Education. Offered fall.

EDEC-4802: Content & Methods of Early Childhood Music - 2 hours

Musical development of the young child/early childhood music methods and materials; development of course of study based upon relevant modes and types of musical experiences. Fee required. Field experience required. Prerequisite: Admission to College of Education. Offered fall.

EDEC-4803: Content & Methods of Play in the Early Childhood Classroom - 2 hours

Overview of play as a guiding principal for the development of the whole child. Emphasis on appropriate play for ages 0-8, including individual, pair, and small and large group play as a means of intellectual development. Field experience required. Admission to College of Education required. Offered fall.

EDEC-4804: Content and Methods of Teaching ESL - 2 hours

This course utilizes knowledge derived from second language acquisition about the nature and function of language, and how it is learned. Methods of teaching listening, speaking, reading and writing will be presented along with methods of teaching language and academic content known as content-based instruction. Sheltering and scaffolding instruction will be emphasized through the selection and critical analysis of various approaches, methods, techniques, activities and materials available for teaching English as a second language. Field experience required. Prerequisite: Admission to the College of Education. Offered fall.

EDEC-4805: Content & Methods of Early Childhood Social Studies - 2 hours

This course focuses on the basic skills for the content, design and teaching of social studies in early childhood education. There is an emphasis upon understanding child development, selecting appropriate activities and materials, teaching techniques and use of resources for the teaching/learning process. Fee required. Field experience required. Prerequisite: Admission to the College of Education. Offered spring.

EDEC-4806: Content & Methods of Early Childhood Math - 2 hours

This course examines curriculum, methods and materials for teaching mathematics to young children. Fee required. Field experience required. Prerequisite: Admission to the College of Education. Offered spring.

EDEC-4807: Content & Methods of Early Childhood Science - 2 hours

This course focuses on the basic skills for the content and teaching of science in early childhood education. There is an emphasis on the selection of appropriate topics, materials, techniques and resources used in the teaching/learning process. Fee required. Field experience required. Prerequisite: Admission to the College of Education. Offered spring.

EDEC-4808: Content & Methods of Caring for Infants and Toddlers - 2 hours

Overview of the care of infants and toddlers in early childhood centers. Emphasis is on the unique development of children ages 0-3 including the development of the whole child and how caregivers respond to their needs. Field experience required. Prerequisite: Admission to the College of Education. Offered spring.

EDEC-4910: Student Teaching Internship: Early Childhood Education - 15 hours

Internship in two classrooms daily for the 16-week semester under the guidance of a classroom cooperating teacher and the supervision of the University. One placement will be in a pre-primary classroom for eight weeks and the other eight weeks will be in a lower primary classroom. All Illinois Professional Teaching Standards (2010) and National Association for the Education of Young Children standards are assessed with the Education Teacher Performance

Assessment and other assessments. Seminar and colloquium participation is required.
Prerequisite: Admission to the Internship Professional Semester. Fee required.

Elementary Education Courses

EDEL-3500: Content & Methods for Elementary Literacy - 3 hours

Elementary literacy standards, curriculum, instruction and assessment for diverse classrooms, including English language learners and students with special needs. Teaching reading, writing, speaking and listening conventions and processes. Emphasis on teaching literacy in content areas. Prerequisites: EDEL-2500 Foundations of Literacy and admission to College of Education Teacher Candidacy. Offered fall and spring semesters. Fee required.

EDEL-4901: Content & Methods for Elementary Art - 3 hours

Foundations of elementary art and integration of inquiry, creative thinking and problem-solving. Art standards, curriculum, instruction and assessment for diverse classrooms, including English language learners and students with special needs. This course must be taken concurrently with Elementary Methods Block 1: Social Science, Music and Art. Field experience required. Fee required. Prerequisite: Admission to the College of Education. Offered fall and spring semesters.

EDEL-4902: Content & Methods for Elementary Music - 3 hours

Foundations of elementary music and integration of inquiry, creative thinking and problem solving. Music standards, curriculum, instruction and assessment for diverse classrooms, including English Language Learners and students with special needs. This course must be taken concurrently with Elementary Methods Block 1: Social Science, Art and Music. Field experience required. Prerequisite: Admission to the College of Education. Offered fall and spring semesters. Fee required.

EDEL-4903: Content & Methods for Elementary Social Sciences - 3 hours

Foundations of elementary social science (history, geography, economics, etc.) and the integration of inquiry, creative thinking and problem-solving. Illinois history is included in this course. Social science standards, curriculum, instruction and assessment for diverse classrooms, including English language learners and students with special needs. This course must be taken concurrently with Elementary Methods Block I: Art, Music, and Social Science. Field experience required. Fee required. Prerequisites: GEO-1200 World Geography and Admission to the College of Education. Offered fall and spring semesters.

EDEL-4905: Content & Methods for Elementary Math - 3 hours

Core content knowledge for elementary mathematics with integration of inquiry, creative thinking and problem-solving. Mathematics standards, curriculum, instruction, assessment, supportive environment and professionalism for diverse classrooms, including English language learners and students with special needs. A workshop course in writing creative nonfiction, emphasizing innovations of structure, language and style. This course combines reading and analysis of creative nonfiction with a workshop of students' writing. Field trips may be required. Prerequisite: ENG-3000 or approval of instructor.

ENG-4820: Writing Poetry - 3 hours

Fundamentals of the craft of writing poetry. Practice in the basic elements, techniques and genres of poetry. Student work critiqued in a workshop format. Field trips may be required. Prerequisite: ENG-3000 or permission of instructor.

ENG-4825: Writing Fiction - 3 hours

Fundamentals of writing short fiction. Practice in the basic elements, techniques and craft of fiction writing. Student work critiqued in a workshop format. Field trips may be required. Prerequisite: ENG-3000 or permission of instructor.

ENG-4900: Seminar in English - 3 hours

A focused, intensive investigation of a particular writer, literary problem, age, genre or topic. Emphasis on techniques of literary research and scholarship, culminating in a lengthy research paper. Serves as the capstone experience for the English major. Open only to students with junior or senior level standing.

ENG-4910: Topics in Literature - 3 hours

In-depth exploration of ideas and issues in the field of literary studies. Topics may include exploration in the works of a single author, analysis of a particular literary movement or time period, or new theoretical approaches to literary issues. Prerequisites: fulfillment of the University's composition and oral communication requirements. Course may be repeated under different topics.

ENG-4911: Topics in Creative Writing - 3 hours

A workshop course in selected topics within creative writing. Topics will vary. Field trips may be required. Course may be repeated for credit. Prerequisite: ENG-3000 or approval of instructor.

ENG-4920: Senior Project in Creative Writing - 3 hours

Supervised involvement in producing a significant manuscript of fiction, literary nonfiction, drama or poetry. Open to those enrolled in the Creative Writing minor who have a senior standing. Project must be approved by the department.

ENG-4950: Independent Study in English - 1-6 hours**ENG-4980: Practicum in Teaching Composition - 3 hours**

Theories and practice of teaching composition. Practical experience in working with writing students under the guidance of an instructor.

ENG-4990: Internship in English - 3 hours

Experience at professional sites which utilize English in a meaningful manner, supervised by site and University personnel. Open to junior and senior English majors/minors who have been approved by the department.

Finance Courses**FIN-4200: Finance - 3 hours**

Financial analysis, working capital management, capital budgeting and capital markets. Prerequisite: ACC-2100.

FIN-4260: Individual Finance - 3 hours

Focuses on finance principles and problems for individuals. This course provides a basic understanding of the concepts of managing finances, inflation and recession, tax problems, insurance, credit, budgeting, financial planning, home ownership, bank accounts, investments, and social insurance programs.

FIN-4270: Investments and Risk Management - 3 hours

Focuses on investment principles and problems with the goal of developing student perception of risks and opportunities in investment instruments, equity, fixed income and derivatives, and the markets in which they function.

FIN-4280: Corporate Finance and Capital Budgeting - 3 hours

This course provides a theoretical framework for understanding and analyzing major financial problems of modern companies in a market environment by covering models of evaluation of corporate capital, including pricing models for primary financial assets, real assets valuation and investment projects analysis and capital structure. Students will learn how to evaluate different management decisions and their influence on corporate performance and value. Prerequisites: MGT-4200 with a C or higher.

FIN-4290: International Finance - 3 hours

Focuses on understanding the effect of political and economic factors on the financial decision-making of the firm by analyzing factors that influence currency valuation, analysis and management of risk in international operations. The course will provide students with the opportunity to acquire knowledge of the international finance system and its major players and stakeholders. Prerequisites: MGT-4200 with a C or higher.

Foreign Language Courses

FOL-4100: Teaching English as a Second Language - 3 hours

Psychological, linguistic and cultural foundations in teaching English as a second language; current trends in ESL; strategies for instruction. May not be used in Spanish concentration, major and minor.

FOL-4603: Methods and Principles of Teaching a Foreign Language at the Middle & Secondary Level - 3 hours

Rationale, objectives, content, materials, strategies, assessment and self-evaluation of foreign language instruction at the secondary level; observational and practical experiences. Prerequisites: EDU-3600 and acceptance to the College of Education. Cross-listed with EDU-4603.

FOL-4613: Methods and Principles of Teaching a Foreign Language at the Elementary Level - 3 hours

Rationale, objectives, content, materials, strategies, assessment and self-evaluation of foreign language instruction at the elementary level; observational and practical experiences. Prerequisites: EDU-3600 and acceptance to the College of Education. Cross-listed with EDKS-4613.

Geography Courses

GEO-1100: Geography of North America - 3 hours

Spatial patterns and relationships in the United States and Canada. Focus on physical environment, population, cultural and economic relationships. Field trips may be required.

GEO-1200: World Geography: Culture Patterns - 3 hours

A geographical study of global demographic, cultural, political, historical and economic patterns. Field trips may be required.

GEO-1300: The Developing World - 3 hours

Current realities and problems associated with the Developing World. The economic, spatial and political context of the Third World. Field trips may be required. Cross-listed with ECO-1300. IAI: S4 902N.

GEO-3015: Meteorology and Climatology* - 4 hours

Cross-listed with EAS-3010.

GEO-3200: Topics in World Study - 3 hours

A regional study of economic, cultural, physical and political patterns. Spatial interpretations of historical and present national and regional issues. The part of the work studied depends upon interest and importance in world events. Course may be repeated if part of the world studied is different. Field trips may be required. Prerequisite: Completion of GEO-1100 or GEO-1200 or GEO-1300 with a C- or better.

GEO-4300: World Urban Patterns - 3 hours

Survey of urban forms and functions from a geographic perspective. The variety of urban landscapes as exemplified by the world's premier cities. Prerequisite: Completion of GEO-1100 or GEO-1200 with a C- or better. Field trips may be required.

GEO-4400: Natural Resource Management - 3 hours

Human use of the Earth's resources—land, minerals, air, water, vegetation and wildlife. Prerequisite: Completion of EAS-1105 with a C- or better. Field trips may be required.

GEO-4415: Physical Geology - 4 hours

Cross-listed with EAS-4415.

GEO-4425: Hydrology and Soils - 4 hours

Cross-listed with EAS-4425.

GEO-4950: Independent Study in Geography - 1-6 hours

Greek Courses

Students who have previously studied Attic or Koine Greek are required to take a placement exam to determine their appropriate beginning level of study before they register for Greek courses.

GRE-4110: Greek I - 4 hours

Biblical Greek grammar. Preparation for reading the New Testament and Septuagint in Greek.

GRE-4120: Greek II - 4 hours

Biblical Greek grammar continued. Preparation for reading the New Testament and Septuagint in Greek continued. Prerequisite: GRE-4110.

GRE-4513: Readings in Greek - 1 Hour

Readings from the Greek text of the New Testament and other early Christian and Jewish literature. Review of vocabulary, morphology and syntax. Selections change from semester to semester. Course may be repeated for credit. Prerequisites: GRE-4110 and GRE-4120.

GRE-4514: Greek Readings - 2 hours

Readings from the Greek text of the New Testament and other early Christian and Jewish literature. Review of vocabulary, morphology and syntax. Selections change from semester to semester. Course may be repeated for credit. Prerequisites: GRE-4110 and GRE-4120.

GRE-4950: Independent Study in Greek - 1-6 hours

Hebrew Courses

Students who have previously studied Biblical Hebrew are required to take a placement exam to determine their appropriate beginning level of study before they register for Hebrew courses.

HEB-4101: Hebrew I - 4 hours

Biblical Hebrew grammar; preparation for reading the Old Testament in Hebrew.

HEB-4102: Hebrew II - 4 hours

Biblical Hebrew grammar continued; preparation for reading the Old Testament in Hebrew continued. Prerequisite: HEB-4101.

HEB-4500: Hebrew Readings - 3 hours

Readings from the Hebrew text of the Old Testament. Review of vocabulary, morphology and syntax. Selections change from year to year. Instruction in Aramaic and exposure to other Northwest Semitic languages as appropriate, given specific student competence in Hebrew. Course may be repeated for credit. Prerequisites: HEB-4001 and HEB-4002.

HEB-4501: Readings in Hebrew - 1 hour

Readings from the Hebrew text of the Old Testament and other ancient Hebrew literature. Review of vocabulary, morphology and syntax. Selections change from year to year. Instruction in Aramaic and exposure to other Northwest Semitic languages as appropriate, given specific competence in Hebrew. Course may be repeated for credit. Prerequisites: HEB-4101 and HEB-4102.

HEB-4950: Independent Study in Hebrew or Aramaic - 1-6 hours

Prerequisite: HEB-4500.

History Courses

HIS-1110: Survey of Early Modern Europe, 1350-1815 - 3 hours

An overview of the important persons, events, movements and ideas in the major nation-states in Europe and Europe's rise to world power from the crises of the 14th century to the defeat of Napoleon. IAI: H2 901 or S2 902.

HIS-1120: Survey of Modern Europe Since 1815 - 3 hours

An overview of the important persons, events, movements and ideas in the major nation-states in Europe from the defeat of Napoleon to the break-up of the Soviet Empire and Europe's fall from world mastery. IAI: H2 902 or S2 903.

HIS-1315: Survey of World History to 1350 - 3 hours

An examination of the historical beginnings of the world's great civilizations and cultural traditions with emphasis on the peoples of Eurasia, the five great religious traditions of the world, the importance of trade and other cross-continental encounters and the growing sophistication of life and technology over the period.

HIS-1325: Survey of the World Since 1350 - 3 hours

An examination of the rise of global connections from early modern times to the end of the 20th century, the confluence of factors that favored Western imperial success, the 20th-century crises that doomed these empires, decolonization and the origins of a range of contemporary problems.

HIS-1500: History of the American People - 3 hours

A survey of American history from the European encounter to the present, emphasizing the intersection of socio-cultural, political, diplomatic, geographic and economic forces of change. IAI: H2 904 or S2 900.

HIS-2100: Seminar in Writing and Researching History - 3 hours

An introduction to the major modes of historical writing, including literature reviews, critical essays and research projects. The course will also introduce students to how historians approach the study of the past, including important philosophies of history and historiography. Required of all majors. Prerequisite: ENG-1100 English Composition and completed six credit hours in History. Co-requisite: Simultaneous enrollment in any other History course. Satisfies the College of Arts & Sciences requirement for a second discipline-specific writing course.

HIS-2300: U.S. Women's History - 3 hours

This course examines the history of women in the United States from the colonial period to the present.

HIS-2400: Race History in America - 3 hours

This course examines the history of race relations in the United States, from the European discovery of the Americas to the present, with a particular focus on racial minorities and their experiences.

HIS-3150: Ancient Greek and Roman Civilization - 3 hours

An introduction to the history and achievements of Greeks and Romans from the appearance of the Mycenaeans to the reign of Constantine. The course will emphasize the contributions these civilizations made to Western ways and the emergence of Christianity.

HIS-3210: History of Illinois - 3 hours

A survey of Illinois history from pre-urban societies to the present using the methods of public history. Special emphasis is placed on the history of Chicago and its relationship to the state at large.

HIS-4000: History of Israel - 3 hours

Cross-listed with THY-4000.

HIS-4130: The Age of Reform, 1400-1650 - 3 hours

A study of the chronic problems of the Late Medieval Church, the failure of reform movements inside the church, the Protestant Reformation, the breakup of Protestant unity, the Catholic Reformation and the culminating age of religious wars in Europe. Prerequisite: HIS-1110. Cross-listed with THY-4130.

HIS-4150: Europe In Our Time: 1918-Present - 3 hours

An examination of Europe's descent into totalitarianism and total war, the division of the continent into rival spheres in the era of the Superpowers, the precipitous decline and collapse of the Soviet Union, the Revolutions of 1989, and Eastern Europe's post-Soviet decades and the continent's current international and social tension. Prerequisite: HIS-1120.

HIS-4155: Rise and Decline of Modern Europe: 1799-1918 - 3 hours

An examination of the collective rise of the great powers from the time of Napoleon, Europe's increasingly unmanageable continental rivalries, its proliferating ideologies and descent into world war. Prerequisite: HIS-1120.

HIS-4160: Europe's Road to Modernity: 1650-1799 - 3 hours

Europe's transition from early modern to modern times as shown in the immense changes in living and working, the growth of state power, religious and cultural innovations and the climactic phase of the struggle for mastery of Western Europe between Great Britain and France. Prerequisite: HIS-1110.

HIS-4225: Antebellum America - 3 hours

An examination of the formative period of American history from approximately 1824-1865. Prerequisite: HIS-1500.

HIS-4240: Contemporary America - 3 hours

An overview of the United States after World War II including major social movements, diplomatic policies and political changes. Prerequisite: HIS-1500.

HIS-4250: American Religious Experience - 3 hours

A thematic survey exploring the role and influence of religion in American history and culture from the colonial era to the present. Prerequisite: HIS-1500.

HIS-4270: U.S. Diplomatic History - 3 hours

This course examines the history of U.S. foreign policy from the founding of the nation to the present, including its relationship with various countries during wartime, the economic implications of diplomatic policies and how events and decisions in other nations have an influence on the United States, as well as how the United States influences other nations. Prerequisite: HIS-1500.

HIS-4300: Twentieth-Century World History - 3 hours

A survey of world history since 1900 with a special emphasis on comparative global history that examines the interaction between Western and non-Western societies, countries and cultures. Prerequisite: HIS-1325.

HIS-4310: Non-Western Historical Studies - 3 hours

An in-depth analysis of a specific non-Western country or society, topical in nature. Students will examine the history of one particular nation or region through focused readings and research, while considering comparative analysis to better understand the globalization of the contemporary world. Prerequisite: HIS-1325.

HIS-4900: Senior Seminar - 3 hours

A research-based capstone course in the methods of historical analysis using primary documents applied to a historical question. Required of Liberal Arts majors, recommended for Secondary Education Social Science majors with a History designation. Prerequisite: HIS-2100 and a minimum of 15 hours of courses with an HIS prefix.

HIS-4910: Topics and Readings in History - 3 hours

A focused study of a significant topic of current or enduring historical interest. Readings will include standard works, the findings of recent research and highlight points of scholarly dispute. The topic may vary each time the course is offered. This course can be repeated when the topic is different. Required of all History majors, junior standing recommended. Instructor approval for all other students.

HIS-4950: Independent Study in History - 1-6 hours

Humanities Courses

HUM-1995: Noetic Experience through Humanities - 3 hours

Exploration of the fine arts, philosophy, and culture in their historical and ethical context as an interdisciplinary course in the humanities. One of two required first-year courses in the General Education core. Course is part of a structured learning community and requires concurrent enrollment in or successful completion of the COL-1995: Vocation and College Success. Failures will be made up immediately in the following semester. Students enrolled in HUM-1995 will not be eligible to drop the course before the 10th week of the semester except for total withdrawal from the University. Field trips. Fee required.

Interdisciplinary Courses

IDS-1050: Intro to American Cultural Studies - 3 hours

Investigates the different methods and perspectives of cultural studies within an American context. The course explores philosophical approaches to dynamic American identities, institutions and communities through history, literature, media and discourse. Topics include food and culture, popular culture, critical race theory, cultural politics, power, and violence.

IDS-1010: U.S. Higher Education in Chicago - 3 hours

Orients students to U.S. Higher Education. Facilitates international students' adjustment to the culture of learning at CUC by offering intensive reading and writing skills that will prepare them for the courses they will encounter. A similar course has been built for graduate students.

IDS-1100: Introduction to Global Cultural Studies- 3 hours

Explores the interconnectedness of cultures and societies geographically removed from one another. The course will investigate a range of topics including: global poverty, war and militarized conflict, global youth culture, media and technology, sustainability, and human rights.

IDS-1200 Engaging Diversity: U.S. Perspectives - 3 hours

The purpose of this course is to analyze how power operates through policies, systems, and structures; and develop a historical context for understanding oppression, privilege, power, resistance, and social change.

IDS-4970: Values and Virtues - 3 hours

Christian implications of vocation, service and ethical decision making in a complex world. Open to students with senior status. Field experience required.

Journalism Courses

JOU-2100: News Writing and Reporting - 3 hours

Principles and practice in reporting and writing news stories, including hard news, features, profiles and beat stories. Analysis of articles written by professional journalists, generating story ideas, conducting research and learning to write and edit stories in various multimedia formats.

JOU-2200: Investigative Journalism Methods - 3 hours

Finding and analyzing a wide variety of informational resources relevant to reporters, using qualitative and quantitative methods.

JOU-3100: Journalism History and Criticism - 3 hours

Covers journalism history and criticism in relation to broader issues in media, democracy, power and contemporary citizenship. Analysis of journalistic practices; history of news reporting; impact of media institutions.

JOU-3200: Feature Writing - 3 hours

Literary journalism skills for writing in newspapers and magazines. Historical and theoretical background of literary journalism. Prerequisite: JOU-2100.

JOU-3300: Photojournalism - 3 hours

Study and practice of photography as a major component of reporting and storytelling. Basic digital picture-taking; historical, ethical, legal and stylistic aspects of photojournalism. Students supply own digital camera. Prerequisite: COM-4360 Media Production 1.

JOU-4100: Magazine Journalism - 3 hours

Students will learn the specialty of magazine article writing, understand strategies for becoming published and examine the national marketplace. Emphasis on long-form writing, magazine design and layout. Prerequisite: JOU-2100.

JOU-4200: Journalism Law and Ethics - 3 hours

Examine law and ethics in relation to the rights, responsibilities and moral obligations of journalists.

JOU-4891: The Spectator Practicum I - 0 or 1 hour

Involvement in the campus student newspaper, *The Spectator*, as a writer, beat reporter, photographer, graphic designer, copy editor or other non-editorial role in the production of the publication. Offered Pass/D/F only. Prerequisite: Consent of *The Spectator* faculty advisor. May be repeated up to six times; practicum and JOU internship combined credits not to exceed 15 credit hours maximum.

JOU-4892: The Spectator Practicum II - 0 or 1.5 hours

Involvement in the campus student newspaper, *The Spectator*, in management or editor role. Offered Pass/D/F only. Prerequisite: Consent of *The Spectator* faculty advisor. May be repeated up to six times; practicum and JOU internship combined credits not to exceed 15 credit hours maximum.

JOU-4910: Topics in Journalism - 3 hours

Selected current topics in journalism as they relate to various settings. Topics vary each time the course is taught. May be repeated once for a maximum of six hours of credit. Field trips. Students responsible for fee; varies.

JOU-4950: Independent Study in Journalism - 1-6 hours

JOU-4980: Senior Project - 3 hours

Supervised involvement in a journalism project-related experience. Open to majors in the journalism program who have senior standing.

JOU-4990: Internship in Journalism - 3-12 hours

Supervised involvement in a journalism work-related experience. Open to journalism majors and minors who have senior standing and approval of the department. A maximum of 3 credit hours may be applied to a journalism major or minor. JOU-4891, JOU-4892 and JOU-4990 combined credits not to exceed 15 hours. Prerequisite: Minimum of 15 hours in courses within the journalism program.

Latin Courses

Students who have previously studied Latin are required to take a placement exam to determine their appropriate beginning level of study before they register for Latin courses.

LAT-4110: Latin I - 4 hours

Foundations of vocabulary, inflection and syntax of the Latin language. Preparation for reading Ecclesiastical Latin. Not open to students with credit in high school or college Latin.

LAT-4120: Latin II - 4 hours

Review of vocabulary, inflection, and syntax. Readings from the Vulgate, writings of the church fathers, hymns. Prerequisite: LAT-4110 or two high school units of Latin.

LAT-4950: Independent Study in Latin - 1-6 hours

Mathematics Courses

All entering students who need to take a mathematics course to graduate are required to take the Mathematics and Computer Science Department's placement exam before they will be permitted to enroll in a mathematics or physics course. This typically will be incoming freshmen without AP credit and transfer students who have not yet completed the mathematics requirements for their program. The exam is offered during Jump Start and Orientation Week.

MAT-0098: Basics of Mathematics - 3 hours

Building number sense with problem solving, estimation, mental mathematics, whole number operations, integers, fractions, decimals, variables and geometry. Not to be taken to satisfy basic curriculum, concentration, major or minor requirements. This course may not be used for

elective credit. Required of and limited to students who fail to meet departmental standards on the department's placement exam. Must register concurrently with MAT-0099, a 1 hour, 0 credit recitation session. Offered on a Pass/Fail basis only.

MAT-0099: Basics of Mathematics Recitation - 0 hours

Additional practice in the topics of MAT-0098. Taken on Pass/D/F basis. Must register concurrently with MAT-0098.

MAT-1000: Fundamentals of Mathematics - 3 hours

Problem solving, real numbers, algebraic expressions, equations and inequalities, graphs, functions, systems of equations, exponents, polynomials, rational expressions, rational exponents, radicals and the quadratic formula. Not to be taken to satisfy basic curriculum, concentration, major or minor requirements. Required of and limited to students who are placed in the course by performance on the department's placement exam or earn a Pass in MAT-0098. Must register concurrently with MAT-1001.

MAT-1001: Fundamentals of Mathematics Recitation - 0 hours

Additional practice in the topics of MAT-1000. Taken on Pass/D/F basis. Must register concurrently with MAT-1000.

MAT-1010: Advanced Intermediate Algebra - 3 hours

Problem solving; linear quadratic, exponential and logarithmic functions; graphs; systems of equations; polynomial and rational expressions; introduction to trigonometry. Designed as preparation for MAT-1810. Not to be taken to satisfy general education, specialty area, major or minor requirements. Limited to students who are placed in the course by performance on the department's placement exam or permission of instructor. Credit cannot be earned for both MAT-1000 and MAT-1010. Must register concurrently for MAT-1011, a 1 hour, 0 credit recitation session.

MAT-1011: Advanced Intermediate Algebra Recitation - 0 hours

Additional practice in the topics of MAT-1010. Taken on Pass/D/F basis. Must register concurrently with MAT-1010.

MAT-1400: Descriptive Statistics - 1 hour

Introduction to basic statistical concepts including frequency distributions, central tendency, variations, normal curve, correlations and regression with applications. Students may not receive credit for this course and MAT-2000, MAT-1412, SOC-4310, ECO-4310 or POS-4310. Prerequisite: MAT-1000 or higher or departmental placement.

MAT-1411: Mathematics for Teachers: Number and Measurement - 3 hours

Basic mathematical concepts such as sets, numeration, number systems, number theory, measurement, geometry and problem solving. Prerequisite: Departmental placement or a C or higher in MAT-1000 or MAT-1010.

MAT-1412: Mathematics for Early Childhood Teachers: Geometry, Statistics, Functions - 3 hours

The real number system, coordinate geometry, probability and statistics. Students may only receive credit in one of the following courses: MAT-1412, MAT-1550 or MAT-1812. Prerequisite: Departmental placement or a C or higher in MAT-1000 or MAT-1010. Fee required.

MAT-1550: Finite Mathematics - 3 hours

Review of basic algebra, introduction to matrices, counting principles, elementary probability and statistics. Application of these skills to problem solving. May not be taken by students with credit in MAT-1412. Prerequisite: Departmental placement or a C or higher in MAT-1000.

MAT-1805: College Algebra - 3 hours

Real and complex numbers, the elementary functions; polynomial, rational, exponential, logarithmic and systems of linear equations and the skills needed for calculus. Prerequisite: C or higher in MAT-1010. Fee required.

MAT-1812: Mathematics for Teachers: Algebra, Geometry, Statistics - 3 hours

The real numbers, proportional reasoning, applications of algebra, coordinate plane and solid geometry, probability and statistics. Students may only receive credit in one of the following courses: MAT-1412, MAT-1550 or MAT-1805. Prerequisite: Departmental placement or a C or higher in MAT-1810 or MAT-1805. Fee required.

MAT-1820: Pre-Calculus - 3 hours

Topics in trigonometry, systems of equations and inequalities, analytic geometry, sequences and series, introduction to calculus. Prerequisite: Departmental placement or a C or higher in MAT-1805.

MAT-2000: Statistics - 3 hours

Introduction to basic statistical concepts including frequency distributions, central tendency, variations, normal curve, correlations and regression with application to statistical inference. Prerequisite: Departmental placement or C or better in MAT-1805. Fee required.

MAT-2100: Discrete Mathematics - 3 hours

An introduction to the analysis of discrete collections: sets, counting, recursion, graph theory, Boolean algebra, automata, formal grammars and languages. Prerequisite: Departmental placement or C or better in MAT-1805.

MAT-2200: History of Mathematics - 3 hours

Major trends in mathematics from earliest times to the 17th century. Outstanding contributors. Prerequisite: MAT-1805 or higher. Fee required.

MAT-2300: Problem Solving with Number Theory - 3 hours

Problem solving techniques with application to natural phenomena, games and puzzles. Use of principles of number theory to solve problems. Prerequisite: MAT-1805 or higher.

MAT-2400: Calculus for Business and Life Sciences - 3 hours

Differential and integral calculus, beginning with limits and including exponential and logarithmic functions. Applications to business and life sciences. Students may not receive credit for this course and Calculus I MAT-2500. College of Business students seeking a Bachelor of Science degree must earn at least a C. Prerequisite: Departmental placement or a C or higher in MAT-1805. Fee required.

MAT-2500: Calculus I - 4 hours

An introduction to single variable calculus: limits and continuity; differentiation; derivatives of polynomial, rational, trigonometric, logarithmic, and exponential functions; the chain rule; implicit

differentiation; approximation; higher order derivatives; Rolle's Theorem; mean value theorem; the anti-derivative; and applications. Prerequisite: Departmental placement or C or better in MAT-1820. IAI: M1 900-1.

MAT-2600: Calculus II - 4 hours

Continuation of single variable calculus: the definite integral; the fundamental theorem of calculus; area and volume; integrals of trigonometric, logarithmic and exponential functions; integration methods; L'Hôpital's rule; improper integrals; sequences and series; convergence tests; Taylor series; polar coordinates; and applications. Prerequisite: departmental placement or a C or higher in MAT-2500. IAI: M1 900-2. Fee required.

MAT-3100: Calculus III - 4 hours

An introduction to multivariable calculus: functions of more than one variable, partial derivatives, the differential, vector calculus, directional derivatives, gradients, multiple integrals and applications. Prerequisite: C or higher in MAT-2600. IAI: M1 900-3. Fee required.

MAT-3200: Differential Equations - 3 hours

Differential equations of the first and second order, linear equations, variation of parameters, undetermined coefficients, linear independence, the Wronskian, exact equations, separation of variables, solution by Laplace transforms and by power series, numerical methods and applications. Prerequisite: MAT-2600.

MAT-3500: Introduction to Mathematical Proof - 3 hours

An introduction to structured proofs using methods from elementary mathematical logic with the goal of applying these techniques to writing paragraph-style proofs in beginning set theory. Prerequisite: MAT-2100 or MAT-2500. Fee required.

MAT-3600: Linear Algebra - 3 hours

An introduction to vectors, matrices, matrix operations, inverse of a matrix, systems of linear equations, determinant, rank, linear independence and dependence, vector spaces and subspaces, basis and dimension, inner products, linear transformations, range and kernel, eigenvalues and eigenvectors. Prerequisite: MAT-2500.

MAT-3700: College Geometry - 3 hours

An introduction to the development of Euclidean and non-Euclidean geometries and their axiomatizations. Prerequisite: MAT-1820 or MAT-2500 or higher. Fee required.

MAT-4300 Number Theory - 3 hours

Properties of integers, division algorithms, prime numbers, Diophantine equations, congruences, multiplicative functions and applications. Prerequisite: MAT-3500.

MAT-4610: Group Theory - 3 hours

An introduction to the fundamental topics of group theory: groups, subgroups, homomorphisms, and isomorphisms. Prerequisite: MAT-3500.

MAT-4620: Ring Theory - 3 hours

An introduction to the fundamental concepts of the integers and rings in general: divisibility, primes, congruence, rings, subrings, ideals, homomorphisms and isomorphisms. Prerequisite: MAT-3500.

MAT-4730: Probability Theory - 3 hours

Topics from discrete and continuous probability; random variables, functions of random variables, discrete and continuous probability distributions, limit theorem and applications. Prerequisite: MAT-2600.

MAT-4740: Mathematical Statistics - 3 hours

Topics from statistics; estimation theory, hypothesis testing, regression and correlation, analysis of variance, and applications. Prerequisite: MAT-4730 Probability Theory.

MAT-4810: Real Analysis - 3 hours

Introduction to the basic concepts of classical analysis: sets, sequences, limits of functions, continuity, differentiation, Riemann integration and infinite series. Prerequisite: MAT-3100 and MAT-3500.

MAT-4820: Complex Analysis - 3 hours

Algebra, geometry and calculus with complex numbers. Transformations of the complex plane, analytical functions, Cauchy theory of integration, power series and residue theory. Prerequisite: MAT-3100 and MAT-3500.

MAT-4950: Independent Study in Mathematics - 1-6 hours**Management Courses****MGT-1100: Introduction of Business - 3 hours**

Overview of management, marketing, finance, accounting, production, business law, human resource management, economics and management information systems. May not be taken by students with more than nine hours of ACC, MGT or MKT credits.

MGT-1110: Introduction to Philanthropy - 3 hours

MKT-4210: Demographic Analysis - 3 hours

Focuses on the acquisition and use of demographic data as it applies to developing and implementing marketing strategies.

MKT-4540: Marketing Communication - 3 hours

Emphasizes the development of marketing plans and strategies. This course serves as the platform for the marketing competition among the other Concordia Universities sponsored by Lutheran Church Extension Fund every Spring Semester. Prerequisite: MKT-2100

MKT-4950: Independent Study in Marketing - 3 hours

Microscopy Courses

MIC-4211: Polarized Light Microscopy - 2 Hours

Principles, theory and practice of polarized light microscopy (PLM) useful for particle and materials characterization and identification. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.0 GPA or better. BIO/CHE elective with approval.

MIC-4212: Polarized Light Microscopy, Practicum - 1 Hour

Practicum for MIC-4211. Taken immediately following MIC-4211 in same term. Prerequisite: MIC-4211 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4212, students will receive a certificate of IACET CEUs.

MIC-4221: Scanning Electron Microscopy - 2 Hours

Foundation, theory and use of scanning electron microscopes. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.00 GPA or better. BIO/CHE elective with approval.

MIC-4222: Scanning Electron Microscopy, Practicum - 1 Hour

Practicum for MIC-4221. Taken immediately following MIC-4221 in same term. Prerequisite: MIC-4221 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4222, students will receive a certificate of IACET CEUs.

MIC-4231: Infrared Microscopy - 2 Hours

Foundation, theory and use of infrared microscopes. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.0 GPA or better. BIO/CHE elective with approval.

MIC-4232: Infrared Microscopy, Practicum - 1 Hour

Practicum for MIC-4231. Taken immediately following MIC-4231 in same term. Prerequisite: MIC-4231 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4232, students will receive a certificate of IACET CEUs.

MIC-4241: Sample Preparation Techniques - 2 Hours

Particle isolation, manipulation and mounting in preparation for microscopic examination.

Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.0 GPA or better. BIO/CHE elective with approval.

MIC-4242: Sample Preparation Techniques Practicum - 1 Hour

Practicum for MIC-4241. Taken immediately following MIC-4241 in same term. Prerequisite: MIC-4241 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4212, students will receive a certificate of IACET CEUs.

MIC-4251: X-ray Microanalysis by EDS - 2 Hours

Microanalysis of samples using energy-dispersive x-ray spectrometry (EDS). Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.0 GPA or better; MIC-4221/4222 with a C or better. BIO/CHE elective with approval.

MIC-4252: X-ray Microanalysis by EDS, Practicum - 1 Hour

Practicum for MIC-4251. Taken immediately following MIC-4251 in same term. Prerequisite: MIC-4251 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4212, students will receive a certificate of IACET CEUs.

MIC-4261: Advanced Techniques for SEM - 1 Hour

Techniques to achieve optimal SEM images for difficult samples or challenging operating conditions. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.0 GPA or better; MIC-4221/4222 with a C or better. BIO/CHE elective with approval.

MIC-4262: Advanced Techniques for SEM, Practicum - 1 Hour

Practicum for MIC-4261. Taken immediately following MIC-4261 in same term. Prerequisite: MIC-4261 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4262, students will receive a certificate of IACET CEUs.

MIC-4271: IR Spectral Interpretation - 2 Hours

Techniques to determine unknown molecular structures from infrared spectra. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.0 GPA or better. CHE elective with approval.

MIC-4272: IR Spectral Interpretation, Practicum - 1 Hour

Practicum for MIC-4271. Taken immediately following MIC-4271 in same term. Prerequisite: MIC-4271 with a 75% grade or higher at Hooke College. CHE elective with approval. Upon successful completion of MIC-4272, students will receive a certificate of IACET CEUs.

MIC-4281: Raman Microspectroscopy - 2 Hours

Analysis of unknowns using the spectrum of scattered laser light. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.00 GPA or better; MIC-4231/4232 with a grade of C or better. BIO/CHE elective with approval.

MIC-4282: Raman Microspectroscopy, Practicum - 1 Hour

Practicum for MIC-4281. Taken immediately following MIC-4281 in same term. Prerequisite: MIC-4281 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4282, students will receive a certificate of IACET CEUs.

MIC-4291: Hair Comparison - 2 Hours

Techniques for the identification of animal and human hairs and introduction to the principles and practice of forensic hair comparison. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.0 GPA or better. BIO/CHE elective with approval.

MIC-4292: Hair Comparison, Practicum - 1 Hour

Practicum for MIC-4291. Taken immediately following MIC-4291 in same term. Prerequisite: MIC-4291 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4292, students will receive a certificate of IACET CEUs.

MIC-4311: Forensic Fiber Identification - 2 Hours

Principles and practice of using Polarized Light Microscopy to identify natural and man-made fibers. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a GPA of 3.0 or better, MIC-4211/4212 with a grade of C or better. BIO/CHE elective with approval.

MIC-4312: Forensic Fiber Identification, Practicum - 1 Hour

Practicum for MIC-4311. Taken immediately following MIC-4311 in same term. Prerequisite: MIC-4311 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4312, students will receive a certificate of IACET CEUs.

MIC-4321: Pharmaceutical Contaminants - 2 Hours

Analytical methods to identify particulate contaminants for regulatory compliance. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.0 GPA or better. CHE elective with approval.

MIC-4322: Pharmaceutical Contaminants, Practicum - 1 Hour

Practicum for MIC-4321. Taken immediately following MIC-4321 in same term. Prerequisite: MIC-4321 with a 75% grade or higher at Hooke College. CHE elective with approval. Upon successful completion of MIC-4322, students will receive a certificate of IACET CEUs.

MIC-4331: Pigment Identification - 2 Hours

Paint materials identification for conservation professionals in paintings and architecture. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.0 GPA or better; MIC-4211/4212 with a grade of C or higher. CHE elective with approval.

MIC-4332: Pigment Identification, Practicum - 1 Hour

Practicum for MIC-4331. Taken immediately following MIC-4331 in same term. Prerequisite: MIC-4331 with a 75% grade or higher at Hooke College. CHE elective with approval. Upon successful completion of MIC-4332, students will receive a certificate of IACET CEUs.

MIC-4341: White-Powder Unknowns - 2 Hours

Microscopy and other methods to identify over 60 white powders. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.0 GPA or better; MIC-4211/4212 with a grade of C or higher. BIO/CHE elective with approval.

MIC-4342: White-Powder Unknowns, Practicum - 1 Hour

Practicum for MIC-4341. Taken immediately following MIC-4341 in same term. Prerequisite: MIC-4341 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4342, students will receive a certificate of IACET CEUs.

MIC-4351: Optical Crystallography - 2 Hours

Identification of crystalline materials. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.0 GPA or better; MIC-4211/4212 with a grade of C or higher. BIO/CHE elective with approval.

MIC-4352: Optical Crystallography, Practicum - 1 Hour

Practicum for MIC-4351. Taken immediately following MIC-4351 in same term. Prerequisite: MIC-4351 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4352, students will receive a certificate of IACET CEUs.

MIC-4361: Gunshot Residue Identification - 2 Hours

Forensic identification of gunshot residue. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.0 GPA or better; MIC-4221/4222 with a grade of C or higher. BIO/CHE elective with approval.

MIC-4362: Gunshot Residue Identification, Practicum - 1 Hour

Practicum for MIC-4361. Taken immediately following MIC-4361 in same term. Prerequisite: MIC-4361 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4362, students will receive a certificate of IACET CEUs.

MIC-4371: Spectral Interpretation - 2 Hours

Techniques utilized to identify organic structures using a variety spectroscopic methods. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.0 GPA or better. BIO/CHE elective with approval.

MIC-4372: Spectral Interpretation, Practicum - 1 Hour

Practicum for MIC-4371. Taken immediately following MIC-4371 in the same term. Prerequisite: MIC-4371 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4372, students will receive a certificate of IACET CEUs.

MIC-4381: Digital Photomicrography - 2 Hours

Techniques utilized to create digital photomicrographs for transmitted light and fluorescence microscopy. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.00 GPA or better. BIO/CHE elective with approval.

MIC-4382: Digital Photomicrography, Practicum - 1 Hour

Practicum for MIC-4381. Taken immediately following MIC-4381 in the same term. Prerequisite: MIC-4381 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4382, students will receive a certificate of IACET CEUs.

MIC-4391: Analysis of Low Explosives - 2 Hours

Techniques to analyze low explosives in pre-blast and post-blast evidence from bomb scenes. Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.00 GPA or better. CHE elective with approval.

MIC-4392: Analysis of Low Explosives, Practicum - 1 Hour

Practicum for MIC-4391. Taken immediately following MIC-4391 in the same term. Prerequisite: MIC-4391 with a 75% grade or higher at Hooke College. CHE elective with approval. Upon successful completion of MIC-4392, students will receive a certificate of IACET CEUs.

MIC-4411: Introduction to Forensic Trace Evidence - 2 Hours

Principles and practical use of microscopy to analyze common trace evidence (hairs, fibers, paint, and glass). Prerequisites: CHE-2211/2212 and CHE-3311/3312 each sequence with a 3.00 GPA or better. BIO/CHE elective with approval.

MIC-4412: Introduction to Forensic Trace Evidence, Practicum - 1 Hour

Practicum for MIC-4411. Taken immediately following MIC-4411 in the same term. Prerequisite: MIC-4411 with a 75% grade or higher at Hooke College. BIO/CHE elective with approval. Upon successful completion of MIC-4412, students will receive a certificate of IACET CEUs.

MIC-4999: Applied Sciences Capstone Course - 3 Hours

Collection of evidence or other data, analysis, and reporting of findings for a problem-solving scenario within a student's area of interest (e.g., forensic analysis of a crime scene).

Prerequisites: A minimum of 24 credit hours of MIC courses for the Microscopy major, 15 hours for the Microscopy minor. BIO/CHE elective with approval.

Music Courses

MUS-1073: Media and Technology in the Music Classroom - 3 hours

Overview of educational technology. Explores strategies for utilizing appropriate technologies in K-12 general and music classrooms. Cross-listed with EDUC-1070. Fee required.

MUS-1112: Introduction to Music Theory - 2 hours

Introduction to the fundamentals of music, including pitch, rhythm and harmony; use of key signatures, scales and diatonic taxonomy. (Will not satisfy requirements for any major, minor, concentration or specialty area). Prerequisite: MUS-1503 or score of 65 or higher on theory placement test. Co-requisite: MUSA at 2000 level (.5 credit) and any MUSE (.5 credit).

MUS-1371: The Church Musician - 1 hour

Historical, theological, philosophical, practical and ethical aspects of church music for the church musician. Role of church musician in the contemporary church. Field trip.

MUS-1411: Introduction to Music Education - 1 hour

Survey of music education; roles of and expectations of the music educator; analysis of existing programs; teaching models. Required off-campus visitations.

MUS-1421: Instrumental Techniques: Single Reed - 1 hour

Fundamental skills for playing clarinet and saxophone. Instrument design, construction and maintenance. Fee required.

MUS-1431: Instrumental Techniques: Double Reeds and Flutes - 1 hour

Fundamental skills for playing oboe, bassoon and flute. Instrument design, construction and maintenance. Fee required.

MUS-1441: Instrumental Techniques: Upper Brass - 1 hour

Fundamental skills for playing trumpet and French horn. Instrument design, construction and maintenance. Fee required.

MUS-1451: Instrumental Techniques: Lower Brass - 1 hour

Fundamental skills for playing trombone, euphonium and tuba. Instrument design, construction and maintenance. Fee required.

MUS-1461: Instrumental Techniques: Strings - 1 hour

Fundamental skills for playing string instruments. Instrument design, construction and maintenance. Fee required.

MUS-1471: Instrumental Techniques: Percussion - 1 hour

Fundamental skills for playing percussion. Instrument design, construction and maintenance. Fee required.

MUS-1503: Exploration of Music - 3 hours

Basic introduction to elements of music through listening, performing, creating and valuing. Basic skill development. Concert attendance required. Open only to students with no prior music study. IAI: F1 900.

MUS-1611: Keyboard Technique I - 1 hour

Group study of piano skills with emphasis on technical development, sight reading, study of harmony, transposition, and form and analysis using standard piano literature. The course is oriented toward developing skills for using the piano in rehearsals and music classes. Designed for music majors who need assistance to meet the basic piano proficiency requirements. Prerequisite: Ability to play one major scale on the piano and to read both treble and bass clefs. Some piano experience recommended.

MUS-1621: Keyboard Technique II - 1 hour

A continuation of the study begun in Keyboard Technique I. The course is oriented toward developing skills for using the piano in rehearsals and music classes. Designed for music majors who need assistance to meet the basic piano proficiency requirements. Prerequisite: MUS-1611 Keyboard Technique I.

MUS-1631: Keyboard Technique III - 1 hour

A continuation of the study begun in Keyboard Technique I and II. The course is oriented toward developing skills for using the piano in rehearsals and music classes. Designed for music majors who need assistance to meet the basic piano proficiency requirements. Prerequisite: MUS-1631 Keyboard Technique II.

MUS-1661: Class Voice - 1 hour

Introduction to the basic concepts of singing through group instruction. Individual singing required. Prerequisite for private voice lessons.

MUS-1691: Keyboard Technique IV - 1 hour

A continuation of the study begun in Keyboard Technique I, II and III. The course is oriented toward developing skills for using the piano in rehearsals and music classes. Designed for music majors who need assistance to meet the basic piano proficiency requirements. A grade of B or higher in this course will satisfy the piano proficiency requirement. Prerequisite: MUS-1631 Keyboard Technique III.

MUS-2112: Aural Skills I - 2 hours

Sight singing, ear training and keyboard skills relating to diatonic music. Lab. Co-requisite: MUS-1112 (Intro) or passing score on theory placement test and MUS-1611 or passing score on Keyboard placement exam.

MUS-2113: Music Theory I: Diatonic - 3 hours

Study of chord progression and part-writing, and analysis of diatonic harmony, including seventh chords and non-chord tones. Co-requisite: MUS-2121 and MUS-1621 or applied piano.

MUS-2120: Arts Administration - 1 hour

An introduction to and exploration of the field of arts administration: media arts, theater and visual arts. Cross-listed with ART, COM and THR course. Fee required.

MUS-2121: Aural Skills II - 1 hour

Sight singing, ear training and keyboard skills relating to music with secondary dominants. Prerequisites: Grade of C or higher in MUS-2112; co-requisite MUS-2113.

MUS-2123: Music Theory II: Chromatic - 3 hours

Study of chord progression and part-writing, and analysis of secondary function, modulation and extended chromatic harmony. Prerequisite: Grade of C or higher in MUS-2113.

MUS-2203: Survey of Western Music - 3 hours

Introduction to basic repertoire of Western music. Elements of music, musical forms and styles, relationship of music to other art forms. Emphasis on listening and analysis. Concert attendance required. Prerequisite: High school music experience.

MUS-2243: Music of World Cultures - 3 hours

Study of and experiences with instruments, musical systems, folk music and dances of the world. Study of music's role in and influence on cultures through readings, discussions, listening and performances. Fee required. IAI: F1 903N.

MUS-2253: History of Jazz - 3 hours

Exploration of the history of jazz from its origins to the present. Concert attendance required.

MUS-2402: Vocal Techniques for Music Educators - 2 hours

Introduction to the mental and physical process of singing: development of innate ability, acquisition of technical understanding of the human voice; application of knowledge. Individual singing required.

MUS-2412: Singer's Diction - 2 hours

An introduction to the rules of singing English, Italian, French and German through the use of the International Phonetic Alphabet (IPA) with oral and written drill. Pre- or co-requisite: MUS-1661 Class Voice; Applied Music Voice; or choral ensemble.

MUS-3213: History of Western Music to 1750 - 3 hours

The development of Western art music through the close of the Baroque era. Emphasis on aesthetic foundations, styles, genres, repertoire and composers. Prerequisite: Grade of C or higher in MUS-2113.

MUS-3223: History of Western Music 1750-1900 - 3 hours

Applied Music Studies (MUSA)

Students at Concordia-Chicago may take applied music lessons in piano, organ, harpsichord, voice, classical guitar, composition, organ improvisation, jazz improvisation and a variety of band and orchestral instruments. Lessons are taught one-on-one in the studio by recognized instrumental and vocal instructors/performers. Applied music lessons are offered as available to students regardless of whether they are majoring in music or not.

Non-majors (MUSA-2000 level): Students take 13 lessons plus two studio classes and solo performance at the end of the term (jury) for 0.5 semester credit. Half-hour lessons are understood to be at least 25 minutes in length. Students in good academic standing are allowed to take for 0 credit as long as they continue to show musical progress and there is room in the applied faculty member's schedule. Applied music fee: \$270.

Academic majors and minors (MUSA-3000 and 4000): Students take 13 hour lessons plus studio classes and solo performance at the end of each term for 1 semester credit. Hour lessons are understood to be at least 50 minutes in length. Majors begin at the 3000 level after

a hearing by the faculty; by the end of the sophomore year, they are expected to advance to the 4000 level. Advanced non-majors may take 1 credit lessons. These lessons are not available for audit. Applied music fee: \$270. All composition lessons are for 1 credit (MUSA-3000 or 4000). These lessons are also understood to be at least 50 minutes in length. They are not available for audit. Applied music fee: \$270.

Individual course numbers signify the level and the area of study.

Requirements for applied study for credit include attendance and performance at studio classes, concert attendance and playing for a departmental jury at the end of the term. Credits in applied music are required in all music programs, including endorsement areas in education programs. Students may also take up to four hours of applied music as free electives. The applied music fee is assigned whether the student takes for credit or non-credit. Students taking more than one applied music course for credit or audit will pay the applied music fee for each course. Additional information regarding applied music may be obtained from the Music Office.

MUSA-2000: Applied Music

Half-hour lessons for non-majors or majors on secondary instrument, 0-0.5 credit. Applied music fee.

MUSA-3000: Applied Music for Majors I

Hour lessons for majors on primary instrument, others by permission of chair. 1.0 credit. Applied music fee. Placement by audition.

MUSA-4000: Applied Music for Majors II

Hour lessons for majors on primary instrument, upper level. 1.0 credit. Applied music fee. Placement by audition.

Natural Science Courses

***Laboratory Required**

NSCI-1110: Concepts in Chemistry and Biology* - 4 hours

A study of the fundamental principles of chemistry and biology. This course may not be counted toward any biology or chemistry major, minor or designation. Fee required.

NSCI-1120: Concepts in Physics and Earth Science* - 4 hours

A study of fundamental concepts shared by physics, earth and space science. Not intended for majors or minors in physics or earth science. Prerequisite: MAT-1000. Fee required.

NSCI-1500: Medical Terminology - 3 hours

A course for medical terminology. The course will cover word prefixes, suffixes and roots, and provides an opportunity for students to develop a medical vocabulary that is extremely useful for all the pre-professional health careers. Cross-listed with BIO-1500.

NSCI-1970: Energy and Our Environment* - 3 hours

A study of the physical and chemical principles of energy. Issues of energy conservation and usage, together with their environmental impacts, are considered from the perspectives of chemistry, earth science, physics and biology. Fee required. IAI LP 900L.

NSCI-1981: Introduction to Sustainability* - 4 hours

An introductory interdisciplinary study of the natural sciences as they can be applied to the concepts of sustainability. Concepts and history of development and the origins of concerns about sustainability. Laboratory fee if offered as in-person course.

NSCI-4400: Forensic Science - 3 hours

Cross-listed with BIO-4400. Prerequisite: Completion of BIO-2012 with a C- or better.

NSCI-4950: Independent Study in Natural Sciences - 1-6 hours

Human Performance (PES) Courses

*Laboratory required

PES-1020: Fitness for College and Life - 1 hour

Evaluation of personal fitness and the development of a personalized physical training program for college and life. Fee required. Students may not earn credit for this course and PES-1050.

PES-1030: Wellness in College and in the Context of Community - 1 hour

Evaluation of personal wellness and cultivation of wellness and wholeness in communities. Fee required. Students may not earn credit for this course and PES-1050.

PES-1050: Fitness and Wellness - 2 hours

Evaluation of personal fitness and wellness and the development of a personalized physical training program for college and a personal wellness program for life. Fee required. Students may not earn credit for both this course and PES-1020, PES-1030, OR PES/SLPS-2000.

PES-1108: Aerobics - 1 hour

Principles of and participation in aerobic exercise.

PES-1109: Basic Fitness and Weight Training - 1 hour

Participation in basic fitness and weight training activities; application and creation of introductory general and individualized physical fitness training programs. Does NOT fulfill the major requirement for Human Performance programs. Can be retaken for a maximum of two credits.

PES-1110: Neuromuscular Relaxation - 0.5 hours

The basis of the body's response to stress with emphasis on stress management and relaxation strategies. Practice in the technique of neuromuscular relaxation.

PES-1111: Yoga - 1 hour

An introduction to basic yoga principles and practice through poses (asana), breathing techniques (pranayama), meditation (dhyana) and discussion (satsang). Participants will improve physical strength, flexibility and mental focus while developing techniques for relaxation and stress reduction. May be retaken for a maximum of two credits.

PES-1112: Yoga II - 1 hour

An advancement of yoga principles and practice through poses (asana), breathing techniques (pranayama), meditation (dhyana) and discussion. Participants will improve physical strength, flexibility and mental focus while refining techniques for relaxation and stress reduction. Prerequisite: C or better in PES-1111. May be retaken for a maximum of two credits.

PES-1115: Zumba - 1 hour

This course integrates basic principles of aerobic, interval and body weight resistance training. Zumba provides an opportunity for non-dancers to participate in a group aerobic class that accommodates most fitness levels.

PES-1119: Weight Training and Cardiovascular Activities* - 2 hours

Participation in weight training and cardiovascular activities. Creation and application of general and individualized physical fitness training programs. Fulfills the major requirement for Human Performance programs.

PES-1121: First Aid Safety and Injury Prevention - 2 hours

Basic course leading to certification in standard first aid and cardiopulmonary resuscitation. Lab required. Fee required.

PES-1212: Volleyball - 1 hour

Skills, rules, strategies and participation.

PES-1213: Badminton - 1 hour

Singles and doubles skills, rules, strategy and participation.

PES-1214: Tennis - 1 hour

Singles and doubles skills, rules, strategy and participation.

PES-1225: Bowling - 1 hour

Skills, rules, strategy and participation. Fee required.

PES-1226: Golf - 1 hour

Skills, rules, strategy and participation.

PES-1334: Folk and Square Dance - 1 hour

Skills and activities in American square and international folk dance.

PES-1701: Self-Defense - 1 hour

Students will learn strategies and skills to defend themselves against a physical assault against an unarmed or armed assailant(s).

PES-2111: Anatomy and Physiology I - 4 hours

Basic structure and function of cells, tissues and organ systems of the human body. Skeletal, skeletal muscle, nervous and endocrine systems. Prerequisite: BIO-2011 with a grade of C or better. Cross-listed with BIO-2111. Fee required.

PES-3200: Principles and Perspectives of Human Performance - 3 hours

Nature and scope of physical education and sport, foundations and principles, careers and professional considerations.

PES-3210: Theories/Concepts of Health - 3 hours

An introductory course to the fields of health education and promotion. This course will examine the history, theories, philosophies, ethics and future trends related to the field of health.

PES-3250: Consumer Health - 2 hours

This course will examine consumer health issues providing an overview of concepts related to the marketing and advertising of health products and services and provide information to enable individuals to select health products and services intelligently.

PES-3400: Applied Anatomy and Physiology* - 3 hours

Structure and function of the human body with emphasis on the skeletal, muscular, endocrine, respiratory and circulatory systems. Applications made to gross motor activities.

PES-3501: Principles of Coaching/Officiating* - 3 hours

Theories and principles for coaching in a variety of settings.

PES-3510: Coaching Softball and Baseball* - 1 hour

Fundamentals, theory and strategy.

PES-3520: Coaching Soccer* - 1 hour

Fundamentals, theory and strategy.

PES-3530: Coaching Volleyball* - 1 hour

Fundamentals, theory and strategy.

PES-3540: Coaching Basketball* - 1 hour

Fundamentals, theory and strategy.

PES-3550: Coaching Track and Field* - 1 hour

Fundamentals, theory and strategy.

PES-3560: Coaching Football* - 1 hour

Fundamentals, theory and strategy.

PES-3611: Teaching School Health - 2 hours

Course will acquaint students with health teaching methods and strategies, school health programs, school health services and healthy school environments. Emphasis on teaching strategies, lesson planning and materials that align with state and national health standards, which can be used for effective health teaching. Prerequisite: PES-3210.

PES-3660: Kinesiology - 3 hours

Study of musculoskeletal anatomy and how it relates to movement. Prerequisite: BIO-2111, PES-2111 or PES-3400 with a C or better.

PES-3705: Prevention and Care of Athletic Injuries* - 3 hours

Acquaints students with the field of athletic training, overview of sports medicine, general terminology, basic assessment skills, injury prevention through screening and conditioning programs, taping/wrapping skills. Fee required. Prerequisite: BIO-2111, PES-2111 or PES-3400 with a C- or better.

PES-3810: Physical Activity for the Young Child - 2 hours

Developmentally appropriate movement activities for young children that promote movement, motor skill development and fitness.

PES-3820: Group Fitness Theories and Methods - 2 hours

Principles for developing and instructing effective and safe group fitness classes. Prerequisites: PES-2111/BIO-2111 or PES-3400.

PES-3830 Senior Fitness Theories and Methods - 2 hours

Principles for developing and instructing effective and safe fitness classes for the aging body with understanding of implications of health-related diseases. Prerequisites: PES-2111/BIO 2111 or PES-3400.

PES-3990: Palpation Anatomy - 3 hours

Exploration of medical terminology and gross anatomy through palpation of the human body. The musculoskeletal system will be reinforced through palpation as well as the basic concepts of muscle origins, insertions, innervations and actions. Prerequisites: PES-2111, BIO-2111 with a C or better.

PES-4101: General Nutrition - 3 hours

The science of nourishing the body by providing the proper nutrients for maintenance of health. Study of dietary nutrients and toxicants and the role of nutrition in optimal health to provide sound, scientific knowledge on which to base wise nutritional choices. Prerequisite: Completion of BIO-2111, PES-2111, PES-3400 or CHE-2300 with a C or better.

PES-4110: Fitness Activities and Technology - 2 hours

Analysis and laboratory experiences in the development of fitness activities for grades K-12 incorporating relevant technology for the physical education teacher.

PES-4123: Nutrition for Human Performance - 3 hours

Presentation and application of appropriate foundational nutrition relative to exercise, the reduction of disease, body composition and weight management. Prerequisite: completion of BIO-2111 or PES-2111 or PES-3400, and PES-4101/BIO-4100 or equivalent with a grade of C- or better.

PES-4200: Fitness Testing and Exercise Prescription - 3 hours

Techniques for conducting fitness assessments and developing exercise prescriptions. Prepares the practitioner to develop personal fitness programs based on the results of fitness assessments and other relevant information. Computer applications. Prerequisite: BIO-2111, PES-2111 or PES-3400 with a C- or better.

PES-4300: Community Health - 2 hours

Examination of health and healthful living as it applies to the community, including economic, environmental and sociocultural issues. Programs for preventing and controlling health problems and the various community organizations that deal with these problems will also be investigated.

PES-4310: Drug Education - 3 hours

Provides basic knowledge of the physiological, psychological and sociological effects of drug use and abuse. Topics covered include drug use in society, how drugs work, prevention and treatment, and drug education curriculum issues.

PES-4410: Biomechanics* - 3 hours

Function of articular, neuromuscular and skeletal systems in producing efficient movement. Application of mechanical principles in performing sport skills, dance and adaptive activities. Prerequisite: BIO-2111, PES-2111 or PES-3400 with a grade of C- or better.

PES-4420: Physiology of Exercise* - 3 hours

Scientific basis for the development of physical fitness and conditioning programs. Bioenergetics of human movement; physiological adjustment during and following exercise. Prerequisite: BIO-2111, PES-2111 or PES-3400 with a C or better.

PES-4431: Physical Growth/Motor Development - 3 hours

Physical growth, motor skill acquisition and learning, and motor performance primarily from infancy through adolescence.

PES-4625: Teaching Individual and Dual Sports Activities* - 3 hours

Analysis of skill and laboratory experience in the development of individual and dual sport activities. Rules and officiating techniques relevant to the sports included. Fee required. Prerequisite: PES-3200.

PES-4635: Teaching Team Sport Activities* - 3 hours

Analysis of skill and laboratory experience in the development of team sport activities. Rules and officiating techniques relevant to the sports included. Prerequisite: PES-3200.

PES-4640: Teaching Dance Activities* - 2 hours

This course is an introduction to folk, square and social dance designed for students training to be physical educators with emphasis placed on skill adaptation, techniques as well as methodology in teaching rhythm activities for grades K-12. The course also meets the needs of students with an interest in dance and expressive movement.

PES-4645: Adventure Education - 3 hours

A teaching methods course designed to introduce the concepts of adventure education including lesson planning and facilitation, team building, communication and problem solving skills. Fee required.

PES-4650: Physical Activities for the Exceptional Child - 3 hours

Nature, characteristics, needs of and activities for the exceptional child. Methods and materials for the development of physical education and other activity programs.

PES-4660: Curriculum Design - 2 hours

Theories and processes of curriculum development, implementation and assessment for the middle and secondary schools.

PES-4661: Health Curriculum Evaluation & Design - 3 hours

Theories and processes of curriculum development, implementation and assessment for the elementary, middle and secondary school setting.

PES-4730: Management of Physical Activity Programs* - 2 hours

Organization and administration of activity programs including physical education, health and wellness, and athletics.

PES-4740: Measurement and Evaluation of Human Performance - 3 hours

Theory, practice and analysis of tests and evaluation procedures related to human performance. Prerequisite: Junior or senior standing.

PES-4910: Special Topics in Human Performance

Selected current topics in human performance as they relate to various settings. May be repeated once for a maximum of six (6) hours of credit. Topics vary each time the course is taught.

PES-4950: Independent Study in Physical Education - 1-6 hours

PES-4970: Sport and Fitness Practicum 1-6 hours

A supervised field experience. Application of assessment tools and development of programs in clinical settings. Prerequisite: Minimum of 24 hours completed in the major with no grades lower than C- and instructor permission.

PES-4980: Exercise Science Practicum - 1-6 hours

Supervised field experience. Application of assessment tools and development of programs in clinical settings. Prerequisites: BIO-2111, PES-2111 or PES-3400 and instructor permission.

PES-4981: Coaching Practicum - 3 hours

Fundamentals, theory and strategy of a selected sport. Field experience required. Prerequisites: BIO-2111, PES-2111, or PES 3400 and PES-3501, PES-3705, and any one of the Coaching Sport courses (PES-3510, PES-3520, PES-3530, PES-3540, PES-3550, PES-3560) with a C- or better.

PES-4990: Applied Research in Exercise in Science - 3 hours

A research methods course designed to apply the psychomotor and statistical measurement and evaluation techniques used throughout the student's prerequisite coursework through the completion of an applied research project in Exercise Science. Prerequisite: PES-4740 with a C- or better and instructor permission.

Philosophy Courses

PHI-2010: Primer in Philosophy - 3 hours

An introduction to the central areas of philosophy including metaphysics, epistemology, ethics, logic, philosophy of religion and political philosophy. IAI: H4 900.

Cross-listed with POS-4220.

PHI-4900: Senior Seminar in Philosophy - 4 hours

Substantial research on a topic of the student's choice, culminating in the preparation and presentation of a research paper. Prerequisite: permission of the instructor.

PHI-4910: Topics in Contemporary Philosophy - 1-4 hours

Advanced seminar on topics of current interest in philosophy. Prerequisite: 6 hours in philosophy.

PHI-4950: Independent Study in Philosophy - 1-6 hours

Physics Courses

***Laboratory Required**

NOTE: All entering students who need to take a mathematics course to graduate are required to take the Mathematics and Computer Science Department's placement exam before they will be permitted to enroll in a mathematics or physics course. This typically will be incoming freshmen without AP credit and transfer students who have not yet completed the mathematics requirements for their program. The exam is offered during Jump Start and Orientation Week.

PHY-1110: Physics of Things We Use* - 4 hours

A broad qualitative study of basic physics: mechanics, properties of matter, heat, waves and sound, electricity and magnetism, light, modern physics. Designed for liberal arts and biology, earth sciences, and chemistry secondary education majors. Prerequisite: MAT-1000. Fee required.

PHY-2121: Elementary Physics I* - 4 hours

A quantitative study of mechanics, thermodynamics and vibrations and waves. Prerequisite: High school algebra, trigonometry and physics and MAT-1000. Fee required.

PHY-2122: Elementary Physics II* - 4 hours

A quantitative study of electricity and magnetism, light and optics, and modern physics. Prerequisite: Completion of PHY-2121 with a C- or better. Fee required.

PHY-3210: Astronomy* - 4 hours

Study of astronomy including properties of the solar system, stars and galaxies, and theories of stellar and galactic evolution. Field trips. Prerequisite: Completion of PHY-1110 or NSCI-1120 or one year of high school physics with a C- or better. Fee required. Cross-listed with EAS-3210.

Political Science Courses

POS-1100: American Government and Politics - 3 hours

Various components of American constitutional government and political life: its origins, the institutions of the Congress, the executive-presidential branch and the courts, with an emphasis placed on America's Constitutional Christian tradition. The Illinois Constitution. IAI: S5 900.

POS-2110: State and Local Government - 3 hours

WGS-4200: Girls' Leadership Studies - 3 hours

Exploration of girls' psychological development, socialization, identity formation, activism and contemporary popular culture within the emerging field of girls' studies. The course includes specialized hands-on training in girls' leadership curriculum and activities.

WGS-4325 Masculinities - 3 hours

An introduction to the field of masculinities. This course sociologically examines the construction and impact of masculinities within our society. Providing a critical framework for exploring the cultural and individual ways we understand what it means to be a "man" or "masculine," the course will focus on the pluralization of masculinities and how it intersects with race, sexuality, class and sex. Cross-listed with CRJ-4325 and SOC-4325.

WGS-4400: Intersections of Gender, Race and Ethnicity - 3 hours

Comparative study of formation and transformation of gender, race and ethnic categories and ways in which they work co-relationally to produce difference and social, economic and political inequalities. The course examines the social processes that shape construction of gendered, racial and ethnic hierarchies and relations. Class standing: Sophomore and above.

WGS-4910: Special Topics in Women's and Gender Studies - 3 hours

Examination of selected topics within WGS. Topics will vary.

Legal Notices

The material contained in this catalog is for information only and does not constitute a contract between the student and the University. The University reserves the right to revise policies, amend rules, alter regulations and change financial charges at any time in accordance with the best interest of the institution.

Annual Notice to Students

Concordia University Chicago complies with the federal Family Educational Rights and Privacy Act of 1974, as amended, and its accompanying regulations (FERPA). FERPA protects the privacy of student education records and allows for the correction of inaccurate or misleading information. Students also have the right to file a complaint with the U.S. Department of Education's Family Policy Compliance Office for noncompliance.

The University's FERPA policy is provided below and available electronically on the portal. Questions concerning the Family Educational Rights and Privacy Act may be referred to the Office of the Registrar. Date of publication: March, 1988.

Institutional Policy Re: The Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act of 1974 is a Federal law which states that:

- A written institutional policy must be established and
- A statement of adopted procedures covering the privacy rights of students be made available.

The law provides that the institution will maintain the confidentiality of student education records. Concordia University Chicago, accords all the rights under the law to students who are declared independent. No one outside the institution shall have access to nor will the institution disclose any information from student's education records without the written consent of students except to personnel within the institution, to officials of other institutions in which students seek to enroll, to persons or organizations providing students financial aid, to accrediting agencies carrying out their accreditation function, to persons in compliance with a judicial order, and to persons in an emergency in order to protect the health and safety of students or other persons. All these exceptions are permitted under the act.

Within the Concordia University Chicago community, only those members, individually or collectively, acting in the student's educational interest are allowed access to student education records. These members include personnel in the Office of the Registrar, the Office of Financial Aid, the Office of Admission, the Office of the Dean of Students and academic personnel within the limitations of their need to know.

At its discretion the institution may provide Directory Information in accordance with the provisions of the Act to include: student name, address, telephone number, major field of study, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, participation in officially recognized activities and sports, and weight and height of members of athletic teams. Students may withhold Directory Information by notifying the Registrar in writing within the first five class days of each academic year.

Request for non-disclosure will be honored by the institution for only one academic year; therefore, authorization to withhold Directory Information must be filed annually in the Office of the Registrar.

The law provides students with the right to inspect and review information contained in their education records, to challenge the contents of their education records, to have a hearing if the outcome of the challenge is unsatisfactory, and to submit explanatory statements for inclusion in their files if they feel the decisions of the hearing panels to be unacceptable. The Registrar at Concordia University Chicago has been designated by the institution to coordinate the inspection and review procedures for academic, cooperative education and placement records. Students wishing to review their education records must make written requests to the Registrar, listing the items of interest. Only records covered by the Act will be made available within 45 days of the request.

Students may have copies made of their records with certain exceptions; e.g., a copy of the academic record for which a financial hold exists, or a transcript of an original or source document which exists elsewhere. These copies would be made at the student's expense at prevailing rates. Education records do not include records of instructional, administrative and educational personnel, which are the sole possession of the maker and are not accessible or revealed to any individual except a temporary substitute, records of the law enforcement unit, student health records, employment records or alumni records. Health records, however, may be reviewed by a physician of the student's choosing.

Students may not inspect and review the following as outlined by the Act: financial information submitted by their parents; confidential letters and recommendations associated with admissions, employment or job placement, or honors to which they have waived their rights of inspection and review; or education records containing information about more than one student, in which case the institution will permit access only to that part of the record which pertains to the inquiring student. The institution is not required to permit students to inspect and review confidential letters and recommendations placed in their files prior to January 1, 1975, provided those letters were collected under established policies of confidentiality and were used only for the purpose for which they were collected.

Students who believe that their education records contain information that is inaccurate or misleading, or is otherwise in violation of their privacy or other rights may discuss their problems informally with the Registrar. If the decisions are in agreement with the student's request, the appropriate records will be amended. If not, the student will be notified within a reasonable period of time that the records will not be amended; and they will be informed by the Office of the Registrar of their rights to a formal hearing. Student requests for a formal hearing must be made in writing to the university Provost who, within a reasonable period of time after receiving such requests, will inform students of the date, place and time of the hearing. Students may present evidence relevant to the issues raised and may be assisted or represented at the hearings by one or more persons of their choice, including attorneys, at the student's expense. The hearing panels which will adjudicate such challenges will be the Provost, the Dean of Students and the Registrar.

Decisions of the hearing panels will be final, will be based solely on the evidence presented at the hearing, will consist of written statements summarizing the evidence and stating the reasons for the decisions, and will be delivered to all parties concerned. The education records will be corrected or amended in accordance with the decisions of the hearing panels, if the decisions

are in favor of the students. If the decisions are unsatisfactory to the students, the students may place with the education records statements commenting on the information in the records or statements setting forth any reasons for disagreeing with the hearing panels. The statements will be placed in the education records, maintained as part of the student's records, and released whenever the records in question are disclosed.

Students who believe that the adjudications of their challenges were unfair, or not in keeping with the provisions of the Act may request, in writing, assistance from the President of the institution. Further, students who believe that their rights have been abridged may file complaints with the Family Educational Rights and Privacy Act Office (FERPA), Department of Health, Education and Welfare, Washington D.C. 20201, concerning the alleged failures of Concordia University Chicago to comply with the Act.

Revisions and clarifications will be published as experience with the law and institutions policy warrants.

Public Notice Designating Directory Information

Concordia University Chicago hereby designates the following categories of student information as public or Directory Information. Such information may be disclosed by the institution for any purpose, at its discretion.

- **Category I:** Name, address, telephone number, email address, dates of attendance, class, and photo.
- **Category II:** Previous institution(s) attended, major field of study, awards, honors (including Deans list), degree(s) conferred (including dates).
- **Category III:** Past and present participation in officially recognized sports and activities, physical factors (height, weight of athletes), date and place of birth.

Currently enrolled students may withhold disclosure of any category of information under the Family Educational Rights and Privacy Act of 1974. To withhold disclosure, written notification must be received in the Office of the Registrar prior to the fifth class day of each academic year. Forms requesting the withholding of Directory Information are available in the Office of the Registrar.

Concordia University Chicago assumes that failure on the part of any student to specifically request the withholding of categories of Directory Information indicates individual approval for disclosure.

Notice of Non-Discrimination Policy as to Students

Concordia University Chicago, River Forest, IL, admits students of any race, color, national and ethnic origin to all the rights, privileges, programs and activities generally accorded or made available to students of the University. While it does give preference to members of the Lutheran faith, it does not discriminate on the basis of race, color, national and ethnic origin in administration of its educational policies, admissions policies and loan programs and athletic and other University-administered programs.
